QUITE A BLAZE

There was a lively blaze in the house owned by Louis Parker, Engineer for the C. P. R., yesterday morning. The fire Department was called out at 8.45 and succeeded in saving the body of the house; the roof of the house and ell was burned off and the shed totally destroyed. The chimney burned our earlier in the morning and it is thought the fire caught from that. The furniture was saved.

At a meeting of the Agricultural Society held Saturday, a committee was appointed to confer with the town council concerning the land owned by the society and likely to be required by the town for railway purposes.

A pleasant sleighing party went to Scott's camp Monday evening and were royally entertained. The guests included Miss Lane, Miss Starrett, Miss Baird, Miss McKinney, the Misses Scott, of Fredericton, Mrs. Graham, Messrs. Graham, Stevens, Young, Dr. Long, Gabel and M. L. Kennedy. Supper was served and after tripping the light fantastic until a late hour the party returned to town.

Fire was discovered about half past three Monday morning in the house on Washburn street owned by Dennis Levesque and occupied by Percy L. McIntire. An alarm was at once turned in, and the fire company responded quickly. The building was practically destroyed, as was also a large amount of furniture on which there was an insurance of \$600. There was an insurance \$1000 on the house. The stable hard by was saved, with only light damage. The Origin of the fire is unknown, as it was first discovered in a partition several feet from any stove. It is thought, perhaps, that matches might have been ignited by some mice, thus starting the fire.

A pleasing function Wednesday evening, in the town hall, was the presentation of a ring to Chief Kelly from the members of the Woodstock Minstrel Company. The presentation was made by Mr. J. F. McDougall, who said that the boys deeply appreciated the interest and hearty enthusiasm of Mr. Kelly in his efforts to make the minstrel performances a success. The chief was quite taken by surprise but feelingly thanked the boys for this kindly token of their appreciation of his feeble efforts in their behalf, he would always be glad to assist in any work that would help along a good cause.

Mrs. F. W. McLean gave a delightful children's party on Wednesday last from 4 to 6.30, for her son Ronald who was 6 years old. She was assisted by Mrs. Skillen, Mrs. Patriquen, Mrs. Newnam and Miss May Marley.

Master Ronald received a large number of beautiful presents. The dining room was decorated in pink. Victoria County News

Ice on the track was responsible for a peculiar accident on the Bangor & Aroostook Railroad at Robinson's Station, 27 miles above Houlton, at 8 o'clock Friday morning when a plough train made up of a glough, flanger, caboose and engine, left the rail at the curve in front of the station and crushed through the building which is small. No one was killed and the wreckage was cleared away by night. The wreck blocked the track and caused a delay in the arrival of the train here at 10.20 Friday forenoon as well as all other trains, the morning train from Caribou going by way of the Mapleton branch to the Ashland branch and then to the Main line. The 2.30 train in the afternoon did not arrive until after six o'clock; and even then it was not the regular, but a special taken from the Mapleton branch.

A Mother's Duty

To Her Daughter

Her Health Must Be Carefully Guarded as She Comes to Womanhood

Every mother who calls to mind her own girlhood knows how urgently her daughter is likely to need help and strength during the years between early school days and womanhood. Then it is that growing girls droop, become fragile, bloodless and nervous. Nature is calling for more nourishment than the blood can supply, and signs of distress are plainly evident in dull eyes, palid cheeks, weak and aching backs, a languid step, fits of depression, nervousness and a dislike for proper food. These signs mean anaemia—that is bloodlessness.

The watchful mother takes prompt steps to give her girl the new, rich blood her weak system is thirsting for by giving her Dr. Williams' Pink Pills, because so many thousands of feeble, anaemic, unhappy girls have been transformed into robust women through the rich, red blood these pills actually make. No other medicine has ever succeeded like them, and thousands of mothers have proved their worth. The case of Miss Marguerite Boisclair, St. Jerome, Que., proves the truth of these statements. Miss Boisclair is sixteen years of age, and says that since the age of thirteen or fourteen she had been afflicted with extreme weakness, and seemed to be going into a decline. The least effort left her weak and breathless, so that she was unable to do any household work. She had no appetite, suffered from terrible headaches, dizziness and sometimes fainting spells. She was under medical treatment, but made absolutely no improvement, in fact seemed to be steadily growing weaker. When her case seemed most hopeless a lady friend advised the use of Dr. Williams' Pink Pills. After taking a few boxes she began to gain new strength, and after the continued use of the pills for about two months she was again as well and strong as ever she had been, and has since enjoyed the best of health.

Sold by all dealers in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
