Daniel Burpee of Jacksonville sold a barrel of potatoes to Benn & Turney last week, that contained one hundred and sixty potatoes, weighed one hundred and sixty-five pounds and sold for two dollars eighty-five cents. When you can raise potatoes that average a pound each and sell at nearly three dollars a barrel, what's the need of going West?

February Rod And Gun.

"Wild Duck Conservation" by Frank Hyde, formerly Editor of Outdoor Canada, is the leading number in the February issue of Rod and Gun in Canada published by W. J. Taylor, Limited, Woodstock, Ont. No sportsman interested in the preservation of this important species of our wild fowl should fail to procure a copy of the February number and read this article from first to last. A fascinating tale is that which has been contributed by Martin Hunter the well known writer who spent forty years, from 1863 to 1903 in the service of the Hudson Bay Co. The story which is entitled "A Tragedy which Caused the Siege of Fort Ellice" deals with the rash act of an employee of the Company, by which the passions of the Indians were inflamed and the lives of all in the fort endangered, and the subsequent diplomatic handling of the red men by the Factor. Fox Farm in Prince Edward Island, A Holiday Trip in the Lilloet District, British Columbia, A Moose Hunt on the Preserve of the Shawinigan Club, Quebec and other articles serve as interesting reminders of the representative character of this Canadian sportsman's publication.

INDIANAPOLIS, Ind., Feb. 18.—Ortie E. McManigal, the confessed dynamiter, will not be arraigned here with the other defendants on March 12, but will be brought here during the trials probably in May. It is not stated when McManigal will be arraigned.

The arrest of J. W. Irwin in Chicago today, puts the government into possession of all but two of fifty-four men indicted. The defendants who have not been apprehended are John J. McGray, formerly an iron worker in Wheeling (W. Va.), and Patrick Ryan, formerly a business agent in Chicago. Irwin is named in his indictment as having been recording secretary and treasurer of a local union at Peoria (Ill.), in 1908 and 1909.

McManigal confessed he blew up several places in and near Peoria after that time. One of these was an explosion in September 1910 when six buildings were damaged and a night watchman was injured.

Free If It Fails

Your Money Back if You are not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Woodstock only at our store—The Rexall Store. E. W. Mair.

The Appearance Of Evil.

(London Telegraph.)

"Sister Henderson," said Deacon Hyers, "you should avoid even the appearance of evil."

"Why, deacon, what do you mean?" asked Sister Henderson.

"I observed that on your sideboard you have several cut glass decanter and that each of them is half-filled with what appears to be ardent spirits."

Well, now, deacon, it isn't anything of the kind. The bottles look so pretty on the sideboard that I just filled them halfway with some floor stain and furniture polish, just for appearances.

That's why I am cautioning you, sister," replied the deacon. "Feeling a trifle weak and faint, I helped myself to a dose from the big bottle in the middle."
