Bond Guarantee For N. B. Bridges

Ottawa, Ont., March 21.—The government has given notice of a resolution to provide aid for the construction of three bridges in New Brunswick for the St. John Valley Railway. The aid takes the form of a million dollar guarantee. The government will guarantee four per cent. company bonds for fifty years and pay the interest on the first fifteen years.

The bridges are to cross the St. John river, near Mistake, Kings county; near Andover, Victoria county; across the Kennebecasis, near Perry's Point, Kings county.

Duke Of Connaught Against Docking Horses' Tails

Ottawa, March 20.—"I think the docking of horses' tails is a relic of barbarism. The dealers may not agree with me, as the horses sell better when they are docked. I think it is a shame to deprive this dumb animal of the tail which God has given it."

This was the declaration of the Duke of Connaught at the annual meeting of the Ottawa Humane Society today.

His royal highness also spoke strongly against reckless driving and overloading which the humane Society is fighting in this city.

"I hope there will grow up a strong sentiment against reckless driving and overloading," he continued.

Think This Over

This Offer Should Gain the Confidence of the Most Skeptical

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, gentle, and pleasant in action, and particularly agreeable in every way. This ingredient does not cause diarrhoea, nausea, flatulence, griping, or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Woodstock only at our store. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The Rexall Store. E. W. Mair.

Don't Be Bald

Nearly Any One May Secure a Splendid Growth of Hair

We have a remedy that has aided to grow hair and prevented baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store. E. W. Mair.

Thigh Almost Severed by Rotary in Mill Accident

Dunham's Mill, Campbell Settlement, was the scene of a terrible accident last Tuesday when Ernest Ingraham received a cut about a foot long, lengthwise in his left thigh. The cut went clean to the bone and it was only by a miracle that the man escaped with his life. He was in the act of turning the big rotary saw "by the centre" when the engineer turned on the steam. Brothers declares he gave the signal as

usual but on account of the noise made by two boys who were fighting in the mill the signal was not heard by Ingraham. The saw started instantly and catching Ingraham hurled him ten or fifteen feet, clear back of the "carrage." He was stunned and for a few minutes could not speak. He was bleeding profusely when picked up and Miles Cronkhite who was with him at the saw, tore up his jacket and tied strips so tightly about the injured man's thigh that the terrible flow of blood was somewhat checked.

Dr. MacIntire was summoned and a relay of horses sent for him. Ingraham was taken to his home five miles distant.

As he was driven in the yard, the doctor, his horse covered with foam, drove in behind him. Twenty five stitches were necessary to close the wound.

The young man is now reported to be resting easily. He is the youngest son of Mr. George S. Ingraham and has many friends throughout the county.

A Good Medicine For The Spring

Do Not Use Harsh Purgatives—A Tonic is All You Need

Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which clears the skin, strengthens the appetite and makes tired, depressed men, women and children bright, active and strong. Mrs. Maude Bagg, Lemberg, Sask., says: "I can unhesitatingly recommend Dr. Williams' Pink Pills as a blood builder and tonic. I was very much run down when I began using the pills, and a few boxes fully restored my health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The democratic excise bill to virtually tax everybody's income when it is \$5,000 or more a year passed Congress on Tuesday, 250 to 40.

King Alfonso III

London, March 21.—There are disquieting reports in London in regard to the health of King Alfonso of Spain. There has been, according to these reports, a recurrence of his aural and nasal troubles, and two operations have already been performed, while a third is likely to be necessary immediately. The Bordeaux specialist who was consulted by the Spanish King, declares that this third operation is imperative. It is said that there is apprehended no danger from the operation.

TEMPERANCE VALE

The weather has taken an extreme change in temperature which although the benefits derived by farmers and lumbermen, yet we like warmer weather when spring arrives.

Many of the young people enjoyed skating on the mill pond last week.

Mr. and Mrs. B. Johnston, of Woodstock, are guests of relatives here.

Canon Smithers, of Fredericton, gave a very interesting discourse in St. Luke's Church last Sunday morning.

Miss Beryl Haines, who has been visiting relatives at Southampton, has returned home.

Prof. Russell, of Nashwaak, has recently been in the village tuning organs and pianos.

We are pleased to report that Claude McDonald is able to be about his duties again.

Mr. Ingraham received an announcement of the marriage of his brother, Washington to Miss Reade, of South Hadley, Mass., recently.

The traffic over the line of railway here has been increased owing to the amount of hay to be shipped.

Lawrence Strike Called Off

Boston, March 24.—The great Lawrence strike, which brought in its train increased wages to 275,000 textile workers in New England, was declared officially off at all the mills in Lawrence today, having accomplished its purpose in the opinion of the leaders.

Cape Cod Canal Half Completed

Boston, March 24.—If present progress continues in the construction of the Cape Cod canal, and it is half done now, the storied "Terrors of the vengeful Cape" will have nearly disappeared by the end of another winter. The engineers say that many of their hardest problems have been solved. Inhabitants who are familiar with various canal plans which date back almost to the days of the Pilgrims are becoming confident instead of skeptical.

Backers of the plan, headed by August Belmont, of New York, are sure of ultimate success and declare that under no circumstances will they desire the government to acquire the canal. It is expected that the opening of the Cape Cod canal for coastwise shipping will be practically coincident with the completion of the Panama canal.

Albert gas Fields and Cumberland's Coal

Montreal, March 23.—A great future for the gas fields of New Brunswick and the coal deposits of Cumberland county, N.S., was predicted by Ernest Litchenberg, English mining engineer, who returned from the east yesterday. He came to Canada at the invitation of Mr. Hance Logan, ex-M.P. for Cumberland, N. S. for the purpose of an extensive examination of the varied resources mineral and other, west of Cumberland, and other sections of the provinces. He declared that the coming ten years would see public notice, now so firmly riveted on the western provinces, transferred to the eastern part of the Dominion. His estimate of the coal deposits of Cumberland was very favorable and he will report accordingly on the other side of the Atlantic.
