The Big Game Record

The reports of the four chief game wardens appointed by the government show that many big game animals were killed in the province last year. In the counties of Restigouche, Gloucester and Northumberland 687 moose, 240 caribou and 743 deer fell before the hunters' rifles. In the Counties of Albert, King's, Kent and Westmorland the number was 516 moose and 608 deer. In Carleton, Victoria, Charlotte and Madawaska the totals were 289 moose,

8 caribou and 240 deer, while in York, Sunbury, Queens and St. John, 240 moose, 18 caribou and 619 deer bit the dust. The totals are 2,132 moose, 266 caribou and 2,210 deer. These returns will no doubt astonish sportsmen.

The Meductic Board of Trade at a recent meeting took on the question of the brown tail moth, which it is feared has been located in the vicinity. It was decided to interest the school children in the extermination of the pest, by offer of ten cents for every nest found and delivered to the board of trade secretary before March 16th.

INFORMATION RE THE VALLEY RAILWAY

Presented to the Provincial Legislature

Many questions asked regarding the Valley Railway were answered in the legislature on Wednesday.

The wages paid surveying parties were as follows:

Party No. 1.	Per month.
1. J. Brown Maxwell, engineer in charge	\$150
2. A. A. Colter, transitman	100
3. R. R. Stevenson, leveller	75
4. Walter Willis, draughtsman	60
5. Fred Vanwart, topographer	60
6. James Sproul, assistant topographer	40
7. Fred Wilson, (Ler.) rodman	40
8. Harry Dykeman, (Topyg.) rod	40
9. Frank Dixon, chainman	40
10. Wm. Armstrong, chainman	40
11. Albert Belding, tapeman	35
12. John Barton, picket	35
13. Moses Crass, axeman	40
14. Allen Ball, axeman	40
15. George Lucas, cook	50
16. Murray Patterson, and team, teamster	80

Party No. 3, (B).	Per month.
1. E. A. Stone, engineer in charge	\$150
2. J. W. Wilson, transitman	100
3. Lee McInerney, leveller	75
4. W. H. Hoyt, draughtsman	50
5. P. Hartley, topographer	50
6. K. Vavasoor, leveller rodman	40
7. E. Lechary, topy. rodman	40
8. N. J. Foster, chainman	40
9. B. Pugh, chainman	40
10. J. Inches, tapeman	35
11. H. McKinney, picketman	35
12. R. Jones, axeman	40
13. H. McDonald, axeman	40
14. A. Howe, axeman	40
15. F. Colston, cook	50
16. A. Hamilton and team, teamster	80

Other expenses were cost of food, stationery, etc., which ran about \$300 per month to each party.

The general location has been decided upon, namely, that of crossing the St. John River and approaching Courtenay Bay or making the connection with the I. C. R. at or near Rothesay or between Rothesay and St. John. The Kennebecasis will be bridged at or near Perry's Point. Soundings costing \$900 were also made by Mr. J. S. Armstrong, C. E., at Gondola Point, Murphy's. The increase mileage by building at Perry's Point which will be three miles compared with a bridge at Gondola Point. Here are some of the other questions and answers:

Has there been any estimate as to the saving, if any, of constructing the road from Kingston Village and bridging the Kennebecasis via Perry's Point and crossing Meenan and Saunder's Coves to Gondola Point, compared with shorter route and bridge at Gondola Point?

A. Yes. If any saving, how much and where is it made?

A. From Evandale via Gondola Point to St. John, 23 miles (Standard grades), including all bridges, the sum of \$2,830,129—\$123,000 per mile. From Evandale via Perry Point to St. John (alternative line), 26 miles (Standard grades), including all bridges, the sum of \$1,959,893—\$75,340 per mile.

Has the government considered the petition of the residents of Greenwich parish to change the location of the bridge across the St. John River at Mistake to a point lower down stream, and what was the reply?

A. The government have received a petition from the residents of Greenwich parish representing that the bridge across the river should be at Oak Point instead of The Mistake. Investigation is being made as to cost, etc., at both sites. It has been represented to the government that a bridge at Oak Point would permit the passing of lumber under much more favorable circumstances than at the Mistake; that a saving would be effected in distance and that a considerable section of Queens county upon the western side of the river would reach the railway much more conveniently if it was carried down to Oak Point and across the river in that place.

Has the government agreed with the Valley Railway contractors when con-

struction shall begin between St. John and Gagetown?

A. The government has the assurance of the St. John and Quebec Railway Company that construction will begin between Gagetown and St. John as soon as necessary location surveys are made and determined.

Has the government arranged with the company when construction shall begin upon the bridges across the St. John and Kennebecasis?

A. It is agreed that legislation will be sought during the present session of the legislature for a company to construct the bridges across the St. John and Kennebecasis rivers, and that the bridges shall be completed and ready for traffic as soon as the railway is ready for operation.

Leo Baily Scholey

One of the saddest events of the season occurred at the home of Mr. and Mrs. Henry T. Scholey, Centreville, on the morning of March 1st., when the death of their son, Leo Bailey, took place. He contracted a heavy cold over two years ago, and after a hard fight to throw it off he had to succumb. Mr. Scholey is well known in different parts of Canada, as he was with the Bank of Nova Scotia for five years. When he was forced to leave the Bank, on account of failing health, they considered they had lost one of their ablest young men. He leaves both his parents, five sisters and four brothers. Helen May, Dorothy Jane at home, Mrs. Jack C. Juthe of Boston, Mrs. Barter of Vancouver, Mrs. Austin Adams of Centreville, Chas. H. T. Scholey of Kent, Washington, J. Herrick B., of Dawson, Foster B., of Calgary and John Fryer at home. The funeral was held at the old home by Mr. Travers, curate of St. James Church.

The deceased was esteemed for his quiet gentlemanly manner. Always charitable in his thoughts and deeds toward his fellow companions. His young friends paid their last tribute to his sterling qualities, in the way of a wreath, too beautiful to describe. His manly fortitude staid with him to the end.

SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills actually make new blood which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by the Dr. Williams' Medicine Co., Brockville, Ont.

NEW SUITS.

It will pay you to call and see the New Suits shown by Mrs. F. L. Mooers.

Death Of Mrs. Jenner

Mrs. Caroline Jenner, mother of Mr. C. S. Jenner, auditor of the Porto Rico Railway Light & Power Company, died at the residence of her son, Miramar, at 11 o'clock Thursday night Feb. 29th., The cause of death was dropsy.

Mrs. Jenner had been in very poor health ever since her return from a trip to the north last December, and all that medical skill and science could do was done for the invalid, but without avail.

When she died her son and daughter were at the bed side. Her family home was at Woodstock New Brunswick. The body will be taken for final interment to Calais Me. Funeral services will be held at the Miramar residence at 4 o'clock this afternoon.

The many friends of Mr. Jenner and his sister join THE TIMES in extending condolences in their sad bereavement.

San Juan Times

Mr. Wm. Milne Donald

Mr. William Milne Donald, formerly one of the governors of the New York Stock Exchange, and for thirty-five years a member of the Exchange, died on Friday March 8th., at his home in New Brighton, Staten Island. He was born in Scotland 71 years ago, and was a member of the firm of Donald, Gordon & Company, brokers, William street. Mr Donald was at one time prominent as an athlete, excelling in tennis, rowing and cricket. He was the first to win championship honors in tennis tournaments in this country. Mr. Donald, before coming to New York, was connected with the Bank of Montreal. His father was at one time rector of St. Andrew's Church, St. John, N. B. He was assistant treasurer of the New York Stock Exchange Building Committee, and formerly president of the Staten Island Cricket Club. He is survived by two sons and two daughters one sister, Mrs. Robert Thomson, of St. John; two half sisters, Mrs. James Moorman, of Toronto, Ont; and Miss Donald, of Staten Island; and three half brothers; Mr. John Donald on the Pacific coast, and Messrs. Henry and Louis in the Southern States, and Frank in Brentwood, Cal.—New York Herald.

Mr. Donald was an uncle of Dr. W. D. Rankin and the Misses Rankin of Woodstock being a brother of the late Mrs. Francis Rankin.

Golf Club

The annual meeting of the Golf Club was held in the office of A. D. Holyoke, Wednesday evening last. There was a good attendance. The prospects for the game this year seem brighter than ever. Very little work will have to be done on the course outside of keeping the greens in order. The tennis courts in connection with the club will be put in good condition early in the season, so that an interest in this game will be looked for.

The following officers were elected for the ensuing year:—

A. B. Connell, president.
Rev. Frank Baird, vice-president.
J. S. Creighton, sec-treas.
General Club Committee—A. F. Garden, Mrs. A. B. Connell, Dr. T. F. Sprague, Mrs. A. D. Holyoke, Hon. W. P. Jones, Miss Mary D. Clarke, Geo. Mitchell.
Greens Committee—H. V. Dalling, Wm. M. McCunn, Rev. Frank Baird.
House Committee—A. E. Jones, A. D. Holyoke, Mrs. W. B. Belyea.
Tennis Committee—Miss Lamb.

Mr. Woods Boosts New Brunswick

Montreal, March 15.—Mr. H. W. Woods, M. P. P., of New Brunswick, speaks with enthusiasm in expressing the belief that his province is about entering upon its long postponed era of prosperity. In addition to the St. John real estate boom, caused by the awarding of the Courtenay Bay contract there is a rise in prices along the St. John Valley. The Valley Railway bill has been introduced in the legislature by Premier Fleming. The provincial boards of trade have just embarked upon a big immigration campaign and fruit lands are being advertised.

Lotrip Sewell, of Newburgh Junction, was in town on Thursday on business. He was a caller at THE DISPATCH office.

The Supply of York and Kent Timothy Seed, and 111 Long Late Clover, is less than half of last year's supply. If you wish to get good Seed buy these brands early before supplies are exhausted.
