

Gains More \$\$ For You Because Skims Closer

The difference in using a separator that skims to .01 per cent. and the

Standard

cream separator which skims to .01 per cent. amounts to \$27 in one year with a herd of 20 cows. In other words the Standard cream separator gains 27 more dollars for you than the other machine, because the Standard skims that much closer. The amount of this gain is not guessed at by us. We have the figures to show you, the correctness of which are certified by one of Canada's leading dairy experts. The difference between .10 per cent. and .01 per cent. is small on paper but it amounts to a big fistful of dollars at the end of a year. Very few makes of separators skim to .01 per cent. even under the most favorable conditions, whereas the Standard Cream Separator has averaged .01 per cent. tested under various conditions. In fact, adverse conditions have been found to affect the Standard very little. Its records at dairy schools and agricultural colleges show that it is indeed a remarkable separator. You may have to pay a little more for the Standard than for other machines but the Standard soon makes up the difference by the extra dollars it gains for you by its closer skimming.

Free Booklet

Write for it. It shows tests of the Standard under various conditions and gives the figures referred to above proving the Standard's gain over others to be \$27.00 per year. Also get catalog explaining construction of the Standard in detail.

Strike Still Delays Olympic

Southampton, April 25—The White Star steamship Olympic, the firemen of which went on strike yesterday, has been obliged to spend another day and night off Ryde, Isle of Wight, the passengers aboard amusing themselves with kite flying and other pastimes.

The strikers were satisfied today of the seaworthiness of the life boats by a practical demonstration, but they demanded that the company should dismiss the firemen who had remained aboard when the strikers quit the ship.

This the company refused to do and the strikers will meet tomorrow morning to decide whether they will rejoin the Olympic. Meanwhile the company has secured 250 firemen from Sheffield and from Liverpool and Portsmouth, and there is expectation that the steamer will sail at 8 o'clock this morning.

To Rebuild Bridge

The Department of Public Works is calling for tenders for the rebuilding of Lane's Creek arch bridge culvert at Upper Woodstock, Carleton County. Tenders will be received up till May 20th.

Miss Gay Kimball who spent the winter in California and Western cities returned home on Friday.

No Cause To Doubt

A Statement of Facts Backed by a Strong Guarantee

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Rexall Remedies in Woodstock only at our store,—The Rexall Store, E. W. Mair.

DOWVILLE

W. B. Cronkite is rafting his logs on Ingraham's property in Temple.

The Farmers have commenced preparing the soil for their crops.

Mrs. John M. Macdonald of Omaha, Nebraska, is spending a month with her mother Mrs. A. G. Moir and her brother Geo. A. Moir both of Temple and sister Mrs. Jno. A. Patterson of this place.

C. B. Green has been visiting his uncle P. M. Moir, of Queensbury.

Miss Ella M. Patterson has been visiting her sister Mrs. P. Shaw, of Temple.

The roads are quite dry owing to the frost nearly out of the ground.

W. H. Patterson Jr. is recovering from his illness.

H. Smith has commenced rafting in the Slaney Eddy.

Banish Pimples And Eruptions

In The Spring Most People Need A Tonic Medicine

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago the sharp stabbing pains of sciatica and neuralgia; poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

KIRKLAND

We are having very pleasant weather at present the roads are in a very muddy condition almost impassable.

Vietta, the little daughter of Mr. and Mrs. Samuel Nicholson, is very ill with pneumonia.

Mrs. Charles Carter has been confined to her house with a cold and complication of other diseases.

Mrs. Elizabeth Graham, of Maxwell, is very poorly with her head. She is not very well at all and may have to be operated on.

Miss Ruby McNerlin is in Houlton for a few weeks.

Mrs. John Kennedy, of Maxwell, is visiting friends in Woodstock.

Several persons have lost horses this winter and some have lost cows.

There is some talk of having the rural mail delivery in Monument Settlement this summer.

Messrs Howard Kennedy and crew are working in the saw mill doing good work.

Mr. and Mrs. D. Dykeman purpose making a business trip to Woodstock as soon as the roads are in a fit condition.

Mr. and Mrs. Watt Taylor are living on the farm owned by Mrs. Annie Blue.

A young daughter arrived at the home of Mr. and Mrs. Charles Maguire a few weeks since.

Mrs. Annie Wisely has been home but has gone away again to follow her profession as District nurse.

D. Dykeman is agent for the International Harvester Co. of America, also is ready to do any horse shoeing or repairs in the line of Blacksmithing.

TEMPERANCE VALE

A number of the men of the place are driving the lumber cut by George Pinder last winter, to his mill.

La grippe and other troubles seem to afflict some of the people here but we trust that the bright warm days may prove invigorating to those who have been ill.

Mrs. Allen Corey is much improved in health.

G. A. Grant, of Middle Southampton, passed through here 25th inst en route to Millville.

Miss Bessie Chapman, teacher at Southampton, spent Saturday and Sunday with her parents here.

Ernest MacDonald, left Tuesday to enter Business College at Fredericton for a commercial course. He was accompanied by his mother Mrs. Claude MacDonald, who spent a short time in the city.

Rev. A. A. Rutledge, returned home Friday evening after spending the week subsequent to Sunday in evangelistic work at Grand View. He was accompanied by Rev. C. P. Wilson, of Wolfville, rather than Acadia as stated last week.

Miss Hallie, McElwain, is visiting relatives at Granite Hill.

Perley Fox, is building a new house below the Episcopal church. Allen L. Fox, is his carpenter.

Medley McElwain, also intends making extensive repairs on his home. Mr. Graham, of Springfield, N. B. will do the work.

W. R. Fawcett, is busily at work in preparation for bridge-building. It is understood that he has three bridges contracted for.

The roads are drying fast now and if the weather continues as it has been during the time of writing seed-time will be rushed on us.

G. A. Bartlett, is expecting his automobile at any time now.

Many Syring birds have been seen, it is reported that swallows have arrived. Anyhow we recognize the "frog's orchestra."

Oyster Supper

A very pleasant gathering took place on Monday evening, April 22, when the young Men's Bible Class of the United Baptist Church entertained their Gentlemen friends to an oyster supper in the vestry. Sixty were present. After the luncheon, short speeches were delivered by the teacher, Rev. A. C. Berrie, Hon. Pres. H. E. Burt, Supt. F. L. Atherton, Pres. R. B. Hagerman, Vice-President G. L. Hagerman, J. C. Stevens and E. A. Woodman. The remainder of the evening was spent with song and music.

A cordial invitation to join the class at 12.15 p. m. is extended to all young men of the town not otherwise engaged.

Water in River at Headwaters Begins to Fall.

April 29—Reports received from up river points show that the water at the headwaters of the river is falling and there is little ice running. This fall in the water is hardly what the stream operators looked for but it is not likely to hold up any of the logs.

Logs are today beginning to run at the head of the river, and these include a great many of last year's logs which were held up.

Mr. Jabez Hodgson left the city this morning with a crew of twenty men for the Tobique River where they will stream drive for Donald Fraser.

Mr. James Scott, of this city, is rafting at Springhill, and expects to handle about six million feet. Of this amount one and a half millions will be rafted for Harry P. Baird of this city, and two million for Mr. Cronkite.

Report received over the Western Union wires from up river points this morning are as follows:

Edmundston—Fine and cool. Water has fallen much since Saturday. A few logs are running and little ice in the river.

St. L onard's—Fine and warm. Water in river is seventeen feet four inches over the low water line.

Grand Falls—Water in river is about at standstill. Fine weather.

Aroostook—Water in river rising. Fine and cool. A few logs and ice running.

Woodstock—River raised about seven inches since yesterday. Quite a few logs running today.

The river at this point has been rising steadily since Saturday having risen considerably.—Gleaner.

Peace Meeting Notice

Mr. D. E. Jackson will deliver a lecture on the Peace Movement in the United Baptist Church on Wednesday evening at eight o'clock. In order that their people may attend this meeting the ministers of the Methodist, Presbyterian, and of the two Baptist churches, have decided to cancel their respective prayer meetings. The subject is of great importance. The lecturer has made a deep study of the question. All are invited. A silver collection will be taken to defray expenses and to further the interests of the work.

Marcus Kinney

Marcus Kinney, a well known citizen, died on Saturday afternoon after a long illness from kidney trouble, aged 61 years. The funeral was held at 2.30 Monday afternoon and interment in the Catholic cemetery. He is survived by the widow, and two children by his first wife, Ernest and Viola Kinney.

George Winter

George Winter, deputy sheriff of the county of York, well known in this town, dropped dead at his residence in the county jail shortly after 3 o'clock Sunday afternoon. It had been known that he suffered from heart trouble, but death came most unexpectedly. He was 37 years of age and is survived by his wife and two children.

Selenite Bottle Breaking.

The method of breaking small bottles or vessels at the place wanted with a kerosene-soaked string is well known, but this method does not work so well with the larger vessels. Following is a method given by a writer, by which any sized glass vessels can be broken—as, for example, a glass tub to be made out of a carboy. Fill the vessel with cold water up to the place at which it is to be broken. Pour enough boiling oil over the water to make a good coat on the surface, and before the oil has time to cool dash cold water on the outside of the vessel. A clean break at the contact-point of oil and water will be the result.
