Household Hints

Carrots require three hours' boiling; parsnips, from half to three quarters of an hour; lima beans, half an hour; rice, twenty minutes.

To cut fresh white bread use a knife that has been heated, and it will cut smoothly.

Fruits or vegetables canned in tins are wholesome if ends of cans sink in. If bulged out the contents are fermented.

A small dish of fine charcoal kept in the refrigerator, and renewed every week will absorb the odors and keep everything fresh and clean.

To clean straw matting, use a cloth wet in clean salty water, washing until clean but wetting no more than necessary, then wiping dry at once. Do only a small space at one time, drying as it is washed, until the whole has been gone over.

To clean hardwood or stained floors, sweep thoroughly and dust, then rub with an absorbent flannel cloth wet with kerosene.

Dissolve five cents' worth of oxalic acid in a glass of water and scrub the hat with a nail brush, after it has been thoroughly freed from dust, then rinse in clear water and dry in the sun.

Black Chip Hats may be made to look like new by wiping with an old, soft silk handkerchief, followed by a light application of pure olive oil.

In cleaning white felt hats milliners use the soft inner part of a stale loaf of white bread. It does the work perfectly.

A LEMON HINT.

If the sugar is dissolved in a little hot water before putting in the lemonade, it will not sink, and will sweeten it more quickly.

COOKING ACID FRUITS.

Acid fruits, such as gooseberries, plums, cranberries and rhubarb, require an unlimited amount of sugar, much of which can be saved by stirring in, before sweetening, a little soda, say, one-half a tea-spoonful to a quart of fruit.

BEEF STEW.

Cut one and one-half pounds of lamb or of beef into small pieces—perhaps an inch square. Put into a pot, cover with two quarts of cold water, and bring slowly to a boil. Cook as slowly, replenishing the water with hot from the tea kettle should it boil away too much.

Falling Hair

Mrs. Jas. Harris of Wappella, Sask., says:—
"I have found Parisian Sage to be the best scalp and hair tonic and dressing, I have ever used. My hair had been coming out in combs full and was very dry and brittle and the scalp was always itching and full of dandruff. I have used two bottles of Parisian Sage and it has stopped my hair from falling, the itching and dandruff have disappeared and my hair is fine and soft and glossy. I would not be without this fine Hair Tonic for many times the price."
For women, men, or children Parisian Sage is without any doubt the finest preparation for the hair. Daintily perfumed, it is free from grease or stickiness and ought to be where every member of the family could use it daily. Large bottle 50 cents at all druggists or from the proprietors, The Giroux Mfg. Co., Fort Erie, Ont., postpaid. The girl with the Auburn hair is on every package. Sold and guaranteed by E. W. Mair.

There should be two quarts in all of meat and gravy when the meat has cooked tender. Three hours should do it. When the meat has cooked an hour and a half add two medium sized carrots, six potatoes and three onions, all peeled and sliced thin, together with three even tablespoonfuls of pearl tapioca which has been soaked for an hour in cold water then drained—and one small red pepper seeded, cut into rings, and scalded. Salt to taste. When ready to serve sprinkle shredded parsley over all.

"The yellow of the carrot and red of the pepper and the dots of green supplied by the minced parsley make an attractive dish. It is also highly nourishing.

THE ENERGY FOOD

The Vim and Vitality One Gets From Oats
There is something in oats which creates spirit and energy. No other grain can bring results like them. Everyone knows what oats do for horses. They have the same effect on man.
An extract of oats is employed as a tonic. A diet of oats multiplies one's vitality. That's why energetic men—men of vim and spirit—are said to "feel their oats."
In Quaker Oats the finest oats—Canadian grown—are subjected to 62 siftings. Just the rich, plump grains are used. There is only ten pounds of Quaker Oats in a bushel.
These grains have the maximum of richness and energy. They are also the most delicious. To eat Quaker Oats once a day for a month will show to the limit what tonic effects, what bubbling vitality one can get from oatmeal. One never knows how good oat food is, or what it can do, until he tries Quaker Oats.
