Mount Allison University.

In anticipation of the campaign in the interests of Mount Allison which takes place this month, Mr. R. A. Cassidy who is in charge of the work of organization, has visited several of the larger towns of the provinces. He has found everywhere marked enthusiasm in the movement and feels that with the able assistance already enlisted and the promises of future help which have been received there should be little difficulty in completing an organization which will guarantee the entire success of the campaign.

In each city there will be local committees, who will act in harmony with the central committee. Up to the present, those who have kindly consented to act as leaders of these local committees are:

Moncton, Clifford W. Robinson and J. A. Marvan.
Halifax, S. M. Brookfield.

Sackville, Mayor Fawcett and Frank Black.

Amherst, E. E. Hewson.
Charlottetown, Hon. Geo. E. Hughes.
St. John, W. B. Tennant, A. P. Barnhill, E. R. Machum, Howard P. Robinson.

It has been decided to conduct, not a simultaneous campaign, but a series by which the different sections of the provinces will be covered in regular order within a period of two weeks. For instance, the work will start in St. John, and at the same time attention will be given to St. Stephen, Fredericton and Sussex. Then Moncton and Amherst will come in, and thus the campaign will move east covering every portion of the provinces and coming to Sackville at the finish. In each place, the local committee will be assisted in so far as possible by the central organization and all interested will be kept informed as to how the work is progressing.

From The Mount Allison Campaign Committee.

Impure Blood

In The Spring

The Passing of Winter Leaves People Weak and Depressed.

As winter passes away it leaves many people feeling weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give.

Dr. Williams' Pink Pill for Pale People are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood. Returning strength commences with their use and the vigor and cheerfulness of good health quickly follows.

There is just one cure for lack of blood and that is more blood. Food is the material from which blood is made, but Dr. Williams' Pink Pills double the value

of the food we eat. They give strength, tone up the stomach and weak digestion clear the complexion of pimples, eruptions and boils, and drive out rheumatic poisons.

If you are pale and sallow, if you feel continually tired out, breathless after slight exertion, if you have headaches or backaches, if you are irritable and nervous, if your joints ache, if your appetite fails and food does not nourish nor sleep refresh you, Dr. Williams' Pink Pills will make you well and strong. To build up the blood is the special purpose of Dr. Williams' Pink Pills, and that is why they are the best spring medicine. If you feel the need of a tonic at this season give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, new strength and new energy. Do not let the trying weather of summer find you weak and ailing. Build yourself up now with Dr. Williams' Pink Pills, — the pills that strengthen.

Ask for Dr. Williams' Pink Pills for Pale People and do not be persuaded to

take something else. If your dealer does not keep these Pills they will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

The Gold Reserves Will be The Topic.

London, April 5.—The committee of bankers which some years ago considered the question of the country's gold reserves has been reconstituted, with a new chairman, Viscount St. Aldwyn. Other members are Sir Edward Holden, Lord Incheape, Robert Martin-Holland, and Sir Felix Schuster. The first meeting will be held in May. Nothing came of the former committee's deliberations beyond a rather more general recognition of the desirability of increasing the country's gold reserves.
