WELL SATISFIED WITH BABY'S OWN TABLETS.

Mrs. John Keony, St. N. Street, Man., says: "I have used Baby's Own Tablets and am well satisfied with them." Thousands of other mothers say the same thing simply because there is no medicine for little ones to equal the Tablets. They act as a gentle laxative, regulate the bowels and stomach, break up colic, expel worms and make teething easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

No Compromises On Tariff, Says President.

WASHINGTON, May 16.—President Wilson came out strongly Thursday as the champion of free wool and free sugar in three years as provided for in the Tariff Bill, recently passed in the House. He announced emphatically that he was not considering compromises of any sort that he stood squarely behind the measure as it passed the House, and that he regarded it as the duty of the Democratic majority in the Senate to fulfill its platform pledge by enacting the House bill into law. "I am not the kind," said the President, "that considers compromises when I once take a position. I have taken my stand with the House leaders for the present bill. Enough said. I am not looking for or accepting compromises."

First District.

At a meeting of the Executive Committee of District No. 1 of the United Baptist Churches, the following programme was drawn up for the Annual meeting being held at Tracy Mills, June 13-15.

PROGRAMME.
Friday, June 13, 7.30 p. m.
A public meeting for denominational purposes.
Saturday, June 14.
9.30 a. m. Social service conducted by Pastor F. C. Burnett.
10 a. m. Business Session.
2.30 p. m. Conference.
3.30 p. m. Business Session Resumed.
7.30 p. m. Ladies' Missionary Aid Society.
Sunday, June 15.
10 a. m. Sunday School Session.
11 a. m. Rev. J. P. Crabtree, Sermon.
12 a. m. Commission, Rev. W. J. Harlow.
2.30 p. m. Service of Song.
3 p. m. Sermon, Pastor C. S. Young.
7 p. m. Service of Song.
7.30 p. m. Sermon, Rev. W. M. Fields, C. R. Young, Clerk.

William White.

William White died at his home on Tuesday morning after a ten days' illness of paralysis aged 75 years. He is survived by his widow and three sons, Peter, of Boston, and Temple and Garnet of New York. Funeral will be held on Thursday, services being conducted in the Parish Church by the Rev. A. S. Hazel.

THE PANAMA WORK.

Panama, May 17—A resume of the work done on the Panama canal shows that there are 6,500,000 cubic yards of earth yet to be excavated in the Culebra cut. The lock gates are some than ninety per cent. completed, while the concrete work on the locks is practically finished. On April 8 the force at work on the canal, including contractors numbered 44,192 men.

Fifty-Two Horses And Fifty Pigs Burn To Death.

Brantford, Ont., May 17—The horse stables, pig stables, hay barns and implement shed of the Bow Park farm near here were destroyed by fire this morning. Fifty-two horses, fifty pigs many sheep and implements were burned. Total damage \$30,000.

The bridge at Bellville, recently damaged by the freshet, is now open for traffic.

CENTREVILLE

Rev. Mr. Harlow, of Tracy Mills' church, preached in the Centreville Baptist church last Sunday to a good congregation from the words, "It is Expedient for you that I go away."

The number of Sabbath School attendants has considerably increased. The little ones seem axious for Sunday to come in order that they may come together and the story of Joseph and his brethren seems to be one of absorbing interest even to the smallest of them.

The members of the Provincial Government for Carleton County were in the village last week together with Mr. Gould, also Engineer Taylor to look over the sites for a R. R. station for the St. John and Quebec Railway. There is some difference in opinion regarding the sites spoken of, some favoring the South and others favoring the West.

There are a number of concrete culverts of large size being put in along the Highways here and though quite expensive are much cheaper than wood considering duration and repairing.

Mrs. Wm. E. Reed, of Knoxford, whose life has been repaired of some time is now considerably improved.

Mrs. Duncan Carrier still lives but little hope is entertained for permanent improvement.

F. D. Tweedie has taken the Centreville Hotel and with his capable staff will make it pleasant for all who favor him with their patronage.

C. M. Sherwood and wife arrived home from California last Friday and every one was glad to see them and to know that they come in excellent health.

H. J. Clark is in correspondence with a King's County party relative to taking over his carriage shop and business. If the deal goes through the new party will manufacture heavy work quite extensively.

Frank Vandine arrived home from Vancouver last week and says that times are not at their best for the laborer now in B. C.

Sir Edward Carson says no Surrender

Extradite Miss Pankhurst.

London, May 17.—An enthusiastic anti-home rule demonstration was held yesterday at Belfast. Sir Edward Carson leader of the Ulster Unionists, declared that Ulster would adhere to the solemn covenant adopted last autumn. He said that since the Unionist of the province swore to oppose home rule they have never ceased preparations to carry their resolution into effect. They would exhaust every means to avoid the necessity of resorting to force, but if they were driven to a policy of resistance those who drove them would be responsible. He urged the loyalists to go and be ready. The leaders would select the most opportune methods, and if necessary they would take over themselves the entire government of Ulster.

Does Commercial Fertilizer Pay?

The primary object in the use of a commercial fertilizer is to receive a profit from the increase in the yield of crops, from the land to which it is applied. This may be derived from the immediate crop or from the larger yield of a number of crops.

Most farmers, who are using Commercial fertilizers, believe they are making a profit on them, but every farmer should take steps to determine just what the profit really is. This may be done with very little trouble, and no expense, by the use of a check plot.

Choose a portion of the field on which you mean to use commercial fertilizer will be fairly representative of the whole; mark off a plot, 1-10 acre (4rds x 4rds); 1-16 acre (2rds x 5rds); 1-20 acre (2rds x 4rds) or 1-40 acre (rds x 2rds), according to the size of your field. Treat the land and the crop on this plot just as the whole field is treated, except that you will put no commercial fertilizer on it.

When the crop is harvested it will be an easy matter to calculate just what the yield on the whole field would have been had no Commercial fertilizer been used. When this is compared with the yield on the land where commercial fertilizer was used, the difference in yield may be credited to the use of commercial fertilizer.

While we do not claim that a single check plot in a field will give accurate results for the whole field, still we believe that, if well chosen and carefully handled, such a check will serve to get a fairly accurate estimate of increased yields due to the use of commercial fertilizer.

More Cheering Is Report On Health Of Duchess Of Connaught

LONDON, May 17.—According to last night's bulletin the Duchess of Connaught continues to make satisfactory progress. She passed a good day, and maintained the improvement noted during the past few days.

Special significance also attaches to the fact that several members of the royal family including the Duke of Connaught and Princess Patricia, have attended the Covent Garden Opera House three times during the present week.

The duke, accompanied by the crown prince and princess of Sweden, Princess Christian, Princess Victoria of Schleswig-Holstein, and suite, occupied the royal box at last night's performance of the "Flying Dutchman."

The Nashwaak Drives Stranded No logs Come out.

The Edw. P. Partridge Company's entire lumber cut of between 12 and 14 million superficial feet on the Nashwaak river and its branches is hung up.

One drive after another has been stranded until this morning. E. B. Staples, the manager for the company at Marysville, said that all the drives tied up and that only heavy warm rains can bring the water up high enough to get the logs out.

The conditions for driving on the Nashwaak river have been very adverse all spring and the continued drought has made it impossible to get the lumber out. The largest portion of the lumber on the Nashwaak was to go to the company's pulp and paper mill at St. John.

The Gibson mills at Marysville, now owned by the Partridge Company are closed down and it was said today that it would be at least a month before sawing operations were commenced. Not more than

The Balkan League Is Not In Unison.

LONDON, May 17—Indications of the past few days of dissensions among the Balkan allies are now being seriously emphasized. The Balkan League, as originally organized for the sole purpose of making war upon Turkey, no longer exists. Mutual distrust is growing daily among the four nations composing it. Serbia is credited with the intention of presenting to the Sofia government a demand that the agreement entered into, before war was declared, be revised on the ground that the results of the campaign are altogether different from what they had expected. Serbia claims that she is entitled to hold all the parts of Macedonia now occupied by her, including the territory claimed by Bulgaria.

The relations between the four nations are extremely strained, but it seems that the troubles due to the military commander in the field rather than to the attitude of the cabinets. The ship of peace apparently rests almost wholly on Russia, appointed by the Balkan League's agreement as arbitrator in the event of differences between them. Bulgaria and Greece continue to be at daggers drawn. The latest report from Salonika states that great numbers of Bulgarians are advancing westward, threatening the Greeks.

Reception to Mrs. Grant

Mrs. Annie T. Grant of New Glasgow, President of the Rebekah Assembly of the Maritime Provinces, paid an official visit to the Brunswick Rebekah Lodge No. 43, on Tuesday evening, May 13th.

A large gathering of the members were present to welcome her. The degree was conferred on four candidates after which the President delivered a very interesting address telling of the progress made in Rebekah work during the past year.

She has instituted two Rebekah Lodges since last August and two more are almost ready for instituting in New Brunswick alone.

She asked the members to ever keep the principles of Rebekahism before them because if they did so it would enable them to live noble lives.

After the President's address, Miss A. S. Calder in her own inimitable style presented Miss Nellie Montgomery with a nice hand-bag and purse from the members of the Brunswick Lodge. Miss Montgomery, a valued member, is about to leave to take up her residence in Campbellton.

We also had short speeches from Mr. W. E. Belyea, Mr. H. D. Stevens, Mrs. H. V. Dalling, Mrs. Ellsworth and Mrs. T. W. Baker after which ice cream and cake was served by the young ladies of the Lodge.
