Rosy Cheeks Strong Nerves.

Should be the Birthright of Every
women and Growing Girl

Many women and growing girls who should have bright eyes, rosy cheeks, strong nerves and elastic step, and a good appetite, are seen to decline in health. Their spirits grow sluggish, the cheeks become pale, temper fitful, and the nerves over-sensitive. They may have inherited a tendency to ill-health, or they may have over-worked, over-studied or worried until the strength of the body was not equal to the demands made upon it.

To guard against a complete breakdown in health the blood must be kept pure and rich. No other medicine can do this so well as Dr. Williams' Pink

Pills, for they act both on the blood and nerves, restore the appetite and keep every organ toned up. All women cannot rest whenever they should but this strengthening medicine is within every woman's reach, and will keep them in the enjoyment of good health. And it is especially important that in every stage of woman's life the blood supply be kept pure and rich. The value of Dr. Williams' Pink Pills is well illustrated by the case of Mrs. David Chambers, Bensfort, Ont., who says: "Some years ago I suffered greatly from impoverished blood. I was very pale and thin and had no strength. I took a lot of doctor's medicine without getting any benefit, and at last decided to try Dr. Williams' Pink Pills, which I had heard highly recommended. It was not long before I began to feel better, and after taking the Pills for perhaps a couple of months my health was fully restored, and although some years have passed I have continued strong and healthy, and I think I owe it entirely to Dr. Williams' Pink Pills."

"Sometime later my daughter, then about twelve years of age, had been

working very hard at school and her health gave way. She was weak and listless and her hands and face were badly swollen and we feared dropsy was setting in. However, we started to give her Dr. Williams' Pink Pills and she was soon quite well again. I always recommend Dr. Williams' Pink Pills to any suffering as we did, knowing the benefit our family received from them."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Will Apply For Warrant For Friedmann

NEW-YORK, May 14—Dr. Maurice A. Sturm, who has announced that he the secret of the Friedmann tuberculosis remedy and will give it to the whole world, apply for the arrest of Dr. Friedmann.

He will charge Dr. Friedmann with having criminally libelled him in giving out a statement purporting to have been signed by him (Sturm) to the effect that Sturm knew nothing about the secret of the Friedmann cure.

"I am going to consult my attorney this afternoon," Dr. Sturm said, "and as soon as I have talked with him I shall go with him to apply for a warrant. Not only will this result from the statement which Dr. Friedmann gave out, and which he says I signed on April 27, but there will be a more serious charge. I mean a charge of forgery. I never signed the statement referred to."

PASSE-PARTOUT FOR MENDING.

If you tear a black dress, cut a narrow strip of black passe-partout braid, wet it and paste on the back of the rent. You will find the dress is mended invisibly. Be careful to draw the edges of the rent closely together. This is especially valuable to persons traveling, as it does not require a hot iron like the ordinary mending tissue.

THE CAMPAIGN AGAINST FLIES.

It is said that the housewife who plants her mignonette in the spring may keep her house free from flies all summer by placing the blossoms of it round the rooms. Mignonette is so abhorrent to flies that they will not stay near it.

A POULTRY HINT.

Fresh cedar perches in the hen house will keep the poultry free from lice. If perches of genuine wood cannot be obtained, paint those already used with oil of cedar, and it will be effective.
