PRESENTATION.

Forty-five friends of Miss Ida Hayden met at her home on Thursday evening and presented her with a beautiful Cluny lace luncheon set. After the presentation, cards and music were enjoyed after which supper was served.

SCOTT'S EMULSION improves the quality of breast milk—it supplies the material for bone and muscle—if scanty or thin, it makes it rich and abundant.

For bottle babies a few drops of emulsion with every feeding produces marvelous effects—makes new, firm flesh and ruddy health.

SCOTT'S EMULSION is the cream of the purest cod liver oil delicately emulsified into tiny particles resembling maternal milk and each particle is coated with glycerine—no alcohol or stimulant—a wholesome, nourishing, strength-making food.

Mothers everywhere are enthusiastic about **SCOTT'S Emulsion**. Insist on getting **SCOTT'S**. Scott & Bowne, Toronto, Ontario 12-64

The presentation was made by Mr. James A. Gibson, the Worthy Matron. Supper was served after the presentation.

Pure Blood Makes Health

Disorders of the Blood are Cured by Dr Williams Pink Pills

If people would realize the importance of keeping the blood rich and pure there would be less sickness. The blood is the medium through which the nourishment gained from the food reaches the different parts of the body. If the blood is impure the nourishment that reaches the nerves, bone and muscle is tainted with poison and disease follows. The blood is also the medium by which the body fights off disease. If the blood is thin and watery this power of resistance to disease is weakened.

Dr. Williams' Pink Pills for Pale People build up the blood. They increase the ability of the body to resist disease. They strengthen the nerves, increase the appetite and cure every disease caused by thin and impure blood, and that embraces such disease as anemia, indigestion neuralgia nerve exhaustion, rheumatism, and many others. Every claim made for this medicine is amply proved by the grateful testimony of those who have been cured. Here is one instance. Mr. Jas. Sanger, Peterboro, Ont., says: "I began to be troubled with dizzy spells. These were especially noticeable in the morning on rising and were accompanied by a feeling as if my body had taken on two or three times its weight during the night. When I went out of doors everything would suddenly seem to get topsy-turvy for a few moments, and I would apparently see specks floating in front of me, and for a while I could hardly drag myself along. This feeling at first only lasted

for a few minutes, but as time went on the duration of the spells seemed to increase. Whilst during the day I would be suddenly attacked with dizziness compelling me to hold on to something until the feeling passed. I had in the meantime been taking various blood tonics, as I was convinced my condition was due to my blood being out of order. None of these, however, seemed to have any permanent effect. For a little while I would be fairly well, but as soon as I quit using them the attacks used to come back with renewed vigor. One day I came across an advertisement of Dr. Williams' Pink Pills and decided to try them. I soon noticed a more decided improvement than I had felt before. The dizzy spells were becoming less frequent and less violent, and by the time I had taken six boxes I was well again. From former experience I had some fears that the trouble might return, but now, four months after discontinuing the use of the pills, I have had no return of the trouble. In fact I never felt better than I do now, and I think nothing can equal the Pills as a blood medicine."

The Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
