NERVOUS PEOPLE MADE CHEERFUL.

Dr. Williams' Pink Pills Rebuild Shattered Nerves

Good blood—rich, red blood—makes all the difference between health and sickness. If the blood is thin and watery the health of the whole body suffers. The sufferer becomes nervous and irritable; the stomach fails in strength and the appetite becomes poor. Food does not give the necessary nourishment and the first feeling of weakness passes as time goes on, into a general breakdown in the health. The case of Mrs. Angelique Gagnon, of St. Jerome, Que., illustrates the truth of these statements. Mrs. Gagnon says: "I am fifty years of age and up to a few months ago always enjoyed the best of health. Then I began to feel rundown and weak, without patience or ambition. My appetite grew poor, and my nerves seemed to be on edge, and the least noise or worry would make me irritable and nervous. Life became an actual burden and I could no longer look after my household duties. My doctor prescribed and ordered a change, saying I was a nervous wreck. I tried to become interested in other things but failed, and my condition was really deplorable. I continued in this condition for several months, gradually going down, and as my doctor was not helping me I was easily persuaded by a friend to try Dr. Williams' Pink Pills. After taking the Pills for a few weeks I could see an improvement, and I gladly continued using them for a couple of months, when I found my health fully restored. I am more than thankful for what Dr. Williams' Pink Pills have done for me, and I gladly recommended them to all who are weak, nervous and rundown."
By making rich, red blood Dr. Williams' Pink Pills cure such cases as Mrs. Gagnon's. In the same way they cure nervous headaches, neuralgia, indigestion, rheumatism, St. Vitus dance, and the ailments that come to growing girls and women of mature years. If you are at all unwell start to-day to cure yourself with Dr. Williams' Pink Pills, what they have done for others they will surely do for you, if given a fair trial. Sold by all druggists or by mail, post paid, at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

THERE IS A REASON WHY OUR PRICES ARE LOWEST.

We belong to a club of over 5000 of the retail Druggists of America, known as the Rexall Druggists who do their buying in combination.

The annual purchases of this club amounts to many TONS of MILLIONS of DOLLARS and it is QUANTITY that MAKES PRICE, besides we cut out the middle-man's profit.

Don't you see now why it is that you can do better with us than with the Druggist who buys alone and through a middle-man at that.

We save you money, besides enabling you to choose from splendid big lines of many kinds that often can't be found anywhere else.

Howe's Great London Show.

When one considers the traveling tented organizations of the present time and compares them to those of years ago the advancement that has been made is wonderful and of such evidence that it pales all apparent progress with other business organizations. The word "business" is used here, for there is no greater business organization in the country than these same travelling organizations. Take, for instance, the Howe Great London Show, which is to be here on THURSDAY JULY 17th.

The system that exists with this show is truly wonderful. From the time the first sheet of paper is posted announcing the coming of the show until it has packed away its tents and left for some other town there is nothing but the most perfect system and well defined method.

In the advance of this show are two advertising cars and one brigade of special workers. Two special agents, one general agent, two press agents, two 24-hour agents, two contracting agents and one checker up. The total number of advertising men, bill posters, lithographers and banner men on the cars is seventy. All of this advance is under the direct supervision of the general agent. With the show is a perfectly organized executive staff. This consists of a boss for each of the various depart-

ments, one general manager, two assistant managers, equestrian director, four bookkeepers, an auditor, treasurer, two cashiers, twelve ticket sellers, six ticket takers, an attorney, physician, adjuster detective corps, doctor and even a mail carrier. These are the people upon whom devolves the system and method. Every man is held accountable for his own department and he in turn holds those under him accountable to himself. Every man is supposed to work for the show and its patrons, and they do. Every man in a position of responsibility is experienced and well repaid for what is expected of him. No man is allowed to interfere with any department other than his own, and this is what creates the system.
