Howe's Great London Show

The Howe's Great London Show is coming here, and the date of its coming is THURSDAY, JULY 17. Too much importance can not be attached to the date this show will be here, for no one will care to miss seeing what is admitted to be the very best aggregation now before the people. With three rings, splendid menagerie and a museum full of wonders, it is not to be surprised at that it has attained the reputation of being second to none.
The show is far from being a new one as far as its title is concerned, for it has been catering successfully to the amusement loving people for the past generation and is one of the few shows that has endured and thrived with age. This may be attributed solely to the fact that it has always kept just ahead of the

times and in advance of all other similar aggregations. Merit has always been the motto of the show, and this has been sustained above all other considerations. Another factor in its success has been the treatment that at all times has been accorded its patrons. Exaggerated forms of advertising have been eliminated from its advance heralding; idle boasts are foreign to its policy, and, in fact, there is nothing in any way misleading that is tolerated by the management of this gigantic aggregation. The patrons have always been the first consideration both as to their safety and comfort and the quality of the performance given them.
The show will arrive on its own trains of double-length cars and will spread acres of canvas to care for the people who will flock to it. The main tent has a seating capacity of 10,000. All of the tents are absolutely sun and waterproof, and the system of lighting at night is the most perfect in use by any show.
THE COUNTY SHOOT.
will be held on the East Florenceville range on Tuesday and Wednesday July 15th and 16th.
