Health Awaits Good Digestion

When the Stomach is Wrong the
Whole Body Suffers-How to
Keep It Healthy.

Indigestion is one of the most distressing maladies afflicting mankind. The stomach is unable to perform the work nature calls upon it to do, and the result is extreme pain after eating, nausea, heartburn, painful fluttering of the heart, sick headache, and often a loathing for food, even though the sufferer is half starved. People with poor digestion are prone to try all sorts of experiments to aid the process of digestion, and there is only one way in which the trouble can be actually cured, and that is through the blood. That is why the tonic treatment with Dr. Williams' Pink Pills cures even the most obstinate cases of indigestion. They make the rich, red blood that strengthens the stomach and its nerves, thus enabling it to do its work. The process is simple, but the result means a good appetite, and increased health and pleasure in life. Mr. R. Lussier, of Sorel, Que., offers ample proof of this. He says: "For several years I was a sufferer from indigestion, and the torture I suffered after meals was often almost unbearable. Often I would go without a meal rather than undergo the suffering that followed. Accompanying the trouble I had headaches, dizziness, and often a feeling of nausea. All the time I was taking one medicine after another in the hope of getting relief, but without avail. Finally I read of the case of a similar sufferer cured through the use of Dr. Williams' Pink Pills and I decided to try them. I took the Pills steadily for about six weeks with result that I was fully cured, and could eat anything I cared for. I may add that I have not since had any return of the trouble."

If you are suffering from indigestion do not waste time experimenting, but begin to cure yourself to-day with Dr. Williams' Pink Pills, which go right to the root of the trouble through the blood. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Ingraham Hagerman

The residence of Mr. and Mrs. Alfred Hagerman was the scene of a very pretty wedding on the afternoon of the 4th. inst., when their daughter Amanda was united in marriage to Abijah Allen Ingraham of Southampton in the presence of about one hundred invited guests.

The ceremony was performed by Rev. Mr. Abbott, the bridal party standing under an arch of beautiful white blossoms. The bride was very charming in a handsome gown of white duchess satin with bridal veil and orange blossoms. Miss Agnes Miller attended the bride and the groom was supported by Mr. Chipman Grant. After the ceremony luncheon was served.

Mrs. Ingraham received many beautiful gifts in silver, cut glass, china, some beautiful needle work, besides several substantial checks.

STONE & WELLINGTON.
TORONTO, ONT.

About 1,500 people attended the field day at Connell Park, Tuesday, held by the base ball association. The principal interest centered in the drawing of the automobile which was held in the armory. The judges and other officials in charge were selected from the audience and were out of town men. Drawing of tickets commenced at 9 o'clock and it was 3.30 a. m., before the lucky ticket appeared, and it was held by A. D. Holyoke of this town, who is now the owner of a handsome McLaughlin-Buick touring car.

FIRST WESTERN PAPER

Made its Appearance on December 23, 1859

The Nor'-Wester, the pioneer newspaper of Red River, founded by William Buckingham and William Coldwell, made its first appearance on December 23, 1819. It consisted of four pages of five columns. The lengthy prospectus published in the first number took for its text the country watered by the Red, Assiniboine and Saskatchewan Rivers. The declared aim of the Nor'-Wester was to stimulate the industrial life of the Settlement and to assist in the work of Government organization. It is a curious commentary on the state of the country in the late 'fifties that most of the advertisements of the first number of the Nor'-Wester came from St. Paul. The paper constitutes a gold mine of information for the closing decade of the history of the Council of Assiniboia, the first local administrative body of the west. It reports the proceedings of the courts, gives agricultural and commercial intelligence, publishes the regulations of the Red River Post Office, gives in full Bishop Anderson's charge to the clergy of Rupert's Land, prints editorials on the progress of the Settlement, and protests against the Council of Assiniboia as a form of government.

MILLIONS IN FISH

Still the Industry at the Coast is Only in its Infancy

The fisheries of British Columbia are the most valuable in the Dominion. Of the \$35,000,000 worth of fish produced from all the Provinces in Canada last season, this one contributed fish to the value of \$14,000,000. Salmon, halibut and herring are the three chief varieties of fish which inhabit the waters of British Columbia, and of these salmon are the most valuable. The Fraser River, especially that section of it flowing through the lower mainland, contributes most liberally to the fisheries of the Province. The salmon pack in all parts of British Columbia last year amounted to 936,576 cases, of which the lower mainland district, including the Province's largest canneries at New Westminster, contributed 173,921 cases, or almost twenty per cent. of the entire pack. The fishing business on "the coast" is only in its infancy. The rivers of the northern part of the interior are practically unknown, so far as their fertility is concerned, and the fishermen on the coast are only beginning to realize the immense wealth which lurks in the numerous bays and inlets of the Pacific coast.

FARMS IN ENGLAND

Few of the Very Large Holdings Have Shown a Profit

Among the farms in England ranging from 2,000 to 10,000 acres less than 5 per cent. have shown an annual profit in the last ten years. One writer in The Daily Mail goes into details in regard to a Midland farm of 2,169 acres, valued at \$95,000 under the Finance Act, but which ten years ago could have been sold for three times that amount. The receipts from this farm amounted in 1912 to \$6,500, and the expenditure to \$110, plus that amount.

Owing to the general fall in the value of land the landlord has lost a large capital sum since he came into possession. It is calculated that in England the capital value of land fell by over \$500,000,000 or \$2,500,000,000 within a generation, and his due proportion of the national loss has fallen on this landlord. If put into the open market the estate would probably not fetch nearly \$100,000, but if it sold at half this price the landlord would be richer than he now is by several thousand dollars a year.

One need not go into his reasons for holding, but it is clear that at present he acts as a sort of agricultural credit bank to the estate. What ever requires capital to be done he does. When the farmers were in a bad way he reduced the rents to a minimum. In the eyes of both farmers and laborers, schoolmaster and parson, who complete the population, he is regarded as the pivot of the organization. Without his capital there would be chaos, and without his personality much less confidence, which is the moral side of credit.

WILLIAMSTOWN

ANNIVERSARY.

On Thursday evening, June 5th., many of the friends of Hon. W. P. and Mrs. Jones gathered at their residence to celebrate the 25th. anniversary of their marriage. The visitors brought with them several presents of silver, including some especially designed silver spoons. Mrs. T. F. Sprague read a poem composed for the occasion and presented to Mr. and Mrs. Jones two aligator leather cases, containing sets of silver spoons. Hon. Mr. Jones replied briefly to the warm expression of good will from the many friends of himself and wife present on this occasion. An enjoyable evening was passed by all.

BORN

BAGLEY.—On Wednesday June 11 to Mr. and Mrs. Bert Bagley twin daughters.

To Our Friends and Neighbors

You know us. You know we would not — that we could not afford to — go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made — the most pleasant to take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what Rexall Orderlies are made of and on observation of very many severe cases in which they have proven their merit.

Try them at Our Risk

If they do not abundantly prove their merit with you also — if you are not entirely satisfied with them — we will refund your money — and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work — just let their action be delayed and incomplete and the entire system and every other organ suffers. Wastes that

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at the Rexall Stores. You can buy Rexall Orderlies in this community only at our store:
