—Aroostook Times

Misses McManus and McGibbon of Woodstock were visitors in town on Friday. . . Mr. and Mrs. William Holyoke, who have been visiting in town, return to Boston, tomorrow (Friday).

Dr. W. B. Gibson will begin work in early spring on an attractive new residence. The house is to be built on the Herrin lot recently purchased by Dr. Gibson. . . The country commissioners have now under serious consideration the question as to whether Aroostook county shall aid the building of the proposed international bridge at Fort Kent, to the extent of \$10,000; the sum of \$15,000 having already been appropriated by the state and \$5,000 by the town of Fort Kent, and \$30,000 being expected to be invested by the Canadian government.

As the Van Buren bridge, costing \$80,000 has developed an immense traffic and proven a great convenience to the public, it seems to justify the commissioners in approving the Fort Kent enterprise, and it is understood they are favorably inclined towards the project.

PROFESSIONAL PHARMACY.

A professional physician writes your prescription—why not have it filled by a druggist, who is qualified to carry out, exactly, the doctor's wishes? The PROFESSIONAL side is more important than the commercial side—but many druggists overlook this fact.

We practice PROFESSIONAL PHARMACY and this fact means that when you get a prescription filled here it is carefully and properly compounded.

LET US FILL YOUR NEXT PRESCRIPTION.
