A Woman's Helplessness.

Cured Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make

Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head, another for their stomach and a third for their nerves. And yet all the while it is simply their blood that is the cause of all the trouble. Dr. Williams' Pink Pills will cure because they actually make new, rich, red blood, which reaches every organ and every nerve in the body, carrying with it a new health and new strength. Mrs. Wm. Acorn, Charlottetown, P. E. I., says: "Before I began the use of Dr. Williams' Pink Pills I was one of the most miserable women living. For more than three years I lived a life of constant dread. I was taking weak spells so that I could not be left alone. If I walked from one room to another my heart would palpitate so violently that I feared I would die. I was continually sending for the doctor, who told me I had no blood and that my nerves were shattered. Notwithstanding his treatment I did not get any better. I could not keep anything on my stomach, and the least thing would make me sick. Then my trouble was complicated with rheumatism, which became so bad that I had to be lifted like a child, and the pain was almost unbearable. I was in this deplorable condition when my husband read of Dr. Williams' Pink Pills, and got me a supply. When I had taken half a dozen boxes I felt much better, and could go about the house. I kept on taking the Pills until I had used twelve boxes, and I can truly say they made me a well woman. Indeed I do not think I would be living now but for Dr. Williams' Pink Pills. I wish I could persuade every woman who is sick to follow my example, for I have proved they will cure the most desperate cases, and I consider myself a living witness to this fact.

You can get these Pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Consultation by eminent physicians regarding the condition of the Czarévitch, heir to the throne of Russia, has resulted in the conviction that the boy cannot live many months more. He is ten years old and, according to the surgeons, is suffering from rapid tuberculosis of the bones, for which there is no cure.

Work on the New Wireless Tower

Newcastle Nov. 17.—Work on the new wireless station here is progressing rapidly and work on the main steel tower will be commenced tomorrow, the remainder of the steel work for it having arrived yesterday from England. Four of the six wooden towers are now over two hundred feet high and rapidly nearing completion, as is the power house, which is being built of concrete and steel.

Sixteen positions more than we could fill during the month of September. We have secured a good position for every graduate. We can help YOU if you will let us. Don't delay. Write and make arrangements to enter school now.

O. A. HODGINS, Prin. Houlton, Me.

MR. JOS. WHITELEY.

Expert Piano, Reed and Pipe Organ TUNER. Thirty-five Year's Experience. Orders taken at "C. R. Watson's Music Store" or "The Dispatch Office."

dollars, instead of a hundred thousand as first stated. The fire broke out in the premises of the Imperial Varnish Company and soon reached many of the adjacent stores, including that of Kelly Douglas on Cordova street, West.

While carrying a line of hose along the roof of a shed, a fireman named George Maitland, lost his balance and fell a distance of thirty feet. He was taken to the hospital. The firms affected are the Imperial Varnish Company, Kelly Douglas Limited, Hotpin Electric Heat Company, Chambers Brothers, Ontario Lantern and Lamp Company, and Munsens Limited.

SOMETHING IN HIS FAVOR

The bandit was dying. "Just credit me with one thing, boys," he said to the newspaper reporters. "I never blamed my goin' wrong on to the movin' pitchers."

The lately opened Romanoff Canal, 100 miles long and irrigating 200,000 acres, is a part of a great scheme for restoring fertility to the so-called "Hunger Steppe" of Russian Turkestan, now a desert but once very productive, and sometimes supposed to be the site of the Garden of Eden.

Strong efforts are being made by Scotland to repurchase the celebrated Glenriddel manuscripts of Robert Burns, which were sold by a commit

WOODSTOCK SCHOOL OF MUSIC

The most successful Music School in Canada

THE WOODSTOCK SCHOOL OF MUSIC was started by Mrs. Adney simply as a Name under which the scope of work of the most successful teacher of music in this Province might be extended. We shall not here refer to the course of study offered, except in a passing way, but to those more personal matters which so far out-weigh all other considerations as to make the list of truly successful schools of any kind very few in number. It is altogether a matter of the TEACHER.

The secret of Mrs. Adney's widely known success is that resolved upon having the best instruction at any cost she had the wisdom to select or the good fortune to be directed to the BEST TEACHERS IN AMERICA, and has the faculty of imparting what they taught her. William Mason was our greatest teacher of Piano and admitted as the equal of the best of Europe. He was a pupil of the immortal Liszt. Her lessons, over an extended period, were cheap at six dollars apiece. Previously, she had instruction from Gonzalo Nunez, a distinguished graduate of the Paris Conservatory, where Prof. Le Couppay was Instructor on Piano. This world's greatest music school also perpetuates the musical theories of Liszt. These ideas lead to a technique in contrast with that of the dry, mechanical German technique. We criticize German execution, not German music. The influence, however, of this nation of musicians is such that their "method" is the one nearly everywhere met with. Combining Mason's "Touch & Technique" with the thus rarely taught "Conservatoire method," it is worthy of note that Mrs. Adney's steady use of "Le Couppay" has exhausted the American edition, and a new one is being printed for her use.

In Voice, Mrs. Adney was in a sense almost equally fortunate. After some instruction from a famous (that is to say, well advertised) teacher, whose method was not as great as his celebrity, nor his charges, she took lessons under Mr. A. A. Mattou, a distinguished French singer and teacher, who with the finest credentials that France had to offer, came to New York to make his debut where German influence controlled everything from orchestra members to press critics, and it being shortly after the Franco-Prussian war his reception was so hostile that he abandoned his intended career in Grand Opera, and retired to the routine work of a teacher. Later she studied at the N. Y. Vocal Institute, under the talented Mr. Tubbs, editor of The Vocalist, and derived many ideas that have proven of great value here. So it happened that, by accident or otherwise, Mrs. Adney acquired the method in singing of the great Garcia, and the almost equally famous Shakespeare—the only true method of voice production and that which has produced the great singers of Italian and French Opera.

When deciding to carry on her well known private work in Piano, Singing, Musical Theory, etc., under the name at the head of this section, it was with the idea of extending its scope as opportunity might offer. It perhaps did not occur that Woodstock could not maintain a Victoria Conservatory of Music, which during her three years after its establishment became an institution of such recognized importance in the music world of Canada, that a special publication entitled "Musical Toronto" gave her and her work extended space. Perhaps it was because one of her pupils, solely instructed by her, went to the Toronto College of Music and in the same year took the Gold Medal in Piano. Two other pupils sisters, one fifteen and one thirteen years of age, after studying with Mrs. Adney entered one of the foremost Conservatories in Europe and began immediately to play in public recitals. The head master writing to their parents said "they have had the perfection of piano forte training and are artists already." Today her work has become so well recognized in the United States, that she has been invited to become a member of the International Musica Society, formed thirteen years ago by the very leading musical professors and patrons of the world, and only seeking membership of those identified with "advanced musical research and its results."

There is a point relating to "Diplomas," "Graduation," etc., upon which Mrs. Adney needs again to remind the public. Except for theoretical studies such as harmony, this School gives no "Diplomas," has no "Graduates." In all practical, artistic work, the only test of proficiency recognized among artists is that of the actual work itself, except for the degree of Doctor of music, for which only the masters ever qualify, and which is recognition of exceptional proficiency and musical learning. For all others the only recognized test is ability to perform, from memory, to say, two recitals, a program of pieces of certain grades of difficulty, one of ordinary music, and one from the representative works of the great Masters. The program itself is the "certificate" and no teacher of high standing ever offers anything else; and whatever institutions hold forth as an inducement the prospect of a "Diploma" for a certain length of time in study, it may be taken as certain that the actual teacher is indifferent—any person whom the institution finds it convenient from time to time to employ. Even a school or institution becomes famous only through some exceptional TEACHER in it. An artist of real distinction offers only his program: no one asks or cares WHAT school he studied at, but who was his TEACHER. The aim of this school is not to grind out graduates with diplomas: we offer the best musical instruction, in our lines, that can be obtained in the Maritime Provinces, if not in Canada, and better than will be obtained by going to any but the few greater masters in the large cities of the United States.

Thus Woodstock offers advantages for musical study that one may go to any city in Canada, or to New York or London, and perchance not get. Mrs. Adney did not in the first instance select Woodstock as furnishing the full scope for her exceptional talents as a teacher, but she has made it and the work done here by pupils who are now successful teachers in various parts of United States and Canada, a credit to Town and Province.

Harmony, History and Theory of Music taught in classes which are free to pupils of the school. Ensemble classes taught by Mrs. Adney are also free.

Prospects on application.

by Rev. J. A. C. Ranston in a sermon yesterday. He said that it was the greed of ship owners, who wished their boats to make as many trips as possible, that had resulted in so much loss of life. Had it been only vessels and cargoes that had gone down, he would have said that it served the owners right for their avarice, but the lives of hundreds of men had been sacrificed as well.

Turkeys can be Sold at 15 Cents A Pound

Boston, Nov. 17.—Turkey at fifteen cents a pound is possible if the right methods of raising are used, Dr. Chas. P. Higgins, pathologist for the Dominion of Canada, said in a lecture at the Harvard Medical School.

"The disease of blackhead has been the cause more than anything else of the scarcity of turkeys," he said. "They can be raised at a small cost and marketed profitably at 15 cents a pound. To raise turkeys successfully they should be

hatched by artificial means, and should be kept away from ordinary fowl."

Dr. Higgins discussed also the treatment of glanders in horses and tuberculosis in cattle.

A strong earthquake occurred at Messina, Sicily, about 2 o'clock Sunday, and was repeated forty minutes later.

Miss Jessie Wilson's wedding gift from Senators—a silver service—will include a tea service, coffee percolator, compot, vases, candelabra and trays, all fittingly inscribed, and will cost a little more than \$1,000.

Elizabethtown, Ind., is the town which forgot that there was to be an election this year. No candidates were put up by any party, and as a result the present officers will have to remain in office until the time for the next election.

Portugal is planning to reorganize its army and navy at a cost of \$80,000,000.
