TEA DUST, VERSUS WHOLE  
LEAVES.

Tea dust is worth first hand just about  
one-quarter of the price of whole leaf  
teas, therefore, you can easily under-  
stand why so many teas on sale are  
loaded with it to the disadvantage of  
the public. "Salada" Teas are the pick  
of the finest gardens in Ceylon, and are  
clean, rich, fullflavored, free of dust  
and delicious.

The very next time you are buying Tea  
insist on getting "Salada." You will  
not be disappointed.

children's aprons, patch work, etc.,

be gratefully received. Those can-  
vassing will wear a badge with A. M. E.  
printed on it. We hope that the  
friends will respond liberally in helping  
the little church on the hill, which is in  
the face of great difficulty is trying to  
keep the work moving on.

You Never Call  
The Doctor  
Unless You Need Him

You listen with grave attention to every word he  
says. BUT THEN—what do you do with that  
vitally important thing—the prescription he leaves?

Do you use the same care in choosing the druggist to fill it that you  
do in choosing the doctor who writes it? And shouldn't you? Doesn't  
the success of the doctor's treatment depend more than anything else  
on the exactness and care with which his prescription is filled, and the  
freshness, strength and purity of its ingredients? We also claim that  
nowhere else near here can you get your prescription filled with more  
exact skill and care—the same exact precision—as in our prescription  
department. People who have us fill their prescriptions will tell you  
that our claims are based on facts. And these facts are becoming  
more widely known daily, as is evidenced by our constantly increasing  
prescription business.
