Mrs. R. B. Johnston:

We your friends in the class desired at this time that we should in some way show you our appreciation of your services to us as a teacher.

During your period of work we could not but admire the faithfulness with which you have tried to instill the teachings of God's Holy Word as we studied each Sunday's lesson together.

Also we have found you at all times living a consistent Christian life and we believe that your influence among us has tended to lift us to a higher plain of thought and action and in every way beneficial to us individually and as a class.

Remembering all this and more, we meet here at this time to present you with this small token of our esteem and we hope you may live many years to enjoy it.
