A new Ontario law provides that no minor under 15 years of age may be admitted to any regular theatre unless accompanied by parent, legal guardian or adult member of the household. The penalty for violation of the regulation is a fine of not less than \$50 nor more than \$200.

Suffers From Painful Rheumatism.

Liniments of No Avail—Must be Cured Through The Blood.

Why are there so many failures in the treatment of rheumatism? Why are so many sufferers resigned to a life of pain, despairing of a permanent cure? Because rheumatism defies any treatment that does not build up and purify the blood. The poisons of rheumatism are in the blood and it is only through the blood that the disease can be fought successfully. Unless the blood is weak and impure rheumatism cannot get a foothold. When it does the thin and impure blood is not strong enough to overcome the poisons alone. It must be strengthened and purified. Dr. Williams' Pink Pills for Pale People are the best blood-building medicine you can take. They make new blood with every dose and promptly check further progress of the disease. They make the blood so pure and strong that not the least trace of rheumatism remains. Mr. R. J. Sinclair, Goshen, N. S., says: "About two years ago I was laid up with rheumatism. For two months I could not walk and had to stay in an invalid's chair. My feet were badly swollen and my arms seemed to be paralyzed. I had been using doctor's medicine for a long time, but it did not seem to help me, and the doctor finally told me that the only thing that would cure me would be a change of climate. At this time I decided to give Dr. Williams' Pink Pills a trial and got a supply. After I had taken them for a while I found they were helping me, and I got a further supply and they completely cured me, and I have not been sick one day since. I strongly recommend Dr. Williams' Pink Pills for this trouble."

You can get these Pills from any dealer in medicines or by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Violent Earthquake Shocks in Eastern Sicily kills many Persons.

NAPLES, May 9.—A series of violent earthquake shocks in Eastern Sicily have killed many persons and destroyed or wrecked a number of villages. The disturbances, which began last night about 10 o'clock, continued today. The volcano on Mount Aetna is becoming active and there are fears of an overwhelming eruption. Communication was interrupted by the quake and it was not until today that the full seriousness of the disaster was learned. The property damage is vast running into millions. There were three heavy shocks, followed by intermittent undulations. The greatest force was spent near the villages of Acireale, Linera and Mangano. Linera was destroyed and many persons there were caught

beneath falling debris and killed or injured.

A despatch from Messina said that 40 persons had been killed and 40 injured at Linera. Another message said that 30 had been killed and 120 injured at Acireale. At Mangano a passenger train was derailed and many persons were hurt.

Within two hours after the first shock flames gathered at the crater of Mount Aetna and the rumbling in the interior of the volcano increased. At dawn to day great clouds of black smoke could be seen rolling upward from the mountain, obscuring the sky. Many persons in hamlets upon the side of the mountain left their homes in fright. The district hit by the earthquake shocks is thickly populated.

Acireale has a population of 27,000. Catania province, in which, the main force of the tremors centred, has suffered more from earthquake than probably any other region on the globe.

The state railway of Sicily was wrecked near Acireale, part of the wreckage being hurled 700 feet into the air by the terrific force of the quake. Trains were derailed and heavy freight cars were lifted upward as though by some gigantic hand. As soon as the government learned of the extent of the disaster, special trains were rushed into the stricken district from Palermo, Syracuse and other cities, bearing physicians, medical supplies and soldiers, who will conduct the relief work.

A despatch from Catania says that the people of that city were panic stricken by the earth tremors and many of them rushed from their homes and spent the night in the fields or upon their knees in the cathedrals.

The shocks were also felt at Messina, where memories of the destruction of that city in 1908 still lingered vividly.

ACIREALE, Sicily, May 9.—At least 100 persons were killed and as many more injured as a result of the terrific earthquake which shook a score of towns and villages in this section last night.

Reports of dead and injured poured in upon the authorities here today and every effort was being made to care for refugees. The village of Bougiardo alone reports ten dead and twenty injured. Two towns with a population of 1,000 or more were completely destroyed. Hundreds of houses in other towns were wrecked.

Acireale, a seaport town, is well built on a height at the base of Mount Aetna, and every road leading to the city today was choked with sobbing, praying refugees fleeing from their homes.

Linera, with a population of 900, and Veneria, a town of 2,180, were completely destroyed. Hundreds of houses were wrecked in the villages of Zerbitis, Pennisea, Belpasso, Maria, Vergine, Mangano and Zafferinao. The entire population of hundreds of villages at the base of the volcano had deserted the town today, and fled to the open country fearing a disastrous eruption of the volcano as well as further earthquakes.

Before, every wayside shrine priests gathered today with hundreds of refugees who petitioned the intercession of the Virgin Mary in the calamity falling upon them.

Loss by Fire

Thompson Kerr, a well to do farmer of Oak Mountain, on the 3rd inst., was left homeless, by the burning of his fine house and two large barns, granary, machine shed, hog house, ten tons of hay, one hog, 2 calves, 8 sheep, 10 lambs 500 bushels of oats, seed wheat, buck wheat, 30 barrels of potatoes and machinery of all sort. The house was beautifully finished and only had six hundred dollars insurance. Mr. and Mrs. Kerr were from home. No one knows how the fire originated. When the men from Benton arrived the fire had too much start to save anything. They are very popular people and have the sympathy of all. Two cows were out and Mr. Kerr had one horse with him.

BATH

May 11th., 1914.

The river is the highest at this point than it has been for several years.

The farmers in the surrounding districts have begun sowing their grain crops, potato planting will not be begun until a little later.

Edwin R. Squires of Wicklow an old and well known and respected resident of that place was stricken with paralysis on Friday last at last accounts from his home, where he resides with his son Up-ton Squires, very little if any hopes were held out for his recovery for a number of years Mr. Squires was Parish Court Commissioner for Wicklow Parish. CENTREVILLE

A wire message last Thursday morning to David Reed of this village brought the sad and unexpected message that his brother Richard had passed away during the night before at the home of his daughter Georgia in Lynn Mass. The remains were brought to Centreville on Saturday and were buried from the residence of David on Sunday afternoon. Rev. Mr. Williams conducted services at the home the church and at the grave. The text for the sermon chosen from Hebrews 11 and 10 and 16 seemed very appropriate. Since Mr. Reed united with the Baptist church at Centreville a number of years ago his life has given the strongest evidence of his strict adherence to the tenets of his profession. He was a close student of the Bible and gained much consolation from its pages in his severe affliction for he had lost the use of his lower limbs through Rheumatism and suffered nearly five years uncomplainingly. The pall bearers were cousins of the deceased Robert R. and Wm. A. Reed Charles and Cyrus Reed.

There are deep snow drifts in many places yet but the farmers are getting busy just the same preparing for the spring operation.

House cleaning engages nearly everyone's attention at present everyone seems to be busy at something we cleaners and merchants all have something to do.

Railway men are arranging for the resumption of work on the valley Railway.

Isaac Harris has bought the farm formerly owned by Amos Hartley.

James Clark,

James Clark, one of the oldest residents of Centreville, died at the home of his son, Ludlow B. Clark, on Saturday, April 25th aged 94 years.

He is survived by his wife and one son. The funeral was held on Monday, 27th., services being conducted by the Rev. Mr. Williams. Interment was in the Centreville cemetery. The pall bearers were four nephews, H. E. Burt and H. S. Burt, of Woodstock, Wilmot Burt and George Burt, of Jacksonville.
