Gin Pills
FOR THE KIDNEYS

Bavarians and Prussians.

How much the Bavarians love the Prussians was brought home to the kaiser when, in the course of an address to naval recruits at Kiel, he urged them to fight valiantly against foes within the Fatherland as well as those outside its borders. At the conclusion of his speech he proceeded to interview some of the recruits, the first thus honored being a stolid peasant from a remote part of Bavaria. "Who are our chief foreign foes?" he was asked. "The Russians and the French, your majesty." "And who are the enemies within the empire?" proceeded Wilhelm, expecting of course, to be told that they were the Socialists. "The Prussians, your majesty." When the storm of rage with which this reply filled the emperor's bosom had subsided, he found that it had been given in perfect innocence and good faith.

W. B. HOWARD, D. P. A., C. F. A., ST. JOHN, N. B.

Appeal for Relief of Belgians.

Acting Premier Clarke's Call to the People.

Fredericton, N. B.
October 19th 1914.

To The People of New Brunswick:—

The disaster which has followed the Belgian people since the opening of the war shows no prospect of abatement, and they are in great distress.

From many parts of the Empire assistance has been freely given to meet the necessities of the situation and to mitigate the suffering which has been forced upon a nation which, desiring peace, was compelled to take up arms for the preservation of its national integrity. The contributions so far made are not sufficient to meet the pressing needs, if suffering and death are to be prevented. Under the circumstances it has been deemed proper to issue a direct appeal to you, and I am satisfied it will meet with a universal response.

It is useless for me to say that the Belgians are deserving of our hands of every assistance we can render. In defending their homes they are fighting our battle for the preservation of the liberties which we so fully enjoy. Their heroism and the sacrifices made by them in defence of their freedom and their families and for the maintenance of liberty and international good faith have challenged the admiration of the world, while the delay secured by their magnificent resistance to the German invaders has proved of invaluable service to the Empire and its allies.

Because of their heroic stand, the lands of the Belgians have been laid waste, their towns and cities have been sacked, their homes have been violated and wrecked, their industries ruined, and they have been brought face to face with starvation and complete destitution. Already in many portions of the Province the work of providing relief has been begun. It is important that it should be generally undertaken, for there are few homes within our borders which cannot contribute something in the way of food or clothing.

With the approval of the Government, I am taking the liberty to ask that committees be appointed in every city, town, municipality and parish in the Province; that these committees solicit gifts of clothing and food; that aid be given to the extent and ability of each individual; and that the contributions be neatly and securely packed and forwarded as directed in the memorandum given below,

yours sincerely,
(signed) GEORGE J. CLARKE,
Acting Premier.

MEMORANDUM.

(1) Committees should be appointed in every city, town and Municipality in the Province to collect at once all such clothing and food as are available.

(2) Free Transportation will be furnished by the Canadian Pacific and Intercolonial Railways, and instructions for shipment may be obtained from any local agent.

(3) Goods will be received and handled carefully and stored in a frost proof warehouse in St. John free of charge.

(4) The Government will provide a ship or shipping accommodation to carry the goods from St. John to a point where they can be most conveniently distributed on the other side of the Atlantic, and announcement of the date of sailing will be made at the earliest possible moment.

(5) In order to have everything systematically arranged the goods should be packed in classes approximately as in the list below, so there will be no difficulty in re-arranging and packing. Potatoes and vegetables must be packed for final shipment in barrels. If local committees are unable to undertake this, these articles should be sent to some concentration point where they can be repacked into barrels. Only full matured vegetables and keeping varieties of apples should be sent. Any produce arriving not suitable for shipment will be disposed of and the proceeds used for the benefit of the Belgian Fund.

(6) All material collected should be carefully packed and shipped, plainly addressed to 'Belgian Relief Committee', St. John, N. B.

(7) Reports should be made from time to time to the Honorable D. V. Landry Provincial Secretary Treasurer at Fredericton of the quantities of the material and supplies collected and ready for shipment, and from him any further information necessary may be obtained.

Announcement that the Kiel Canal has been closed to commercial traffic is interpreted by many to mean that Germany is preparing some surprise for the British fleet. Probably the true reason for closing the canal was the lack of trade, due to the fact that the few German ships still afloat dare not go near the great waterway.—St. John Globe.

The Terrors of Indigestion.

DISAPPEAR WHEN THE BLOOD IS MADE, RICH RED AND PURE.

The mistaken idea that laxatives or drastic purgatives provide a short cut to the cure of indigestion is largely responsible for the prevalence of dyspepsia and other stomach disorders. Indigestion calls for more than a makeshift. Your stomach needs tone it cannot absorb nourishment from the food you eat. To give new strength to your stomach so that it may perform the work of digestion without pain or distress, you must enrich the blood. This is the tonic method for strengthening weak stomachs. In cases of this kind Dr. Williams' Pink Pills for Pale People are the best medicine known. Every dose makes new rich, blood, which not only strengthens the stomach but builds up every part of the body as well. Here is an illustration of what this medicine can do:—Mrs. L. N. Brown, Dowville, N. B., says: "For three years I was a sufferer from chronic indigestion. I was hungry all the time, yet could take very little food, and what I did take was followed by great distress and nausea. My sleep at night was broken, and I often had profuse night sweats. The suffocating feeling which often followed eating would cause my heart to palpitate violently. At times my hands and face would become the color of clay and I would be completely prostrated. I was under the care of a good doctor who finally told me the trouble was incurable and that the most I could hope for was temporary relief. I was in these straits when a friend advised me to try Dr. Williams' Pink Pills. I did so and used the pills steadily for two months when I was again a well woman, and have since had no return of the trouble. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PIANO CONTEST

A BEAUTIFUL AMHERST PIANO

Please remember—this is not going to be one of those low grade Pianos which you wouldn't buy at any price (if you were well advised). It is an instrument of the highest quality that is constructed, and is costing us a great deal more than some other pianos which we could have put into this competition just as well as not. You might be surprised to know that we could put in just about two of "the other kind" for what this is costing us. We decided to do this because we are musicians ourselves and want our readers to compare for just such an instrument as we would take pride in owning and using ourselves. We think that the public which we reach will appreciate this fact. Everything else being equal, you would prefer the high grade piano wouldn't you?

You will not have to get your piano out of a catalogue, or from a high flown description, or merely from a newspaper cut, but you can see a piano of exactly the kind we are giving, at the "Dispatch Office, Woodstock. You can examine it and try it. Only this—your piano will be brand new, direct from the Amherst factory, and you will have three different styles of cases to choose from. Inside they are all alike. We want to make this competition something worth working for. Something a little bit different from what a newspaper generally offers.

The "Amherst" is comparatively a new piano, but one of the highest grade pianos made in the Dominion of Canada. The judges at the Toronto Exposition awarded it the best. That is speaking pretty well of a piano made in the Maritime Provinces, isn't it? What more could be said?

There is another thing about this "Amherst Piano." It is the only piano made into which you can put a "player afterwards if you want to. "Players are very costly when you have to buy them with a piano. Wouldn't you prefer a piano into which you could put a player attachment later on, at no great deal of money. The Amherst Player, or "Cremonatone is a beautiful simple instrument, with several improvements over any other, under more perfect control, easier to operate. The player mechanism is built under exclusive patents, is very compact, and that is why it does not require a special piano to hold it, and it can be placed in the ordinary pianos which the "Amherst" factory turns out. Every Amherst Piano is guaranteed for Twenty years, and is the only piano that carries a guarantee for that length of time.

Orders Germans and Austrians from Brighton

London Oct. 20.—The chief constable of Brighton has ordered all German and Austrian subjects to leave that town within a few days. No exceptions will be made in the order.

Brighton has a large colony of foreigners and many of the hotel there are either owned by foreigners or their staffs are made up of them. Numerous Germans who were discharged from the London hotels last week have moved to the south coast resort.

German Spy Escaped from Sarnia Prison

Sarnia, Ont., Oct. 20.—In connection with the escape from Sarnia a few days ago of Fritz Demitz an alleged German spy, it has come to light that on Friday night last an attempt was made to liberate the Austrian and German prisoners of war confined in the military camp here. The man, believed to have been Demitz, was fired upon by the guards but got away safely.

Both the Canadian and United States governments now have agents here investigating the alleged smuggling of Austrian and German reservists out of Canada by way of the United States.

Italy to Join the Allies?

London, Oct. 20.—Advices from Rome indicate that the friction between Italy and Austria is con-

stantly increasing. The bitter feeling has been greatly added to by the declaration of Prince von Hoppenlohe, Governor of Trieste, that he is convinced the fire in the Monfalcone dockyard, more than a week ago, was the work of an Italian conspiracy.

Frequent conferences are being held by the Italian cabinet, it is stated and there is a growing belief that Italy will soon throw her forces into the field on the side of the allies.

Manufacture And Sale of Alcoholic Drinks.

Petrograd, Oct. 20.—The Russian government will never again embark in the manufacture and sale of alcoholic drinks.

This statement, confirming previous reports, has been made in the name of Emperor Nicholas himself.

The Russian Union of Abstinence, which devotes itself to the combatting of alcoholism, addressed to Emperor Nicholas a solicitation that he forbid forever the sale of spirituous liquors in Russia. His Majesty replied in a telegram, sent in the name of Grand Duke Constantine, and addressed to the president of the alliance, in which he said:

"I thank you. I long ago decided to interdict for all time in Russia the sale of alcoholic drinks by the government."

Advices of the capture of a German gunboat have been received by the government from New Guinea.
