Mrs. Naomi Jones

Mrs. Naomi Hoyt Jones, widow of the late Thos. Jones, died suddenly early Saturday morning at the old homestead farm on the upper Foxcroft road.

Since the death of her husband which occurred about two years ago, she had made her home with her son, Warren. She had been enjoying unusually good health and had been able to attend to her domestic duties as usual, death coming without warning.

Mrs. Jones was born at Prince William, N. B., 78 years ago, her family, the Hoyts, being prominent people in that section. She came to Houlton with her husband about thirty-three years ago, and during her residence here had endeared herself to all with whom she came in contact. She was a devout christian, a member of the First Baptist church which she faithfully attended a kind neighbor who will be greatly missed by her friends and her family.

She is survived by two daughters, Mrs. John Flemming of Woodstock, N. B., and Mrs. Geo. M. Tabor of Lowell, Mass., and three sons Frank and Warren of this town, and Merrill Jones of Woodstock.

Funeral services were conducted from her late home Monday afternoon, Rev. H. G. Kennedy officiating, burial being in Evergreen cemetery.—Aroostook Pioneer.

The Misses Carleton, students at St. Mary's Academy, have been spending a few days with their parents, Judge and Mrs. Carleton Woodstock, N. B. Aroostook Pioneer.

Friends of Mr. and Mrs. John M. Hay of North Vancouver, B. C. will learn with regret, of the death of their daughter, Katherine Scoville Hay, Nov. 21st, 1914. Mrs. Hay was formerly Miss May Atherton of Houlton, while Mr. Hay was for many years a county councillor for the parish of Richmond in this county.

Mrs. Thos. W. Baker, Vice President Rebekah Assn. by left on Monday morning for Loggieville to assist Mrs. Dr. Morrison, president of the Rebekah Assn. at the institution of a new lodge at Loggieville. While away Mrs. Baker will visit lodges at Nashwaak and Marysville.

Inspector F. B. Meagher has obtained a year's leave of absence in order to make a special study of commercial work and natural science on which latter subject in particular great stress is now being laid in rural schools. During the next school term he will probably take up the course in nature work at the Guelph Agricultural College.

A large number of the friends of Miss Tot Deming tendered her a variety show at the home of Miss Alice Sprague, on Tuesday evening. Miss Deming, who is to be married the latter part of the month, received many beautiful presents. Those invited were Mrs. Charles Rogers, Mrs. Charles J. Jones, Mrs. T. F. Sprague, Mrs. R. Perley Hartley, Mrs. Walter E. Stone, Mrs. John Wallace, Mrs. Curleton B. Wetmore, Mrs. A. Ross Currie, Mrs. George Gibson, Mrs. F. C. Squires, Mrs. Benj. Griffiths, Mrs. N. P. Grant, the Misses Jean Sprague, Alice Sprague, Mary Sprague,

Tot Deming, Mabel Lister, Mildred Carvell, Laura Balmain, Mildred Balmain, Caroline Boyer, Viva McAfee, Marion Lindsay, Marion Winslow, Alta Adams, Helen Hand, Kathleen Hand, Alice Neill, Faye Camber, Caroline Munro, Cassie Hay, Kathleen Lenotte, Grace Jones, Edith Dalling, Isabel Watts, Madeline Smith, Alice Bover, Harriet Gabel, Myrtle Gabel, Margaret and Marion Grant

The Brown Tail Moth Nests Searched in Central N. B.

Reports received by the Department of Agriculture from the survey parties at present at work throughout New Brunswick in search of the Brown Tail Moth nests indicate that the dreaded Brown Tail is rapidly becoming extinct.

The present situation is a pleasing one to the Agricultural Department and will be also to the people in every section of New Brunswick, and is evidence of the fact that the rigid campaign carried out by the department has borne fruit.

Messrs. W. N. Keenan, George Ball, H. W. Gilchrist and Stanley Titus, who form the party of Brown Tail hunters searching in York, Charlotte and Northumberland Counties, were in Fredericton, St. Stephen, St. Andrews, St. George and St. John and have yet failed to find one solitary nest.

This is in striking contrast to what the survey parties met with last year, when 30 nests were found in St. Stephen, 15 in St. Andrews and five in Fredericton and St. Mary's. The survey party, who are to work from St. Stephen through York County and into Northumberland County as far as Loggieville, left here this morning to proceed along the Nashwaak valley and thence into Northumberland County.

The other parties have also sent encouraging reports to the department, and in no sections of the province are the nests as numerous as in 1913.—Gleaner.

Prisoners Cut Way Through Wall.

Halifax, Dec. 8.—Seven German prisoners quartered at Melville Island cut their way to freedom between nine and eleven o'clock last night. Their liberty from the grey walls of the prison building, however, was of but short duration, although the military circles were agog with excitement.

The escaped prisoners were in custody a few hours after gaining their freedom, and their capture was a great relief to the military authorities. The prisoners were recaptured by military doing duty at the outposts in the vicinity of Bedford and Windsor Jet., and were escorted to the city this morning. They attracted a great deal of attention, although at that time few outside of military circles were aware that they had made such a bold attempt to win their freedom. The prisoners escaped by boring a hole through a store wall.

PIANO CONTEST

A BEAUTIFUL AMHERST

Please remember—this is not going to be one of those low grade Pianos which you would not buy at any price (if you were well advised). It is an instrument of the highest quality that is constructed, and is costing us a great deal more than some other pianos which we could have put into this competition just as well as not.

You will not have to get your piano out of a catalogue, or from a high class description, or merely from a newspaper cut, but you get a piano exactly the kind you are giving in the "Dispatch Office, Woodstock. You can examine it and try it. This is your piano will be brand new, direct from the Amherst factory, and you will have three different styles of cases to choose from. Inside they are all alike. We want to make a competition something worth working for. Something a little out different from what a newspaper generally offers.

The "Amherst" is comparatively a new piano, but one of the highest grade pianos made in the Dominion. Canada. It was judged at the Toronto Exposition awarded it the best. That is speaking pretty well of a piano made in the Maritime Provinces, isn't it? What more could be said?

There is another thing about this "Amherst Piano." It is the only piano made into which you can put a "player" afterwards if you want. Players are very costly when you have to buy them with a piano. You could not prefer a piano into which you could put a player attachment later on, at no great deal of money. The Amherst Piano is a "Crescendo" beautiful simple instrument with a beautiful improvement. It is a more perfect construction than any other. You play on it, and it is under exclusive patents, and that is why it is so good. It requires a special piano tuner, and it can be used in any house. The Amherst Piano turns out. Every Amherst Piano is guaranteed for twenty years, and is the only piano that carries a guarantee for its length of time.

walks. One day he came across a lad who was looking after some pigs by the roadside, and the bishop passed to ask him what he was doing, that being his usual opening to conversation. "Moinding' swoine," the lad replied, stolidly.

"The bishop nodded his head thoughtfully. "Ah, is that so?" he commented. "And how much do you earn a week?"

"Two shinnin's was the reply. "Only two shillings?" remarked the bishop. "Then he continued, pleasantly, "I too, am a shepherd, but I get more than two shillings."

The lad looked at him suspiciously for a minute, then he said, slowly: "Mebbe you get more swoine nor me to moine."

Another of Germany's Original Plans Found

Paris, Dec. 5.—Proof that a violation of the neutrality of Switzerland was included in Germany's original plans has been found, says the Matin, in the shape of a dance survey maps discovered

among the papers on killed German officers.

The maps are similar to those used by Swiss officers, the Matin says, except that all the names are in Italian, and information of a special nature printed on them shows that they were intended for the use of an Italian army marching across Switzerland to attack France.

Wrecked Train on North Shore

Moncton, Dec. 4.—The I. C. R. authorities are probing the wreck of the horse train last night at Routherville, about 33 miles west of Campbellton. During the night a trackman found a rail missing and put up a red flag. He started to put out torpedoes to warn the train and while doing so the flag was removed and the special ran into the break. Thirty horses were killed.
