**Rush Of Germans And Aus-
trians To Be Naturalized**

Montreal, Oct. 12.—One hundred Austrians, fifty-eight Germans, and twenty three Hungarians went to the court house today to take out naturalization papers, which Mr. Justice Archambault ruled on Saturday should not be withheld them.

**Bright, Healthy
Attractive Girls****THIS CONDITION CAN ONLY BE
MAINTAINED THROUGH RICH
RED BLOOD**

It makes all the difference in the world to a girl whether she develops into a bright, healthy attractive woman or sinks into a sickly, unhappy suffering semi-invalid.

The girl whose blood is poor and scanty—who is anaemic as the doctor terms it—starts life under too great a handicap. She is weaker and more frail than her companions who have rich, red blood. She is more easily fatigued in body and mind, and work of any kind exhausts her. In time her health breaks down. She becomes pale, looks worn out, is languid, irritable and nervous. Her heart palpitates violently at the least exertion, and she falls behind other girls in jinks, health and a capacity for enjoying life. Abundant rich, red blood is the only thing that can restore good health to the many thousands of such girls. This rich, red blood can only be obtained through the use of Dr. Williams' Pink Pills. They have given thousands of weak, white-faced, bloodless girls, robust, vigorous health and high spirits. Here is a bit of proof: Miss Olive Gauvreau, St. Jerome, Que., says: "I have reason to be more than grateful to Dr. Williams' Pink Pills, for they restored me to health after more than one doctor and many medicines had failed. I suffered as so many girls do from anaemia. I was all run down, tortured with headaches, could not stand any exertion, and had no appetite, though of course I had to force myself to eat. I was in this condition for nearly two years, and although doctoring continually, seemed to be steadily growing worse, and I was very much discouraged and dispondent. Finally a friend urged me to try Dr. Williams' Pink Pills and I discontinued all other medicines and did so. In the course of a few weeks there was no room to doubt that I had at last found the right medicine. My appetite returned, the headaches began to come less frequently, and color was returning to my face. The continued use of the Pills for a little longer fully restored my health, and I have since been as healthy and active as anyone could wish. I cannot too strongly recommend Dr. Williams' Pink Pills to other weak and ailing girls."

You can get these pills through your medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**THE HOMELAND'S
CALL**

By RONALD McCASKILL,
Maclean's Magazine October 1914

Harken ye whelps of the Lion!
Stir ye, awake from your dream;
Hark to the world flung challenge,
List to the eagle's scream:
Thrown in the teeth of the nations

Terrible; menacing; grim:
Hear ye the words of defiance,
Hurled to the Empire's rim?
"Stand from the path of my southern
mate
Stand aside lest ye be too late
And I tear these limbs from limb."

Harken, ye whelps of the Lion,
Hear ye his arrogant cry?
"Where is there one to dare me,
One who'll do battle and die?
Fear I the bear that was conquered,
Cowed by the small yellow man?
Heed I the squeaks of an upstart
I ground in the dust of Sedan?
Who talks to me of the Lion's sway?
A lion's cubs may be eagle's prey!
And mercy is done of my plan."

Harken, ye whelps of the Lion,
What says thy mother's roar?
"Who is this Teuton boaster
To prate so loud of war?
Long have I stood his insults,
Long have I leashed my might
But never brooked dishonored peace.
The time has come to fight!
Rise then ye whelps of the Lion's
breed,
Thy mother's call is the Empire's need
And battle for the right!"

"Send me the men from the Southern
Cross
Eager to do their part,
Send me thy sons from the frozen north
Men of the mighty heart.
Give me the men from the sun baked
veldt,
Bred to the rifle's crack;
Send me alike both rich and poor;
No fear that men I'll lack;
Making one cause with my sons at
home
Warring on land or on salt sea foam,
To fight for the Union Jack."

Mr. and Mrs. Richard Lawrence, and daughter, of Keswick, spent Tuesday in town, guests of Mr. and Mrs. Geo W. Lee.

Miss Genevieve Shaw, who has always taken a prominent part in the work of the United Baptist church was before her departure, presented by the Young People's Class of that church with a signet ring, and by the boys of her Sunday school class with a black realskin traveling bag, accompanied by an address.

Mr. and Mrs. Harry McLaughlan and two children, of Montreal, who have been visiting Mr. and Mrs. John McLaughlan, have returned home.

Mr. and Mrs. R. L. Allingham returned home last week from a delightful two months visit with relatives in the West. They spent two weeks with their daughter, Mrs. H. E. Clarke, of Winnipeg, Man., ten days with their son, S. E. Allingham, of Vancouver, B. C., they also visited Mr. Allingham's brother, Max L. Allingham, of North Yakima, Wash., whom he has not seen for thirty-five years. They spent a day in Victoria, B. C., and one in Seattle, Wash., and a week with another son, W. C. Allingham, in Montreal.

Fire, which has been raging in the woods at Newburg, across the river from Woodstock, for the past two weeks, has destroyed much valuable timber, the property of J. Albert Hayden, of this town, and others. The flames have now reached the farm of Col. F. H. J. Dibblee and a lot of hardwood lumber has been burned over.

PIANO CONTEST**Enter the Contest now and Win****A BEAUTIFUL AMHERST
PIANO**

Please remember—this is not going to be one of those low grade Pianos which you would not buy at any price (if you were well advised). It is an instrument of the highest quality that is constructed, and is costing us a great deal more than some other pianos which we could have put into this competition just as well as not. You might be surprised to know that we could put in just about two of "the other kind" for what this is costing us. We decided to do this because we are musicians ourselves and want our reviewers to compare for just such an instrument as we would take pride in owning and using ourselves. We think that the public which we reach will appreciate this fact. Everything else being equal, you would prefer the high grade piano wouldn't you?

You will not have to get your piano out of a catalogue, or from a high flown description, or merely from a newspaper cut, but you can see a piano of exactly the kind we are giving, at the "Dispatch Office, Woodstock. You can examine it and try it. Only this—your piano will be brand new, direct from the Amherst factory, and you will have three different styles of cases to choose from. Inside they are all alike. We want to make this competition something worth working for. Something a little bit different from what a newspaper generally offers.

The "Amherst" is comparatively a new piano, but one of the highest grade pianos made in the Dominion of Canada. The judges at the Toronto Exposition awarded it the best. That is speaking pretty well of a piano made in the Maritime Provinces, isn't it? What more could be said?

There is another thing about this "Amherst Piano." It is the only piano made into which you can put a "player afterwards if you want to. "Players are very costly when you have to buy them with a piano. Wouldn't you prefer a piano into which you could put a player attachment later on, at no great deal of money. The Amherst Player, or "Cremonatone is a beautiful simple instrument, with several improvements over any other, under more perfect control, easier to operate. The player mechanism is built under exclusive patents, is very compact, and that is why it does not require a special patent to hold it, and it can be placed in the ordinary pianos which the "Amherst" factory turns out. Every Amherst Piano is guaranteed for twenty years, and is the only piano that carries a guarantee for that length of time.

Although the opening article in the October number of Rod and Gun in Canada magazine, published by W. J. Taylor, Ltd., Woodstock, Ont., is descriptive of a notable Canadian Canoe Race in which canoe men racing on the Lievre and Ottawa Rivers covered over two hundred miles in sixty hours, the table of contents shows a predominance of big game hunting stories. "How 1913 Turned Out Lucky for One Bul Moose" is the story of a moose hunting Quebec Wilds; "An Unusual Hunting Trip" describes an American sportsman's outing after moose in New Brunswick forests; while "Moose Hunting in the Riding Mountains of Manitoba" tells of a winter hunt in that province. "Trapped" is an amusing story of how a Western sportsman outwitted the R. N. W. M. P. representative. Other stories and the regular departments make up an interesting big game issue for Canadian sportsmen.
