W.B. HOWARD, D. P. A., C. P. R., ST. JOHN, N.B.

Two more bodies were recovered from the Empress of Ireland wreck on Tuesday. They were identified as those of Brigadier General Hunter and his son.

Robbing Women  
Of Their HealthAnaemia Unless Checked Passes  
Into Hopeless Decline.

Anaemia is like a spectre that steals on you unawares and drives all happiness out of existence. It is a thief that robs you of your life and energy. Thousands of women in this country are the victims of anaemia (that is, bloodless ness), which spares neither rich nor poor, young or old. It robs woman of her health, her vitality, her beauty—of everything that gives a woman her charm. The chief symptoms of this trouble include a distaste for food, prostrating headaches, extreme languor, loss of weight, nervousness, pale cheeks, lips and gums, heart palpitations, dizziness and a constant feeling of wretchedness.

The only way to effect a cure is to increase the blood supply—to make it pure, rich and red. Dr. Williams' Pink Pills have saved thousands of young girls and women from the early fate that threatened them through anaemia's ravages, for these pills enrich the blood, stimulate the circulation, nourish the nerves, and restore the energy and perfect health that make women attractive. If you are a victim of bloodlessness in any way, do not let it run into a hopeless decline, but begin the use of Dr. Williams' Pink Pills today. The following bit of evidence proves the worth of this medicine. Mrs. Maurice Sims, Liverpool, N. S., says: "Dr. Williams' Pink Pills have been a blessing to me. About two years ago I was so badly run down that I had to give up all work and go to bed. My husband and parents were much worried about me as they thought I was going into consumption. The doctor who was attending me changed his medicine several times, but it did me no good and I began to feel very much discouraged myself. One day a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. In a few weeks I felt much better and I continued taking the pills for a couple of months until I was again in perfect health. I believe that if I had not taken Dr. Williams' Pink Pills I would not have survived, and I shall always be very grateful for what they have done for me."

You can get these pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Osler Calls 90 p. c. of Humans  
Tuberculous.

London July 8.—Sir William Osler, at a conference for the prevention of consumption held at Leeds today, said:

'Had I radioscope and could look into the chests of everybody, probably 90 per cent would show, somewhere, a small form of tuber-

culosis. Why don't we all die? Simply because we are human beings and not guinea pigs or rabbits and have obtained a certain immunity. But, though its ravages have been reduced, tuberculosis still remains the most powerful of man's innumerable enemies.

'It's three a's are poverty, bad housing and drink. Before us there is a long hundred years of war, but we will win as surely as we have won against typhus and typhoid.'

## Tension Extreme in Ulster Land.

London, July 11.—The situation in Ulster today is without a parallel in the United Kingdom since the Jacobite rebellion in 1745. Short of actual hostilities, the position, according to the opposition newspapers, could not be more desperate. This is the eve of the anniversary of the Battle of the Boyne, an historic event in the annals of Ulster and only the exercise of great restraint on the part of the Ulster Volunteers will prevent disturbances in connection with the celebrations which are to take place on Monday.

The tension is extreme throughout Ulster, and especially in Londonderry, where the people are said to be in a state of apprehension almost bordering on terror for fear of what may happen between now and Tuesday. In deference to strong and earnest representation from headquarters, the Orangemen have agreed to hold their demonstration two miles outside the town. The men will march wearing the sashes of their order, and the danger point will come when they have to pass an Irish Nationalist street. It is practically certain that every man will carry a revolver.

In order to reduce the risk of conflict, as much as possible, the Orangemen will march out of the city about 10.30 and return about 5 p.m., the hours being chosen because the majority of Nationalist Volunteers will then be at work.

The next move, the Unionist press insists, lies with the British Government. A meeting of the Cabinet is to be held on Monday to decide what course shall be adopted over the drastic changes made by the House of Lords in the home rule amending bill. These changes, it is again insisted, are the only alternative to civil war.

If John Redmond and Joseph Devlin agree to the total exclusion of Ulster from the scope of the bill, with the consequent depletion of the Irish treasury, all will be done well, but the Irish leaders say they do not want home rule without Ulster.

The bill comes down to the Commons next week, and it is the intention of the Government to delay consideration of the question. This, it is hoped by the Opposition will at once bring the Cabinet into conflict with the Nationalists. For this course the Government has a certain justification in the backward state of the budget.

Mr Bonar Law, therefore, as a matter of tactics, will press Premier Asquith on Monday to give the home rule amending bill immediate consideration in the Commons. This, it is feared, the Government will resist.

Mr Redmond is reported to favor a large degree of conciliation for Ulster and in consequence to be threatened in his own party by Joseph Devlin, who sits for a Belfast constituency.]

Robinson's Famous Shows  
and MenagerieWill Exhibit at Woodstock Thursday  
July 23.

Robinson's Famous Shows are billed to pitch their big tents in Woodstock on the above date and give performances afternoon and night. The show travels by its own special trains, and carries an enormous amount of paraphernalia hundreds of people, beautiful horses and rare wild animals of every kind. A splendid street parade will be given with four bands, many golden chariots open dens, elephants, camels, knights in glittering armor, etc., etc.

The performance in the big tents comprises the world's best male and female riders, great herd of performing elephants, troupes of acrobats, aerialists, trapeze artists, athletes and tumblers, while twenty funny clowns will keep the audience in roars of laughter.

Among the special features are "White Cloud," the \$25,000 Arabian stallion, most highly educated horse in the world. Major Littlefinger and wife, smallest living couple of human beings. A troupe of native Central American Marimba players, Shumatos Royal Japanese, and hundreds of other features, artists, curios and strange and rare specimens from the far ends of the earth.

No one should miss this opportunity of seeing this famous show, for the name of Robinson has stood for the best in the line of tented exhibitions for more than fifty years in Europe and America.

## Summer School of Science

The Summer School of Science is now in full swing with an attendance of upwards of seventy. Practically all sections of the province are represented. An encouraging feature is the large number of young men who are taking the course.

Among those who will give special lectures are: Mr. Wm. McIntosh, curator of the Natural History Museum, St. John. Mr. McIntosh is well known to the teachers throughout the province, if not personally, then through correspondence. It is a part of Mr. McIntosh's work, as acting provincial entomologist, to identify specimens of insects, birds, plants, etc., as forwarded by teachers of the province. This work has grown from a small beginning until now Mr. McIntosh is called upon to answer dozens of letters daily.

Of the staff of the department of agriculture, Mr. R. Newton, B. S. A. director of agricultural schools, Mr. Wm. Ford, B. S. A. animal husbandman, Mr. McDougall, dairy superintendent, and Mr. H. B. Durost, B. S. A. instructor in fertilizers and beekeeping, will deliver one or more lectures during the course.

The following are the names and addresses of the teachers at the present writing, who are taking the course:

|                     |                   |
|---------------------|-------------------|

## Piano Contest

Please remember—this is not going to be one of those low grade Pianos which you would buy at any price (if you were well advised). It is an instrument of the highest quality that is constructed, and is costing us a great deal more than some other pianos which we could have put into this competition just as well as not. You might be surprised to know that we could put in just about two of "the other kind" for what this is costing us. We decided to do this because we are musicians ourselves and want our readers to compare for just such an instrument as we would take pride in owning and using ourselves. We think that the public which we reach will appreciate this fact. Everything else being equal, you would prefer the high grade piano would it you?

You will not have to get your piano out of a catalogue, or from a high flown description, or merely from a newspaper cut, but you can see a piano of exactly the kind we are giving, at the "Dispatch Office, Woodstock. You can examine it and try it. Only this—your piano will be brand new, direct from the Amherst factory, and you will have three different styles of cases to choose from. Inside they are all alike. We want to make this competition something worth working for. Something a little bit different from what a newspaper generally offers.

The "Amherst" is comparatively a new piano, but one of the highest grade pianos made in the Dominion of Canada. The judges at the Toronto Exposition awarded it the best. That is speaking pretty well of a piano made in the Maritime Provinces, isn't it? What more could be said?

There is another thing about this "Amherst Piano." It is the only piano made into which you can put a "player" afterwards if you want to. "Players" are very costly when you have to buy them with a piano. Wouldn't you prefer a piano into which you could put a player attachment later on, at no great deal of money. The Amherst Player, or "Cremonatone" is a beautiful simple instrument, with several improvements over any other, under more perfect control, easier to operate. The player mechanism is built under exclusive patents, is very compact, and that is why it does not require a special piano to hold it, and it can be placed in the ordinary pianos which the "Amherst" factory turns out. Every Amherst Piano is guaranteed for twenty years, and is the only piano that carries a guarantee for that length of time.

Write to the DISPATCH OFFICE for INSTRUCTIONS and SUBSCRIPTION BLANKS for this CONTEST.

## Notice of Retirement

Having disposed of my stock and trade also the good will of my hardware business conducted by me for the last nineteen years, I now take this opportunity of thanking one and all who have given me such a generous patronage during my term in the business. Further, I wish a continuance of the same to my successors, Daniel Stewart and F. B. Armour, who will continue under the name of the Burt Hardware Co., with an up to date stock, and will always be ready to cater to old and new customers who will favour them with their presence and patronage as well.

H. E. BURTT.

Mrs Geo Whitehouse, of Knowlesville was taken to the General Public Hospital, St John on Thursday accompanied by her husband and her mother, Mr James McLean. On Friday she underwent a serious operation. She is expected to recover.

Rev. E. C. Turner of Shediac, for many years a popular Methodist clergyman in this county, and his daughter Miss Clara Turner of the Stout Institute for Teachers, Menominee, Wis., who are spending a few weeks with Rev. Kirkpatrick at Debec, made their friends a brief visit here on Wednesday.

Mr and Mrs F W McLean and son went to St John yesterday where they will reside.

Mr and Mrs H A Seely went to Westfield last week to attend the marriage of Mrs Seely's sister, Miss Lingley to Mr Harris Biggar, B. A., of Montreal, Mr Biggar has charge of the teachers of the Normal School.
