SAVE THE CHILDREN.

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the new-born babe. They are especially good in the summer because they regulate the bowels and keep the stomach sweet and pure. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

General Assembly of Presbyterians.

Woodstock, Ont., June 4.—To-night's public missionary meeting of the Presbyterian General Assembly was featured by two impassioned appeals for more men and money to carry on the home mission work of the church, by Rev. Principal McKinnon, of Halifax, and Dr. A. S. Grant, of Toronto. Dr. Grant would have Presbyterians come out strongly against the liquor traffic evil.

It was decided to ask Rev. Dr. Alex. McMillan to devote his entire attention for a period of not greater than five years to advancing the interests of church praise. The revised Presbyterian hymnal, according to the sub-committee in charge of the work, would be ready for the publishers by September.
