Fish Hatchery

Ruined From Fire

Grand Falls, June 13.—Fires are raging in many places here. On Thursday afternoon, the Dominion fish hatchery, at Rapids de Fanne, about three miles below here, was totally destroyed. Many of the fish were let out into the stream, and it is said that about 1,000,000 were lost.

The fire is said to have been started by an American picnic party, who did not take proper precautions about extinguishing their fire before they left

WOODSTOCK SCHOOL OF MUSIC

The most successful Music School in Canada

THE WOODSTOCK SCHOOL OF MUSIC was started by Mrs. Adney simply as a Name under which the scope of work of the most successful teacher of music in this Province might be extended. We shall not here refer to the course of study offered, except in a passing way, but to those more personal matters which so far out-weigh all other considerations as to make the list of truly successful schools of any kind very few in number. It is altogether a matter of the TEACHER.

The secret of Mrs. Adney's widely known success is that resolved upon having the best instruction at any cost she had the wisdom to select or the good fortune to be directed to the BEST TEACHERS IN AMERICA, and has the faculty of imparting what they taught her. William Mason was our greatest teacher of Piano and admitted as the equal of the best of Europe. He was a pupil of the immortal Liszt. Her lessons, over an extended period, were cheap at six dollars apiece. Previously, she had instruction from Gonzalo Nunez, a distinguished graduate of the Paris Conservatory, where Prof. Le Couppey was Instructor on Piano. This world's greatest music school also perpetuates the musical theories of Liszt. These ideas lead to a technique in contrast with that of the dry, mechanical German technique. We criticize German execution, not German music. The influence, however, of this nation of musicians is such that their "method" is the one nearly everywhere met with. Combining Mason's "Touch & Technique" with the thus rarely taught "Conservatoire method," it is worthy of note that Mrs. Adney's steady use of "Le Couppey" has exhausted the American edition, and a new one is being printed for her use.

In Voice, Mrs. Adney was in a sense almost equally fortunate. After some instruction from a famous (that is to say, well advertised) teacher, whose method was not as great as his celebrity, nor his charges, she took lessons under Mr. A. A. Pattou, a distinguished French singer and teacher, who with the finest credentials that France had to offer, came to New York to make his debut where German influence controlled everything from orchestra members to press critics, and it being shortly after the Franco-Prussian war his reception was so hostile that he abandoned his intended career in Grand Opera, and retired to the routine work of a teacher. Later she studied at the N. Y. Vocal Institute, under the talented Mr. Tubbs, editor of The Vocalist, and derived many ideas that have proven of great value here. So it happened that, by accident or otherwise, Mrs. Adney acquired the method in singing of the great Garcia, and the almost equally famous Shakespeare—the only true method of voice production and that which has produced the great singers of Italian and French Opera.

When deciding to carry on her well known private work in Piano, Singing, Musical Theory, etc., under the name at the head of this section, it was with the idea of extending its scope as opportunity might offer. It perhaps did not occur that Woodstock could not maintain a Victoria Conservatory of Music, which during her three years after its establishment became an institution of such recognized importance in the music world of Canada, that a special publication entitled "Musical Toronto" gave her and her work extended space. Perhaps it was because one of her pupils, solely instructed by her, went to the Toronto College of Music and in the same year took the Gold Medal in Piano. Two other pupils sisters, one fifteen and one thirteen years of age, after studying with Mrs. Adney entered one of the foremost Conservatories in Europe and began immediately to play in public recitals. The head master writing to their parents said "they have had the perfection of piano forte training and are artists already." Today her work has become so well recognized in the United States, that she has been invited to become a member of the International Musical Society, formed thirteen years ago by the very leading musical professors and patrons of the world, and only seeking membership of those identified with "advanced musical research and its results."

There is a point relating to "Diplomas," "Graduation," etc., upon which Mrs. Adney needs again to remind the public. Except for theoretical studies such as harmony, this School gives no "Diplomas," has no "Graduates." All that is recognized is the actual work itself, except for the degree of Doctor of music, for which only the masters ever qualify, and which is recognition of exceptional proficiency and musical learning. For all others the only recognized test is ability to perform, from memory, to say, two recitals, a program of pieces of certain grades of difficulty, one of ordinary music, and one from the representative works of the great Masters. The program itself is the "certificate" and no teacher of high standing ever offers anything else; and whatever institutions hold forth as an inducement the prospect of a "Diploma" for a certain length of time in study, it may be taken as certain that the actual teacher is indifferent—any person whom the institution finds it convenient from time to time to employ. Even a school or institution becomes famous only through some exceptional TEACHER in it. An artist of real distinction offers only his program: no one asks or cares WHAT school he studied at, but who was his TEACHER. The aim of this school is not to grind out graduates with diplomas: we offer the best musical instruction, in our lines, that can be obtained in the Maritime Provinces, if not in Canada, and better than will be obtained by going to any but the few greater masters in the large cities of the United States.

Thus Woodstock offers advantages for musical study that one may go to any city in Canada, or to New York or London, and perchance not get. Mrs. Adney did not in the first instance select Woodstock as furnishing the full scope for her exceptional talents as a teacher, but she has made it and the work done here by pupils who are now successful teachers in various parts of United States and Canada, a credit to Town and Province.

Harmony, History and Theory of Music taught in classes which are free to pupils of the school. Ensemble classes taught by Mrs. Adney are also free.

Prospectus on application.

MRS. ADNEY will open a branch of her MUSIC TEACHING, at Florenceville, and if sufficient encouragement is received will have a CHORAL CLASS for both School Children and Adults. APPLY TO

The Wheeler Bros. Circus & Famous Stampede Wild West Shows Will Be Exhibited in This City Soon

The representatives of the Wheeler Bros. Greater Shows have completed all arrangements for the appearance of that world-famous enterprise in Woodstock on Friday June 26th.

For more than a decade the Wheeler Bros. Circus have maintained a prominent place in the front rank of American shows because of its unusual characteristics as a circus, its essential quality of "different from other shows," its fine menagerie and its great display of the finest horses in the world. The Famous Stampede Wild West Shows, which have a world-wide reputation and which were enjoyed by many people of this country at two of the World's Fairs, are conceded to be without equal in their special line. What then may be expected when it is announced that we are to be treated to such an exhibition as the combination of these two shows? Surely the patrons of tented amusements will be justified in expecting an unusually meritorious performance, and they will see surprising exhibitions of trained animals and skillful performers such as they have never before witnessed.

Among the many features are "Tango," earth's largest living animal, a troupe of genuine Cossack Whirlwind Riders, Paris Hippodrome, Races and special engagement of the celebrated Mendaza Company of Mexican Bull Fighters in a realistic reproduction of a Genuine Mexican Bull Fight. A thrilling exhibition of nerve and agility.

Wheeler Bros. Shows will exhibit in Woodstock on Friday June 26th., giving a grand spectacular street parade in the morning and performances in the afternoon and evening.
