—St. John Globe.

The MIGHTY HAAG RAILROAD SHOWS have the only orchestrainia in America today. The orchestrainia was originally brought to this country by the German government to place in the German exhibit at the Jamestown Exposition, and as the exposition did not prove successful, the orchestrainia was never used, and after several attempts Mr. Haag was fortunate enough to secure it, and then only to lease it for this season. and it returns to Wurttemberg, Germany, after the close of the present season with THE MIGHTY HAAG SHOWS.

For lovers of good music, there is a great treat in store when they hear the orchestrainia with THE MIGHTY HAAG SHOWS which exhibit at Woodstock on Wednesday June 17th.

A TREAT FOR THE CHILDREN.

Mr. Haag, owner of THE MIGHTY HAAG RAILROAD SHOWS, which exhibit at Woodstock on Wednesday June 17th, has decided this year all children attending the afternoon performance of THE MIGHTY HAAG RAILROAD SHOWS will be treated "FREE" to a ride on the ponies after the performance. Careful attendants attending the ponies.

THE TENTED CITY.

When most of the town is still slumbering THE MIGHTY HAAG RAILROAD SHOWS will arrive here on their own special trains of cars, and by the time the town is awake, there will be a tented city complete in itself, having sprung up in one night.

This tented city is as complete as any city of modern size, as a visit to the show will prove.

THE MIGHTY HAAG RAILROAD SHOWS have the most unique trained animal act ever produced, composed of bears, ponies and blue faced monkeys. Professor Chas. Duncan, who has created this act, says without doubt there is not another act in the world to equal it. The blue faced monkeys which are used in this act are a great specimen of animal intelligence, being as near the missing link as can be found. Words will not express the many remarkable qualities of human intelligence that are shown by these blue faced monkeys. THE MIGHTY HAAG RAILROAD SHOWS will exhibit at Woodstock on Wednesday June 17th.
