

Good Morning!

WE ARE INTRODUCING
American Silk
American Cashmere
American Cotton-Lisle

HOSIERY

They have stood the test. Give real foot comfort. No seems to rip. Never become loose or baggy. The shape is knit in—not pressed in.

GUARANTEED for fineness style, superiority of material and workmanship. Absolutely stain less. Will wear 6 months with out holes, or new ones free.

OUR SPECIAL OFFER to every one sending us \$1.00 in currency or postal note, to cover advertising and shipping charges, we will send post-paid with written guarantee, backed by a five million dollar company, either

3 Pairs of our 75 c. value American Silk Hosiery,
or 4 Pairs of our 50c. value American Cashmere Hosiery,
or 4 Pairs of our 50c. value American Cotton Lisle Hosiery
or 6 Pairs of Children's Hosiery.

Give the color, size, and whether Ladies' or Gent's hosiery is desired.

DON'T DELAY—Offer expires when a dealer in your locality is selected

THE INTERNATIONAL HOSIERY CO.
P. O. Box 244
DAYTON, OHIO, U. S. A.

In lowering a large steel storage tank to its foundation in a deep pit, Honolulu engineers built up a temporary resting piece of blocks of ice, and then, after the structure had been properly centred, melted the ice uniformly with live steam. The reservoir is 24 feet in diameter, 25 feet high, weighs 14 tons, and has a capacity of 80,000 gallons.

White As A Ghost.

PALE OR SALLOW CHEEKS ONE OF THE FIRST SIGNS OF ANAEMIA

Pale and sallow cheeks, with blanched lips and gums, and dark circles under the eyes, are the first signs that anaemia has begun its deadly progress. This first warning is followed by great weariness and breathlessness after any exertion. You grow melancholy, have frequent headaches, awake in the morning feeling tired. You become morbid and nervous, starting at the slightest noise, and your heart palpitates violently even on going up-stairs. Most girls from fourteen to twenty suffer from anaemia. Neglect to supply new blood to the languishing, bloodless body means a life of misery—indeed it is an open invitation to that most hopeless of all diseases, consumption.

The new, rich blood that cures anaemia and gives new health and strength is readily created by Dr. Williams' Pink Pills. That is why these pills have cured more cases of bloodlessness and blood disorders than any other medicine. They have made thousands of girls and women strong, well and rosy, with bright eyes and new energy, just because they nourish the body with the new, rich, red blood of health. Here is a typical instance, Miss Laura Dempsey, Auburn, N. Y., says: "For several months I was in a very bad state of health, with many of the symptoms that accompany anaemia. I was pale and bloodless, had terrible headaches, would be breathless at the least exertion. Having tried a number of medicines without relief I naturally became discouraged and began to fear that I was doomed to continued illness. At this stage a friend who had herself been benefited by Dr. Williams' Pink Pills urged me to try them. I did so and thanks to the pills I am now enjoying the best of health, and feel that I cannot recommend this splendid medicine too highly.

Other weak and ailing girls can also obtain new health and strength through the use of Dr. Williams' Pink Pills. You can get these pills through any medicine dealer, or they will be sent by mail post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

What Is Loyalty That Costs Us Nothing At Such A Time? As This?

In conversation with a Charleston farmer a short time ago he said he thought it would be a patriotic thing for every Charleston Co. farmer to contribute a gift of oats to the Empire. As the writer had thought of the same project it appealed to him something might be done in the matter.

What is loyalty worth that costs us nothing and at such a time as this.

In the midst of the greatest war on record (thanks to the power of the British Navy), we can hang out our motto "Business as usual." This cannot be said of our enemies. With Germany's foreign trade at a standstill, and home industries becoming fast paralyzed, ultimate victory for the British Empire is foreshadowed. Money is after all the greatest factor in war.

That the different parts of the Empire will rise equal to the greatest emergency this gigantic struggle may call forth, we believe as Canadians without hesitation. The liberties enjoyed by subjects of the British Empire are the best the world has ever known and have been won at tremendous sacrifice. Is it not worth any price to maintain? Well may we sing "Britains never, never shall be slaves."

One of the greatest glories of the Empire has been its voluntary sacrifice no conscription, even in this great conflict. Surely we are citizens of "no mean city." The enormous tax borne by the Mother Country at this time, in view of protection received in the past, ought surely to appeal to us now.

It is estimated the war is already costing Great Britain \$25,000,000 per week. What will it be six months or perhaps a year hence when a probable 1,000,000 men may be at the front.

These are a few facts every loyal Carleton county farmer might well consider.

As Carleton is the banner county in New Brunswick in oat production a contribution to the Empire at this time is in order. If this scheme goes forward let us farmers look well to the fact that each contribution be thoroughly clean and of a good weight per bushel.

How to go about this plan? What better way can we proceed than to ask the secretary of every school district to act as local solicitors. This appeals to me as a feasible plan.

Trusting this will find a place in your columns.

N. F. PHILLIPS,
Pembroke.

Mrs. Arthur G. Bailey gave a drawing room tea in honor of her guest, Miss Alta Adams, of Fredericton. The decorations were red carnations and smilax. Mrs. Bailey wore a handsome black silk gown with trimmings of gold brocade, and Miss Adams was gowned in king's blue satin with touches of white. The hostess was assisted by Mrs. F. B. Carvell, Mrs. I. B. Merriman, Mrs. Charles Comben and Mrs. J. A. Gibson. Those present were Mesdames G. W. Gibson, E. B. Manzer, Arch Connell, R. M. Gabel, Dr. Grant, R. P. Hartley, C. J. Jones, E. J. Mahony, E. Deming, Charles Rogers, Fred Clarke, H. Bentley, Walter Stone, Harold Lowney, A. D. Nicholson, Don McCormick, Fred C. Squires, Carl Wetmore, Arthur Glidden, H. Stevens, R. Watson, Miss Davidson, Watts, Lindsay, Kidg, Carter, Helen Plummer, Fay Plummer, Carson, Marvin, Laurk Balmmain, Mildred Balmmain, Camber, Jean Sprague, Mary Sprague, Alice Sprague, Edith Dalling, Grace Jones, Mildred Carvell, Nettie Seely, Hattie Gabel, Myrtle Gabel, Bessie McLaughlan, Ella Smith Fair, A. Montgomery, Jennie Clare, Alice Neil, Helen Hand, Kathleen Hand, Marion Winslow, Jean Smith, Cassie Fay, Kathleen Lynott, M. Augherton, N. McLean, M. McAfee, Viva McAfee, Alice Boyer, Carrie Boyer, Elizabeth Ketchum, Edith McRoberts, Eve rett, Stokes, Howard, Gertrude Henderson, Lister, Caroline Munro, Tot Deming, Marguerite Merriman. Solo were nicely rendered by Miss Caroline Munro, Miss Tot Deming, Miss Alice Neil, and a duet by Misses Alice and Mary Sprague added very much to the enjoyment of those present.

Losses In Poland Simply Frightful For Both Armies

Petrograd, Nov. 21.—Of the three battle areas in the eastern theatre of war, that in Poland between the Vistula and the Warthe Rivers is now being drenched with blood in the most

desperate fighting of the Russo-German war.

The Russian War Office claims that the German offensive in this section has been partially checked. Losses on both sides have been exceedingly heavy, and details received here of the fighting along the banks of the river Bzura, upon which the Russian retired, being frightful.

Stories are being told of a trap into which the German cavalry rode. The Russians withdrawing along the Bzura mined the banks, while the Germans pressed forward in hot pursuit seeking a crossing. When a heavy detachment had reached the river the mines were exploded, and the destruction was terrible. Men and horses were blown to atoms and wounded and their mangled bodies were thrown in to the river.

The bodies of the killed and leaped into the water. The bed of the river had been filled with barbed wire and men and mounts became entangled in a hopeless struggling mass of flesh. The survivors of the explosions along the bank, who were not drowned, were kicked or crushed to death by the struggling horses. The Russians also opened fire on the tangle of men and horses and but few escaped. These were made prisoners.

London, Nov. 21.—"The German attempts to break through the Russian armies in Poland have sustained a severe check, which according to the present indications is likely to have decisive consequences for the enemy," says a despatch from the Petrograd correspondent of the London Times. The message continues:—

"The official report of the capture of a battery northwest of Lodz is extremely significant, suggesting the probability of a successful Russian flanking movement from the direction of Peikow. News was received last night of the arrival of large Russian reinforcements, which would probably account for the reverse the Germans sustained."

25 Students At U N B Ready To Go To Firing Line

Twenty five students of the University of New Brunswick are likely to go to the front with the second Canadian contingent.

A committee composed of three members of the senior class, Messrs. John Hipwell, K. Vavasour and Harry Holman, have conferred with Dr. C. C. Jones, the chancellor, and advised him that a number of the students are anxious to volunteer for active service and requesting the same enlisting conditions as made by McGill and other universities.

There is to be a meeting of the University Senate tomorrow, and Chancellor Jones will then place the proposal before that body. It is believed that U. N. B. will follow the example of McGill and that members of the senior class their degrees and give juniors, if not sophomores and freshmen, their year, so they will be able to go on with their college work as usual if back here next year.

In the meantime Chancellor Jones is also making enquiries preliminary to arrangements being completed to have the U. N. B. students in the corps which it has been proposed to organize in Canada composed entirely of men from the universities. If such an arrangement is not made the U. N. B. students will volunteer with some branch of the service in New Brunswick, a number of them having expressed a desire to become members of the battery of field artillery to be mobilized in Fredericton.

—Gleaner.

PIANO CONTEST

Enter the Contest now and Win

A BEAUTIFUL AMHERST

Please remember—this is not going to be one of those low grade Pianos which you wouldn't buy at any price (if you were well advised). It is an instrument of the highest quality that is constructed, and is costing us a great deal more than some other pianos which we could have put into this competition just as well. You might be surprised to know that we could put in just about two of "the other kind" for what this is costing us. We decided to do this because we are musicians ourselves and want our readers to compare for just such an instrument as we would take pride in owning and using ourselves. We think that the public which we reach will appreciate this fact. Everything else being equal, you would prefer the high grade piano wouldn't you?

You will not have to get your piano out of a catalogue, or from a high flown description, or merely from a newspaper cut, but you can see a piano of exactly the kind we are giving, at the "Dispatch Office, Woodstock. You can examine it and try it. Only this—your piano will be brand new, direct from the Amherst factory, and you will have three different styles of cases to choose from. Inside they are all alike. We want to make this competition something worth working for. Something a little bit different from what a newspaper generally offers.

The "Amherst" is comparatively a new piano, but one of the highest grade pianos made in the Dominion of Canada. The judges at the Toronto Exposition awarded it the best. That is speaking pretty well of a piano made in the Maritime Provinces, isn't it? What more could be said?

There is another thing about this "Amherst Piano." It is the only piano made into which you can put a "player afterwards if you want to. "Players are very costly when you have to buy them with a piano. Wouldn't you prefer a piano into which you could put a player attachment later on, at no great deal of money. The Amherst Player, or "Cremonatone is a beautiful simple instrument, with several improvements over any other, under more perfect control, easier to operate. The player mechanism is built under exclusive patents, is very compact, and that is why it does not require a special piano to hold it, and it can be placed in the ordinary piano which the "Amherst" factory turns out. Every Amherst Piano is guaranteed for Twenty years, and is the only piano that carries a guarantee for that length of time.

Write to the DISPATCH OFFICE for INSTRUCTIONS and SUBSCRIPTION BLANKS for this CONTEST.

Miss Emma Henderson has returned from Hartland, where she has been the guest of her sister, Mrs. S. S. Miller. Colonel John L. Marsh, for over 40 years police magistrate of Fredericton, who was born in Middle Simonds, Carleton county, died in Fredericton, Friday evening aged 85 years.
