### FIELD DAY.

The Ladies of the Town are all requested to send a contribution of cooking for the Food Sale and Lunch Count. Every one is asked to send or take their contribution to Connell park on Field day, Monday the 7. Every man, woman and child should deem this an opportunity of showing their patriotism and giving their support to the Soldiers of the King.

### HOT WEATHER AILMENTS

A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the little stomach and bowels right and pre-

vents sickness. During the hot summer months stomach troubles speedily turn to fatal diarrhoea and cholera infantum, and if Baby's Own Tablets are not at hand the child may die in a few hours. Wise mothers always keep the Tablets in the house and give their children an occasional dose to clear out the stomach and bowels and keep them well. Don't wait till baby is ill—the delay may cost a precious life. Get the Tablets now and you may feel reasonably safe. Every mother who uses the Tablets praises them and that is the best evidence there is no other medicine for little ones so good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## TOWN COUNCIL.

The Town Council held a special meeting on Friday evening, attended by Mayor Jones and Councillors Gallagher Lindsay, Dibblee and Burden to appoint revisors for the year.

Moved by Coun. Gallagher that the revisors of last year, Stephen Green and J. H. Stairs, be reappointed for the present year with the same salary as last year.

The motion was seconded by Coun. Burden.

Carried.

Coun. Lindsay called the attention of the Council to the fact that the next monthly meeting fell on Labor Day.

Coun. Lindsay moved that when we adjourn, we adjourn to meet on the evening of Tuesday, Sept. 8th.

Carried.

Coun. Burden said that on Tuesday night referred to, he intended being in St. John on town business. It will be remembered that some time ago Chief Kelly took a young girl from the Poor Farm and placed her in a home in St. John. There was a six year old sister of that girl that he proposed bringing to St. John and placing in the same institution. In view of the fact that those two children would be provided for at no expense of the town he decided that it would be no more than right when he was in St. John to make the Home a slight donation of \$25.

Moved by Coun. Gallagher, seconded by Coun. Dibblee, that any action such as suggested by Coun. Burden be ratified to the board.

Carried.

The Council then adjourned until Tuesday Sept. 8th.

## Asks Boycott of German Goods

Toronto, Aug. 31.—That Canadians should not let themselves be stampeded by the European conflict into any feeling of discontent, was the keynote of the official opening of the Canadian national exhibition, conducted by Sir John Gibson this afternoon.

At the same time an appeal was added by Sir William Mulock an appeal that the Canadian buying and consuming public should discriminate against German-made goods of all classes and that they should seize this opportunity to develop their own manufactures in all the greater proportion.
