**Carleton**

The very large gathering of friends at the funeral of Mr. Wm. Carleton Thursday morning testified to the regard in which the deceased was held in St. John. The remains were taken from Mr. Carleton's late residence on City Road, to Holy Trinity Church, where a High Mass of Requiem was celebrated in the presence of a large congregation. Rev. C. P. Carleton, of Petersville, son of the deceased, was celebrant; Rev. Dr. A. W. Meahan, of St. Andrews, deacon; Rev. R. J. Coughlan, of Johnville, sub-deacon; and Very Rev. John J. Walsh, V. G., master of ceremonies. In the sanctuary were His Lordship Bishop LeBlanc; Rev. W. M. Duke, Rev. M. O'Brien, Rev. M. P. Holland, Rev. C. J. McLaughlin, Rev. Dr. F. A. Bourgeois and Rev. Hector Beliveau, of the Cathedral; Rev. J. J. O'Donovan, of Carleton; Rev. Joseph Bergmann, C. S. S. M., St. Peter's; Rev. W. M. Donahue, St. John the Baptist Church; Rev. A. J. O'Neill, Silver Falls; Rev. F. J. McMurray, Woodstock; Rev. D. S. O'Keefe, Kingsclear; Rev. J. W. Holland, St. George, and Rev. E. J. Conway, Chipman. His Lordship pronounced the final absolution. As the body left the church, the choir (Mrs. Alex. McMullin, organist), effectively sang a hymn. The remains were then conveyed to the old Catholic cemetery, where interment took place. The prayers at the grave were recited by Rev. C. P. Carleton, Rev. D. S. O'Keefe, Rev. R. J. Coughlan, Rev. A. J. O'Neill and Rev. J. J. O'Donovan. Relatives were pall-bearers. — St. John Globe.

**A Good Medicine For The Spring**

**Do Not Use Harsh Purgatives—A Tonic Is All You Need**

Not exactly sick — but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do; in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which clears the skin, strengthens the appetite and makes tired, depressed men, women and children bright, active and strong. Mrs. S. E. Stephens, Ponaka, Alta., says: "I suffered severely from headaches, and was badly run down in health. I had tried several remedies with no benefit, until I was advised to try Dr. Williams' Pink Pills, and these have fully restored my health, and I can recommend them with confidence to all weak people."

**300 German Prisoners Arrive**

Steamer St. George, with upwards of 300 German prisoners, arrived in port this morning from Kingston, Bermuda, and the men were transferred to a special train which left shortly after noon for Amherst, where they will be placed in the detention camp. A guard of 75 soldiers were in charge of the prisoners during the voyage and the steamer was met by a guard from the 25th Battalion on the Long Wharf, who prevented inquisitive pedestrians from approaching too near the vessel.

The trip from Bermuda was made, as far as can be learned, without mishap, but the engineer, Otto Stropie, was badly burned by a slight accident with some gasoline and was taken to the hospital this morning, where it was found that while his face and hands were burned his injuries were not serious.

Most of the prisoners are said to be sailors taken from German vessels, some of them being from the cruiser Dreaden, and as the St. George was warped into her dock they lined the after decks of the vessel peering eagerly ashore. A large crowd was gathered on the wharf to see the prisoners, but none were permitted to approach beyond the sentry line.

After the medical examination had been completed the prisoners were quickly transferred to the waiting cars which shortly afterwards pulled out of the yard for Amherst. It is said that the train will go directly through omitting even the usual stop at Moncton. Conductor Capson is in charge of the train.

Among the prisoners is a lieutenant commander of one of the German cruisers, and his good offices are said to have prevented serious trouble on Friday evening, when some of the prisoners threatened mutiny. Through the influence of this officer with the men they were brought to see the futility of force, and loss of life was probably thereby prevented.

**Arbor Day.**

Arbor Day is not observed in Canada to the extent which its importance warrants.

The people of Canada must ever keep in mind their dependence upon her forests. With large areas suitable only for forestry purposes, it is essential that the value of trees and their protection should be thoroughly impressed upon Canadians.

While Arbor Day is observed in the rural schools, and in some city schools, its recognition by the general public is not as general as it should be.

In the Province of New Brunswick, Arbor Day is celebrated to a limited extent in the schools. This is not sufficient, however. The observance of Arbor Day should be general. There should be every part of Canada for the education and instruction which Arbor Day represents. The day should be observed as a public holiday, at a time most suited to the climatic conditions of the locality. Public recognition should be given to Arbor Day, and the planting and protection of shade trees, the preparation of flower and vegetable gardens, and the thorough cleaning up of homes and surroundings should be advocated as special duties for the day.

Arbor Day has its justification in the value of trees, from whatever point of view they may be considered. Nothing contributes so much to make the world a pleasant place to live in as trees. The true home feeling is not satisfied without the presence of the trees, with their shelter and shade, their beauty of form and leaf, their blossom and fruit, their varying shades with the passing of the seasons, and their fulness of color in the autumn days. They also afford homes and shelter for our feathered friends—the birds—during their annual visits to us.

There is nothing which will add beauty and value to a home or the schoolhouse more than the presence of trees; there is likewise nothing which adds more to the comfort of the pedestrian than shade trees on the roadside. The way may be long and dusty, but under the cool shade of the trees relief is found.

It is to be hoped, therefore, that the celebration of Arbor Day will become more general; that the planting and care of trees and shrubs around schoolhouses, homes, public spaces and by roadsides may have the effect of developing a keener appreciation of the value and beauty of trees; and that in thus enlarging the field of Arbor Day activities, greater interest may be created in the protection of our Canadian forests from the reckless destruction by fire and the axe, with which they are threatened.
