Starvation or Merciless Torture

A choice between starvation or merciless torture is the dismal prospect before all victims of indigestion, for although they are in need of food to nourish the body, they are afraid to eat because of the long periods of pain and discomfort that follow even the lightest of meals.

The urgent need of all who suffer from indigestion is to gain strength so that the stomach can extract nourishment from the food taken. Pain after eating is the way the stomach signifies its protest that it is too weak to do nature's work. To take purgatives is only to aggravate the trouble. Dr. Williams' Pink Pills give new strength to weak stomachs because they enrich and purify the blood supply thus enabling the stomach to digest food naturally. Almost from the first the appetite revives; then food can be taken without pain and the burden of indigestion disappears. The following case proves the truth of these statements Mr. W. H. Silver a well known farmer living in the vicinity of Hemford, N. S., says: "For upwards of seven years I was tortured with indigestion; sometimes I was so sad that I would not taste a bit of hearty food, but would have to content myself with a bit of stale bread. At times I suffered excruciating pains in my stomach, and could hardly sleep at night. I tried various prescriptions but got no benefit from them and naturally I was in a very reduced state of health. I had come to believe that I was doomed for the balance of my life to this most constant torture, when I read of a case similar to my own cured through the use of Dr. Williams' Pink Pills. This gave me new courage and I decided to try them. To make a long story short, the use of the Pills for a couple of months completely cured me. This is some two years ago, and I have had no return of the trouble, and am able to eat as hearty a meal as anyone."

You can get Dr. Williams' Pink Pills through your medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
