served at 11.30. The entertainment closed with the singing of the National Anthem.

WHAT MOTHERS SAY OF BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use no other medicine. She quickly realizes the Tablets are an absolutely safe remedy and one that will give sure results. Concerning them Mrs. R. L. Wright, Pennabit, Sask., writes: "I have used Baby's Own Tablets for my three babies and think so much of them that I always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams, Medicine Co., Brockville, Ont.

Object Of The Campaign.

It not to be supposed that Patriotism and Production means increased Production alone; it means also improved production. Neither does the phrase or term mean that anybody assumes to teach anybody else how to conduct his own affairs. It is merely founded on the plain and acknowledged fact that nobody is so wise that nobody else can give him a hint or suggestion of value in some department of his business. It is always possible to be too rigidly self-contained.

DEFINITENESS AIMED AT.

It is claimed in some quarters that the Patriotism and Production Campaign is being conducted on too indefinite lines. The bulletins obtainable free on application to the Publications Branch, Department of Agriculture, Ottawa, treating each of one subject, and written by acknowledged expert authorities, are especially definite. Readers in occasional cases may think they know as much as is there set down, or even that they know better, out to the vast majority there cannot fail to be something helpful. At any rate, send for the bulletins and see.

VALUE OF PUBLICITY.

Publicity is the strength of every movement. It is characteristic of the Patriotism and Production Campaign that the best is being done to shine in the glare of the big white light. All known means are being utilized to reach the people that they may be encouraged, not so much to extend as to

improve production. It is a reasonable that prices should be raised. This is not entirely wise to calculate but also due considerably to conditions of the period. Of the one great fact not only agriculturalists but all classes may be assured, that with a large section of Europe devastated, and even shipping channels closed, the great output of Russia effectually blocked, and production minimized by reason of the demands of war upon man and beast there must be for things Canadian an upward and a permanently upward trend. Latterly, in some things there has been a rush to market, consequent upon money tightness, which, with the curtailment of facilities for shipment across the seas, has led to a drop in price. But that can only be temporary. Demand will, must and always does come to its own.

A TIME FOR INTROSPECTION.

There can be little advantage in trying to value an unpurchased future. The future will be just what we make it—what we earn. Now is the time for toil, for bloody sweat, for courage and good cheer. It is a time to take inspiration from the memory of our fathers, from the example of our million brothers who line the battle front—a time for each man to judge not his fellow, but to sternly judge himself. Hon. Arthur Meighen at Winnipeg.

WHEN "THE DAY" COMES.

Economists predict a boom in trade when the war is over. Increased and improved production now means riches for Canada then. Markets are not won in a day.

SCOPE OF THE CAMPAIGN.

While the war and the demand it is causing for supplies, especially food-stuffs, are the main reasons for the "Patriotism and Production" campaign, the subject matters discussed have a wider aspect than the immediate present. They mean the welfare of the district, the country and the Empire, both now and here-after. With all the principal European supply countries engaged in deadly conflict, there will be no produce of quantity or quality coming from thence. They will not only require

Moncton Bay Tells Of German Atrocities

(Moncton Transcript, Saturday.)

Mrs. D. W. Kyle, Highfield street, has received the following letter from her son, John J. Kyle, a Moncton boy with Major Anderson's 8th Battery, now fighting on Belgian soil. He tells at first hand stories of the reported German atrocities:

France, March 6, 1915.

"My Dear Mother:
Well, mother, it is March 6th and everything is going fine. Everyone is well and in good condition. I have been up to the firing line with Capt. McKee, and everything looks pretty good.

"It is a fine sight after dark to see the star shells bursting. They light up all around for about 200 yards, and when you are behind them you can see all objects. Nearly everywhere you go you see a church in ruins. When the Germans went through here they entered one place, I know of, and broke all the furniture, dishes and lamps, and took every bit of food in the house.

"When they retreated, they took about 100 young girls prisoners from the villages. Why they even took the wedding ring from a widow woman and cut a six months' old baby's hands off for souvenirs. These are only a few of the things I could relate, and then when people see these things in the papers they cannot believe them.

"The Germans seem to delight in shooting priests, and destroying the churches. The Captain [Capt. McKee] and I, have their punishment all laid out for them though.

"We have coffee every night and morning; turkey for dinner and chicken for supper, and for breakfast we have poached eggs and toast, or ham and eggs, just as one prefers.

"With love to everyone and lots to yourself.

"Ever your loving son,
"J. J. KYLE."

CAPTAIN MCKEE SAYS GERMAN ATROCITIES ARE UNTHINKABLE.

A short note from Captain McKee

received in Moncton today states: "I am quite well again and gradually recovering from my cold. We are quartered with a French woman and her two sons, 16 and 18 years of age. Some of the crimes committed by the Germans are unthinkable. They stripped the boys and drove them out. All the beautiful churches about here have been burned by the Germans. What they have done is really unthinkable, and when you read of it in the papers, no wonder you cannot credit it. The number of women and girls who have been ruined for life is appalling."

D. James Griffith

Friends and relatives in St. John have heard with sincere regret of the death of Dr. James E. Griffith at Edmonton, Alberta on March 5. Dr. Griffith survived his wife, who died February 22, by only eleven days. The Dr. was a native of Woodstock but practiced in this city for some years but for twenty years and more has resided in the west, where he was highly esteemed. His wife was the daughter of the late Mr. Edward Kitchen of this city. They are survived by one son in the States, a daughter in the States and three daughters in Edmonton. St. John Globe.

Victor M. Hartin

The remains of the late Victor M. Hartin, arrived at Cantorbury, the 19th inst, accompanied by his brother, Andrew Hartin, of Seattle. Interment was made at Canterbury cemetery in the family lot. The funeral services were conducted by the Rev. J. E. Jewelling, assisted by his Lordship Bishop Richardson.

The deceased was a talented draughtsman and clever business man; he had purchased a ranch a short distance from Spokane. It was when returning from a visit to his ranch that the sad accident occurred, which ended his life. He stopped to visit his sister in Spokane, and with his sister and her little children went down to the basement of her home to see some changes which were being made and was struck by a piece of masonry, which fell from the wall, which was being repaired. Three brothers, seven sisters and a widowed mother are left to mourn.

Fred Hawkins.

The death of Mr. Fred Hawkins occurred at the home of his daughter at Millville on Sunday, March 7, after an illness of some weeks.

The deceased was 78 years of age and was one of the pioneers in that neighborhood. He leaves to mourn their loss, three daughters, two sons and 11 grandchildren—Harvey and William of Millville; Nora of Waterville, Me., Mrs. Thomas Noddin of Woodstock, and Mrs. Allison Schriver of Millville.

The funeral was held at Bartt's Corner, interment made at Pickard's cemetery.

Deceased was born at Keswick and was a member of the United Baptist church.

Red Cross Society is in Need of Money.

We are being asked to contribute \$100.00, to provide two beds in the Duchess of Connaught's Hospital. These beds will be named for the Woodstock, New Brunswick, Red Cross Society, the balance of the money to be devoted to Red Cross Work. Collectors will call at every house Monday or Tuesday. Have your contributions ready please.

Mrs. Dr. Lawson, who has been visiting her sister, Mrs. J. R. Brown, has returned to her home in St. Stephen.
