The farmers are beginning ploughing and other farm work and in a few days seeding will be general. The cold rains have wet the ground and many farmers who intended to begin seeding this week with wheat have had to defer such until the dry weather comes. A considerable increase is expected in the grain line and too the acreage of potatoes planned for will be up to last year, which was the largest in the history of that industry in the farm line.

At an early hour on Thursday morning, April 15th, Mrs. Margaret White, relict of the late John White, died at her home in Gordonsville, after a lingering illness of many months, which was borne with Christian patience and fortitude. By her kindly disposition and her earnest Christian piety she endeared herself to a large circle of friends, many of whom gathered to pay their last tribute of respect in the United Baptist church at Gordonsville, where Rev.
