JACKSONVILLE

The little daughter of Mr. and Mrs. Harley Miller has been very ill, but it is hoped she will soon recover.

The play given by the Komical Klub, of this place was a great success, the proceeds netting over \$60.00. Mrs. Hildley and Miss Hayward rendered solos, with good effect and the chorus "We'll Fight for our King and Country" was well rendered.

A very small audience greeted Rev. Mr. Smith on Thursday evening last, the weather being too inclement for many to be out.

Some of the men from N. B. have been in the firing line, but there is some doubt, as yet, as to the whereabouts of Clarence Havens, John Judkins and Roy Adams. We feel assured that their turn will come soon and that they will acquit themselves bravely. The 8th Battery, of which these young men are members, has made a name for itself for skill in firing and general efficiency, so the boys expect to be among the first to be in the trenches.

Mrs. Hale the guest of honor, with the recipient of many remembrances, as well as congratulatory letters from friends afar off, all wishing her many happy returns of the day.

Lt. Col. W. C. Good has not been able to carry out his plans, as yet, in regard to getting to the front. He is however doing efficient work as second in command of the Remount Depot at West Downs, South. Salisbury Plain. Over 2000 horses come in every month from Canada and as many mules for the ammunition and supply waggons. Col. Good has the not too pleasant task of commanding the transport of these animals across the Channel for the use of our army in France. The Depot will be moved to France shortly when the next move will be to the front to fill in the casualties for both officers and men. They will all be thankful when their turn comes to get into what they term "the real thing," and Col. Good says that he will never be content until he gets a chance at the Germans. He also says that a man who will not fight for such a beautiful country as England is N. G. (no good.)
