General Strike in Munition Factories

Bridgeport, Conn., July 27.—The strike situation at the Remington Arms and Ammunition factory and the several sub-contracting plants where machinists, millwrights, and structural ironworkers resumed their strike, because of the alleged refusal of the department heads in the arms factory to employ all those who had been out on strike, last week, remained unchanged to day. J. J. Keppler, international vice-president of the machinists; J. A. Johnston, head of the structural iron workers, and John Flynn, international organizer of the carpenters, were all in New York on matters relating to the proposed general strike of trade unionists in many munition factories in various parts of the country.
