WILLIAMSTOWN

Aug. 5th, 1915.

We are having very fine hay weather, some are done and have gone on their vacation.

The Methodist Auxillary met yesterday at Mrs. Wm. McWaid's, quite a number attended.

Misses Helen McWaid, Grace Page, and Marjory Barker all passed for entrance to Normal School, which speaks well for their last teacher Miss Gaynell Long, who is to be succeeded by Miss Hoben, Fredericton, who has the Lakeville school engaged. Miss Fern Page, the Deerville school and Miss Annie Lindsay, the Pioneer school.

The autos can be heard and seen at all hours of the day and night and especially Sundays, I think they increase Sunday visiting.

Harmon Carvell is haying on his farm two miles from Lakeville.

Report says Harry Gilliss has bought the farm of the late Howells Corbett, it is situated between Harry and Robert Gilliss farms, this purchase making the three Gilliss Bros. farms connected.

Geo. Garbett is assisting John and Eldon Waters hay.

Miss Fern and Grace Page visited Tracy Mills, Tuesday, Fern remained to visit relatives this week.

Mrs. Maggie Corbett was the guest of Mrs. Thomas Corbett, a few days this week.

Mrs. R. D. Smith spent an afternoon with Mrs. Jonnie McAuley, last week.

Miss Jameson was the guest of Mrs. John A. Porter, one day recently.

Town Council

Continued from page 1
been contracted outside that village. We have been allowing the question of pure water to slide along, but it is a serious matter when typhoid touches our own family. It might be difficult to finance a new water system but the measure requires immediate action. There was no doubt in his mind but that all past epidemics of typhoid were caused by the river water.
Dr. N. P. Grant said that he endorsed the remarks of the other speakers.

There was never a doubt in the minds of the doctors but that the source of typhoid was the river water; the fever did not come from the milk or sewage, consequently by elimination the fever is due to water. He had traced the origin of some of the cases from the country, and he believed they came from the town water. It is unfortunate that we must continue to use water that is contaminated. The rate-payers would be satisfied to spend the money for pure water, even if they did without other necessary town improvements.

Couns Young and Flemming spoke to the question, arguing that we needed, probably, a pure water system, that it would cost \$40,000 and the money was not in sight.

Coun Leighton—Give me the delinquent taxes for 1914 and previous years and I will agree to prospect for pure water and only spend the money as it is collected from 1914 taxes and the years before.

Coun Noddin—We are not against pure water. We made an appropriation of \$500 to go toward that object, without a dissenting voice, and Coun Leighton is asking for more money before he has spent that amount.

Mayor Sutton then thanked the doctors for their attendance and they left the meeting.

Moved by Coun Leighton that the matter of the appointment of a superintendent of the water works be laid over till next meeting. Carried.

Coun Flemming reported that the owner of the property on Connell street E. K. Connell, over which the sewer drained to the creek, demanded that the sewer boxing be removed and the excavation filled. Referred.

Voted that the water committee be given power to make the necessary repairs at the pumping station.

Moved by Coun Young, seconded by Coun Leighton, that an order for \$400 be drawn on the treasurer in favor of A. F. Garden for library purposes. Carried.

Moved by Coun Young, seconded by Coun Noddin, that the contract made by Coun Fewer for a telephone in the treasurer's office, be ratified and the bill paid. Carried.

Moved by Coun Leighton, seconded by Coun Smith, that the sum of \$475 be transferred from current account to the sinking fund. Carried.

Moved by Coun Smith, seconded by Coun Flemming, that an order be drawn on the treasurer for \$3,000 in favor of the School Trustees on this year's account. Carried.

Coun Leighton asked if the Council was aware that one of the C. P. R. gatemen, Geo Chase had been dismissed by the railway examiners, on the color test, and that Lawson Fisher had been appointed in his stead. He wanted to know if the Council had been consulted in the matter.

Mr. Hartley, the clerk said that the former gatemen had been approved by the Council and appointed by the C. P. R. The change was made without the Council being consulted.

Coun Flemming was given permission to repair the sidewalks in town, lay new road from the C. P. R. station south as far as the crushed rock would go, and, besides the four now under construction, build other crossings provided he would keep under his appropriation.

Coun Leighton brought up the question of the sale of property of defaulting taxpayers, which had not been closed to his satisfaction, and promised to again refer to the matter at next meeting.

Voted that the salaries failing due be ordered paid.

Voted to adjourn till Monday evening, Aug 23.
