### GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## County Council

Court House, June 15th.

County Council met at 10 a. m. The full board is as follows:—  
Aberdeen—D. Lamont, S. L. Hemphill.  
Brighton—Ed C. Morgan, E. A. Britton.

Kent—Norman Thompson, Wm. J. Gallagher.  
Northampton—Henry A. Phillips, Arthur Gibson.

Peel—J. C. Hunter, E. W. Melville.  
Richmond—Alex Bell, Ezra Flemming.

Simonds—Odbur Shaw, John Perry.  
Wicklow—Carey Estey, Lorenzo Tracey.

Wilmot—W. F. Anderson, H. P. Carvell.  
Wakefield—Albert Bell, W. G. Kearney.

Woodstock Parish—Robt. Moxon, J. Everett Colwell.

Woodstock Town—H. E. Gallagher, H. E. Burt, H. D. Stevens.  
Warden Phillips presided.

The council began proceedings by singing the National Anthem.

The minutes of last session were read and approved.

Coun. Britton said that the special committee on the poor farm were not now, in a position to make a report.

Warden Phillips, addressing the council spoke of the work that had been done by this council. As an election would be on this fall, many now present would not likely sit in next year's council. It was to be hoped that when the January session was reached, the war would be over or, at least, the end would be in sight. Since last session the war situation remains just about the same, although since then our Canadian soldiers have distinguished themselves at the front, and have shown the world the stuff that Canadians are made of. While all Canada mourns the loss of her heroes, yet we cannot but be proud of the way they died on the field of battle fighting for a just and righteous cause.

Coun. Stevens spoke of the fact that Coun. Albert Bell had an interesting experience, as he has continuously sat at the board for 18 years, and not one of those present at the first board of which he was a member are in the council today.

Coun. Bell jocularly remarked that it would almost seem that he was a relic from the past century. It made him feel old, whereas he would rather be classed among the young fellows. There had been lots of changes in the 18 years. Neither a councillor nor an official of that day was now at the board, Mr. Colpitts being the last official to retire. Yet, he only knew of one councillor who had sat with him in the past who had since died—Coun. Wm. Speer. Quite a few of the present councillors were sons of those who represented the various parishes in earlier days—among them were Couns. Lamont, Gibson and Melville.

### AFTER RECESS.

The Sec-Treas. said that upon instructions from the council he had sent checks of \$700 to the Red Cross Society and the Belgian Fund each, and had received letters of thanks for the same from Col. Jas. Mason and Mayor Frink of St. John, respectively. The amount for the Patriotic Fund had not yet been paid over. It would be paid over whenever required.

Coun. Perry said that we had voted this money, and he moved that this sum of \$300 be paid into the Patriotic fund at once.

Coun. Moxon seconded the motion. Carried.

Moved by Coun. Morgan, seconded by Coun. Melville, that the sum of \$500 be paid to S. H. White and charged to the Parish of Brighton. Carried.

Scott Act Inspector McLean was present and was heard before the board; he said he had no detailed report but perhaps some would like an idea of how matters were going. We are getting in a little cash now.

Coun. Melville—How is Jakey Wise? Mr. McLean—Jakey is pretty well I think. There are many inquiries about him. A number of convictions have been made and many of them have been settled in cash. There have been two sentencers laid out in jail. Some sections of the county he had not visited and he depended on councillors and

others to let him know if the act was violated in these parts.

Coun. Perry—How about the Michael Keenan fine?

Inspector—Mr. Keenan had asked for further time and further time had been given him. In time, I think, he will pay in full.

A councillor—How much has Wise paid in?

Inspector—\$250 I think.

Coun. Perry—Are there any other convictions in the upper end of the county?

Inspector—I think there is a conviction against a man named Damon, a pocket pedlar. He is in the upper end of the county. He is keeping out of the way. At Somerville corner there were two convictions against Freeman Rogers. They were settled by payment. There was a party in Bristol who had been convicted and had paid.

Coun. Morgan—Do you find a decrease in the sale of liquor?

Inspector—It is getting scarce—hard to get hold of. A consignment of liquor to one Charles King had been seized at Florenceville. We find sentiment good in the county and favorable to the enforcement of the act. A conviction had been found against the Chinaman at Hartland, and in one case against a shipper in St. John. A case against the railway company had not been pressed as they proved they were innocent of any ill intention and had assisted in getting a conviction against the seller.

Upon motion of Coun. Anderson Sanford Merrithew was added to the list of pound keepers and Newton Hunter to the list of constables for the parish of Wilmot.

The council then took up the bills and accounts in the committee, the warden in the chair.

The following bills were ordered paid:

Mrs. J. Loane Co.	\$ 2 02
Jas. W. Woolverton	41 00
M. E. Commis	28 30
Wm. Armstrong (dep sheriff)	77 05
" " " "	66 95
" " " "	68 20
A. C. Burden (jailer)	112 61

Coun. Lamont wanted to know what most of the prisoners were in jail for?

Sec-treas—All kinds of offences.

C. J. Jones (court stenographer) \$32 70.

Coun. Melville—Is there any fee laid down for the day's attendance?

Sec-treas—No, but there is for the transcripts, and the custom has always been to pay \$5 for the day's attendance. The work is expert and those who can do it are few. The charge is reasonable.

Press Pub. Co.	\$18 00
W. W. Hay	4 00

R. W. Cameron	89
C. T. Boyer	5 30
John A. Lindsay	17 60
A. R. Foster	40 70
Sentinel Pub. Co.	2 00

Coun. Perry referring to the bill of A. R. Foster wanted to know what he came of the fine of \$35 which was paid by one Green to Magistrate Cameron.

See-treas—The magistrate should make a return to me accompanied by a check for the amount of the fine.

W. D. Rankin	\$5 00
T. H. Nixon	2 05
D. E. Nixon	2 35
John Gormely	2 50

Coun. Morgan moved an amendment to No. 16 by law, by which an additional polling place be added to the parish of Brighton for the purposes of municipal elections. Under this provision there is a great convenience to the people of Cloverdale who have had to come to Rockland to vote. Under this change No. 2, back, is divided and one half of the voters, those in Cloverdale and Carlisle, vote in one place, and the other half vote in Rockland. The motion carried.

Coun. Kearney brought up the question of a man who was fined for non-attendance at court as a juror. He paid the fine and now wanted to know where the money went as he did not hear that the county got any credit.

Coun. Carvell said he had a similar experience. He had been fined and had paid the fine. He also knew of a man, Robert Jones, who likewise paid his fine. It would be well to find out where the money went.

The sec-treas said the money would first go to the clerk of the court, Mr. Young. He would see him and ask for the money to be paid over to the county. These fines were imposed in 1913, at

one particular court.

Coun. Colwell moved that Ora Wallace of Upper Woodstock be appointed scaler of lumber, wood and bark.

Coun. Moxon seconded the motion. Carried.

Coun. Colwell moved that a special committee wait on our representatives in the local government, and ask for a special grant on the road between Woodstock and Houlton. It was one of the worst roads in the province. Another question he would like to bring up would be as to the money received from automobile owners. It should go on the roads of the county.

Coun. Gallagher (Kent) thought there were some very bad roads in the upper part of the county, in the parish of Kent, and the government should be approached regarding this.

Coun. Melville had no objection to the motion. It was his suggestion that the committee wait on the representatives instead of going before the government at Fredericton, thus saving unnecessary expense.

The resolution was then drawn up to embrace a committee of three who would ask for a special grant.

Coun. Bell (Richmond)—No small amount of money would make that a good road. It is a hard road to keep up. It would be worth while trying to see what could be done. Motion carried.

Couns Colwell, Bell (Richmond) and Flemming were appointed the committee.

Upon motion Miss Appleby was heard before the council. She stated that the Sentinel and Press got \$25 each for publishing the detailed accounts. The Dispatch was not included in this arrangement, and she wanted to know if the council would give the printing of the accounts to the Dispatch as well as to the other papers.

Coun. Melville—I think it would be better to let the incoming council deal with Miss Appleby's application. He moved that that matter lie over till the January session. Coun. Britton seconded the motion which carried.

Coun. Flemming moved the following resolution, seconded by Coun. Carvell:—

Whereas the present system of building and repairing roads seems inadequate to meet the requirements of the increasing traffic, and whereas in many places in this and other counties of the province there are portions of the high ways that are practically impassable and positively dangerous, therefore, resolved, that in the opinion of this council in session assembled, there should be prompt action taken by the provincial authorities to act in conjunction with the municipalities, with a view to inaugurating a system that will provide for the proper construction and maintenance of permanent highways throughout our province. Carried.

Coun. Britton on behalf of the Poor Farm committee, reported that the committee did not consider, in view of present conditions, that it would be well to press the question, although the committee strongly favored a farm as being the most suitable and economical method of providing for the poor.

Upon motion of Coun. Flemming it was ordered that the matter lie over till the January session. Carried.

A vote of thanks was passed to the committee for the active and valuable work which they have already done in connection with the proposed Poor Farm.

Upon motion of Coun. Gallagher \$500 extra was ordered assessed on the Parish of Kent for poor purposes.

Coun. Carvell asked the sec-treas if a parish was short in its poor finances, and if it had a credit balance against the county, could the money be got from the county?

The Sec-Treas said he had been in the habit of handling over money in this way on the authority of county councillors, but he did not know of any absolute authority he had for disposing of county funds.

There being no other business before the council the board adjourned sine die.

Mr. and Mrs. Blanchard Fowler, of St. John, arrived at Victoria Friday. They will join Mr. and Mrs. Fred J. Boyer who started the same day for Quebec, Montreal and Boston via auto. J. MacLeod Boyer also went with the party.
