## ANNUAL FAIR.

The Annual Fair of the A. M. E. church will take place July 28. At which time there will be a sale of aprons, fancy articles, candies, cakes, ice cream, soft drinks. Meals will also be served, for the small sum of 25cts. from 1 p. m. to 8.

Good music will be furnished by a local orchestra. Come and enjoy a pleasant afternoon and help the little church on the hill.

Your old Hats and White and high shades of Kid, Silk, and chamois gloves made to look like new. I have installed an up to date machine and outfit for cleaning bleaching and blocking of Ladies' and Men's Panama, Derby, Felt, and Sailor Hats. I also have the new method of cleaning light colored gloves. People living at a distance can save money by sending their work to me as I will return same by mail or Express prepaid. Send me a trial order.

I also clean White Canvas, Kid, Buck, Suede, Silk and Satin Slippers, Boots, and Shoes.  
Address: M. Julia, Woodstock N. B.  
Next Door to Post Office.

## CENTREVILLE

If the people of this place have not profited in the past few days by the clergymen who have visited us the fault must surely be with the people.

Two weeks ago last Sunday Rev. Mr. Field of Andover, occupied the Baptist pulpit here, morning and evening. A week ago last Sunday Rev. Mr. Grant of the Maritime Baptist gave us very interesting addresses morning and evening. And on Wednesday evening we had Rev. Mr. Boyer of the Bible Society who gave a very interesting and instructive address on the different branches of the Society's work. Last Sunday we had Rev. N. A. Whitman of Wolfville with us. So that while having no settled pastor we have not lacked in pastoral teaching.

We are informed that the Sunday School Convention which was to have met at Centreville on the twenty-sixth inst., has been postponed until September.

Fred Cheney and family have been visiting relatives and friends in the village the past week. After a few days fishing, he will return to his home in Portland, Me.

Mrs. Mary White has returned to her home in Boston.

Our annual school meeting which was to be held on the 12th did not take place and will be held on the 26th inst.

The farmers are preparing for cutting their hay, which since the favourable weather began has improved very much in quantity and taking the crops as a whole, the farmers in this section have no reason to complain.

The crowded condition of the trains was all that prevented the excursionists to Fredericton from having a first class time. The day was fine the scenery along the St. John River delightful and the time spent in the city for the most part interesting, many old time friends giving us the glad hand and calling to mind many pleasing experiences of the past.

Henry Johnston leaves next week for his home in Oregon.

Master Hamilton Baird spent last week in Fredericton with his grandparents Mr. and Mrs. S. H. McKee.

## Canoe Trip

Dr. William McIntosh, of St. John, came to Woodstock on Saturday and on Monday he took the members of the Rural Science School on a plant and insect hunting trip.

On Monday Mrs. McIntosh arrived from St. John with a party of young ladies, members of the Natural History Society. At five o'clock Dr. and Mrs. McIntosh, and party stated for St. John by canoe. They will stop at the Indian camp sites and collect Indian relics. They will also make a collection of specimens of insects, plants and minerals. The trip will occupy a month.

The following young ladies are in the party: Dorothy Jones, Julia Curry, Kathleen Walker, Jean Somerville, Frances Jordan, Elizabeth McKinnon, Helen Hayes, Etta Bauc, Nellie Wilson, Amelia Turner and Nellie Melrose.

There are many men in Canada who are anxious to go and play their part in the Great War, who are willing to go as officers, but from want of adequate military training, or for other reasons are unable to obtain commissions. There are other men who would prefer to join the ranks simply because they realize the enormous responsibility of the wastage of life which results from the bad leadership of an improperly trained officer.

Some of these men hesitate to go in the ranks, merely because they are uncertain of finding the congenial companionship of men of similar training and tastes.

Now, there is an organization in Canada exactly suited to the requirements of such men, and its existence should be brought clearly to the notice of every young man in Canada.

The Universities of Canada are working loyally together to raise company after company, and to send them overseas to reinforce as units that famous regiment, the Princess Patricia's Canadian Light Infantry.

These companies are composed of men from the Universities of Canada, the friends of such men, and broadly speaking, from men of that type.

It must be clearly understood that they are not all University men, for there are bank clerks, lawyers, architects, engineers, ranchers and others, and it has been found that such men pull well together and enjoy military life to the full. If the existence of such a force was known throughout the length and breadth of Canada, there would be no difficulty in recruiting a full company within a week.

The First University Company, under the command of an excellent leader, Captain Gregor Barclay, has been for some time in England. An eminent military authority has declared this to be the finest company which has ever sailed from Canada.

The Second University Company was composed of men of a splendid type and was embarked recently at Montreal.

The Third Universities Company (and note that the plural is deliberate) is recruiting with fair rapidity and there is every hope that it will reach the high mark of success attained by the first two companies.

There is certainly no difficulty in obtaining officers, but it is harder to find picked men for Sergeant-Major, Company Quartermaster-Sergeant, Platoon Sergeants and Section Leaders, on whom largely rests the success of the Company. Indeed, Canada needs chiefly a training school for non-commissioned officers.

The general principle is followed of giving commissions to well qualified men from the University or from the district which furnishes the recruits.

The West has certainly been a great recruiting ground for the Universities Companies, and the men have proved themselves good soldiers, well disciplined and efficient, with fine physique. It is hoped that the Maritime Provinces will rival the West in furnishing recruits. Indeed, in the Second Company men, doubtless Canadians, came to join from Oklahoma, Arizona and Missouri.

A recruit can be examined medically and attested in his own district, and transportation will be provided to Montreal.

All information can be obtained from Captain A. S. Eve, 382 Sherbrooke Street West, Montreal, the headquarters of the successive companies.

The newspapers and publicity agents, by their voluntary aid freely given, have shown themselves to be the most efficient means of furnishing recruits, but we ask every reader to help the men to join the Company they are looking for, and the Company to find the men required.

Mr. and Mrs. W. P. Jones are in Houlton, for a few days this week. Mr. Jones is attending a meeting of the St. John River Commission.
