Retreat Of The Austrians

Rome, June 28 (via London).—The Italians have flung back the Austrians a further distance on the Trentino front. The War Office to-day announced the capture of Monte Giomondo, north of Fusino, and Monte Cavioj. These positions lie between Pomi and Astico.

London, June 28.—A despatch to the Chronicle from Milan says:

Details of the precipitate Austrian retreat are coming through from Luigi Barzini and Arnaldo Fraccaroli, war correspondent of the Corriere della Sera.

It was one o'clock on Saturday morning when the first signs of the Austrian retreat be-

A Woman's Health Needs Constant Care

When the Blood Becomes Poor Disease Speedily Follows

Every woman's health is peculiarly dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness. Of course all these symptoms may not be present—the more these are the worse the condition of the blood, and the more necessary that you should begin to enrich it without delay. Dr. Williams' Pink Pills are beyond doubt the greatest blood-building tonic offered to the public to-day. Every dose helps to make new, rich, red blood which goes to every part of the body and brings new health and strength to weak, despondent people. Dr. Williams' Pink Pills are valuable to all women, but they are particularly useful to girls of school age who become pale, languid and nervous. Thin blood during the growing years of a girl's life usually means a flat-chested, hollow-checked womanhood. There can be neither health nor beauty without red blood which given brightness to the eyes and color to the cheeks and lips. Dr. Williams' Pink Pills do all this as is proved in thousands of cases. Mrs. Wm. Rowe, Carlaw avenue, Toronto, says:—"I have received so much benefit from Dr. Williams' Pink Pills that I feel it my duty to recommend them to others. I was about completely prostrated with anaemia. I had no appetite, was terribly weak and subject to fainting spells. I suffered greatly from dizziness, and the various other symptoms that accompany a bloodless condition. Remedy after remedy was tried but to no avail until a friend advised me try Dr. Williams' Pink Pills. Before completing the second box, I was again enjoying splendid health, and have since remained in that happy condition."

You can get Dr. Williams' Pink Pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

came unmistakable. The position was as follows:

On the extreme Italian right flank the Alpi. ni had captured by assault the formidable height of Cima Isidoro on the frontier north of Asiago, facing the Sugabon Valley, together with a battery of Austrian big guns. On this advanced stronghold, with a tremendous concentration of men and artillery, the Italians proceeded to pivot all the operations in this sector, so that the protection thereby afforded enabled them late Saturday night to smash through the Austrian defenses of Mandrielle in a direct line northward at the head of the Campomulo Valley.

This terrible blow at once imperilled the whole system of Austrian positions on the east, and when at the first blush of dawn the Italian infantry swept down the encircling heights upon Castel Gumberto and Monte Fiara and moved forward in concentrated formation from Bosco, from Valbris of Trepattio, the Vecchia and Miela and from Sbarbatal, the Austrian regiments found themselves almost entirely surrounded with no safety except in headlong flight abandoning all the stores and munitions behind them. In the ensuing 24 hours, the whole Austrian defense of this region collapsed like a house of cards, and the Italians were once more in possession of all the burned and ruined towns and villages.

Rome, June 28, via London.—The Italians also advanced on the Asiago plateau, occupying the southern side of Assia Valley, and reached the slopes of Monte Rasta, Monte Interrotto and Monte Mosoggh. Monte Combarra was carried and the Italian advance reached the Galamorra Valley.

Bulgaria Is Becoming Uneasy

Berlin, June 28.—Sofia reports indicate that Bulgaria is uneasy, owing to the possible consequences of Greece's capitulation to the Entente demands. It is said that official Bulgarian circles declare Bulgaria would be forced to regard Greece under the dictatorship of Venizelos and obeying Entente orders as an open enemy.

Sofia feels that Greece's capitulation has caused the whole Balkan problem to enter a new stage. The effects of the changed situation are already making themselves felt in Sofia and Bucharest. While recognizing Greece's goodwill to further maintain neutrality, Sofia regards Greece's future attitude as most difficult.

Athens, June 28, via London.—The situation in Greece remains critical and full of uncertainty, although the demands of the Allies are being rapidly carried out. The royal decree for the general demobilization of the Greek army was signed by King Constantine yesterday afternoon and a Venizelos adherent, Zymbrakakis, will be sworn in as chief of police to-day. Rear Admiral Damianos has been appointed minister of marine.

Rear Admiral Coundouritis, who was first named, refused the appointment.

Splendid Raid Plan of Germans

(New York Times.)

Officers on the Cunarder Andania which arrived yesterday from London, said that when the steamship was passing the Thames estuary they saw twelve battleships of Admiral Jellicoe's fleet returning from the North Sea fight with their supply ships and colliers.

They said the reason that Admiral Beatty attacked the German fleet was to prevent six fast auxiliary cruisers getting out to raid the commerce of the Allies. It had been planned that the raiders escape from Kiel under cover of the grand fleet and get into the Atlantic round the north of Iceland by the same route the raider Moeve took to get home.

One thing is certain, the officers of the Andania said, was that the project had failed, and the six auxiliary cruisers had either been sunk or returned to Kiel.

The British admiralty had made known the losses, but had not given out any detailed account of the fight, as the officials were waiting to see what German warships were in Kiel or in dry dock, and whether the Hredenburg was among them.

Must Sue For Peace

(London Daily News.)

Germany is the author of this war; she occupies the territory of the nations that she has outraged; she can claim and does claim to have the victorious positions, and the only terms at which she has hinted are terms which cannot be considered. The time will come, and we believe that it may come sooner than expected, when her approaches will be more definite and will be frankly on the basis of a suitor for peace and not of a belligerent offering terms of peace. Till that time comes, bringing with it to the Allies the power to dictate such terms as will secure Europe against the recurrence of this enormous calamity, we must not entangle ourselves in futile negotiations. We cannot discuss terms with Germany while she occupied allied territory and claims to be the victor in the war.

LARGEST ANIMAL ON EARTH

Sparks' World Famous Shows are billed to exhibit at Houlton Me. Monday July 3.

and from the newspaper reports preceding them their exhibition will be worth going many miles to witness.

Among the many features the show carries is what is claimed to be the largest land animal on earth. It is an elephant said to be three inches taller than Jumbo and a half ton heavier.

Some idea of her immense size can be obtained when you consider that she is 11 feet, 7 inches tall and weighs over 5 tons. In other words she weighs as much as 10 ordinary horses.

Another extraordinary feature with the show is Capt. Wesley's troupe of educated Seals and Sea Lions. These interesting sea animals perform the most seemingly impossible feats; balancing chairs, umbrellas and whirling brands of fire while climbing ladders, walking tight ropes and riding the backs of galloping horses. This feature baffles description and must be seen to be appreciated.

Many other wonderful things are to be seen with this mammoth show, and the main performance beneath the big tents will present a number of the most marvelous foreign acts of the century.

The menagerie of wild animals carried with the show is complete in every detail, and contains rare and curious specimens of the earth's most interesting and curious animals.

A mile long street parade of dazzling splendor, beautiful women, and handsome horses, interspersed with three brass bands and a steam caliope will traverse the streets shortly before noon and this feature alone will be worth going many miles to see.

Don't forget the date and the place of exhibition Houlton Me. Monday July 3.

Engineer James Tompkins, who went over with Col. McVilvie in the First Contingent, as orderly, and who has three sons enlisted in this war, arrived in Quebec on Thursday, partly or completely blinded by gas, and has been invalided home.

Mrs. John Tye has tendered her resignation as teacher of the Household Science department of the town schools, which has been accepted by the school trustees, and Miss Akerly of Kings county has been appointed in her place. Mrs. Tye left on Saturday for her home in Sussex, N. B.

Mrs. W. L. Carr, who has been visiting in Western Canada and points in the United States, returned home on Saturday.

Francis Kelly

The death of Francis Kelly, the well known funeral director, which took place at the Fisher Memorial Hospital at 8 o'clock on Sunday evening, will be sincerely regretted by a large circle of friends.

Deceased had retired from the undertaking business a couple of years ago, as he was suffering from cancer on the face, but he was able to do light work until a week or so ago when he was removed from his home to the hospital. His wife died some years ago, and he is survived by one son, Fred., connected with the overseas staff of St. Francis Xavier College, Antigonish, N. S. The deceased was 55 years of age. The son, Fred., left for England about a week ago.

The funeral was held from his residence at 9 o'clock on Tuesday morning, with services at St. Gertrude's church by Rev. J. J. Ryan, and interment in the Catholic cemetery.

Mrs. Charles Trafton

Mrs. Charles Trafton died at the home of her daughter, Mrs. James Atkinson, McKenzie Corner, on Saturday evening, June 24th, in the 89th year of her age. Mrs. Trafton was twice married. To her first husband, Elijah Watson, four children were born, two sons Rev. Elijah Watson of California, and Mr. C. R. Watson of this town, and two daughters, Mrs. James Atkinson, McKenzie Corner, and Mrs. Alfred Trafton of Woodstock. By her last husband Chas. Trafton, three children survive, two sons, Rev. G. B. Trafton, pastor of the R. B. church, St. John, and Arthur of California, and one daughter Mrs. Edward London of Canterbury.

The funeral service was held on Monday in the Reformed Baptist church, conducted by Rev. H. S. Dow, and the burial took place at the Kirk, Northampton.
