Boys' Conference Closing Sessions

[St. John Globe].

At the Boys' Conference on Saturday afternoon in Centenary Church, Mr. T. H. Hutchinson spoke on the mid-week programme for organized Bible classes. He recommended the use of the Canadian Standard Efficiency Tests.

Following this session groups of boys visited the pulp mill, grain elevator, shell factory and others places of interest.

At 5 o'clock the delegates marched in a body to the Imperial Theatre, where a special educational film was shown.

In Centenary school room at 6.30, a banquet, prepared by the ladies, was thoroughly enjoyed. After a short programme of toasts and music, Rev. L. H. Buckley leading, Mr. T. H. Hutchinson spoke on "The Boy Builder," the official magazine for boys, and Rev. F. H. Langford gave a practical illustration of the efficiency tests.

The Sunday programme commenced with denominational conferences at 9.15. At 11 o'clock the boys attended the regular church services with their hosts. At 2 in the afternoon the delegates met in groups, and planned the work which they intend to undertake on their return to their homes.

A mass meeting for leaders, delegates and other boys was held at 4 o'clock in Centenary Church. The speaker was Mr. Taylor Statten, of Toronto, national boys' work secretary. At the close cards were distributed, and on these the

boys were asked to jot down in concrete form any good resolutions they had formed at the conference.

The members attended the regular evening service in Centenary, and heard an instructive sermon by Rev. W. H. Barracough on the text, "Let No Man Despise Thy Youth, But Be Thou An Example, etc."

Following this the closing meeting of the conference was held with the president, John N. Jordan, in the chair, Mr. Taylor Statten conducted the meeting. The secretary, James A. Humphrey, Moncton, presented a report of the previous sessions, and the vice president, Harold Brewer, of Woodstock, presented the report on credentials and resolutions. The latter report showed a total of 302 delegates registered.

Mr. Statten gave a brief address and Rev. C. A. Myers told of the beginning of the united work of the churches and the Y. M. C. A. in this province two years ago and said they aim at having every boy of the "teen" ages in Canada qualifying under the efficiency tests.

Rev. F. H. Langford emphasized the need of sustained work after the delegates return to their homes and asked for the sympathy and aid of the older folk.

Stories of the work accomplished by other boys as the result of previous conference were told by Rev. W. A. Ross.

This was followed by the delegation reports in which a representative from each district told of the work which the members from his section had decided to carry on after they returned home. The most ambitious programme presented was that prepared by the Presbyterian boys of St. John: "That a 'Three C's' programme be thoroughly discussed and put in operation; that each boy read a portion of the Scripture daily and that the studies laid down in the 'morning watch' be used; that the classes already organized put in operation the standard efficiency tests; that all unorganized classes be organized as soon as possible; that all 'teen' age classes be provided with male teachers; that all organized classes hold mid-week meetings; that all organized classes eit

her obtain a class room or arrange to meet at some distance from other classes; that all Sunday schools provide their denominational examinations for organized classes; that Sunday school officers be urged to provide graded lessons; that all organized classes have an assistant mentor; that each secure a name and motto; that each class and mentor be registered at the denominational office; that young business men be interested in boys' work and, where possible, a boys' work committee be formed; that every boy in the schools be chartered by December 31; that in larger schools where there are several classes, the teachers co-operate in the mid week meetings; that steps be taken towards instituting training courses for mentors; that all possible literature be placed in the hands of the mentors; that physical activities and tests be taken and diploma awarded at the next rally Sunday; that new members be brought in; that each delegate do his best to bring about fulfillment of these resolutions."

Short addresses were given by Mr. Statten, Mr. Charles Beaching, New York; Rev. W. H. Barracough, and Rev. J. H. A. Anderson.

The conference was brought to a close with the singing of "Blest Be the Tie That Binds."

Pursued By The Roumanians

London, Nov. 1 [noon].—The Austro-German forces have retired from the region of Garapulung, in northern Roumania, pursued by the Roumanians, who have passed over the frontier in the movement, according to a despatch from Bucharest, says a wireless mes-

sage from Rome today. Four hostile battalions were annihilated by the Roumanians, according to this report.

Paris, Nov. 1 [noon].—The village of Barakli Azuma, in the Strum sector of the Macedonian front, was captured last night by British troops. They inflicted heavy losses on the Bulgarians, the war office announced today, and

took 300 prisoners.

New York, Nov. 1.—The correspondent of the Tribune at London cables that the encounter between troops belonging to the Venizelos army and Greek Royalist forces which took place yesterday at Guida, when several soldiers were wounded on both sides, has drawn fresh attention to the Greek situation in military and diplomatic circles in London.

The position of the entente powers, as officially stated to the correspondent, is that they have no desire to precipitate anything approaching civil war in Greece, but that at the same time they are willing to recognize the Venizelos government wherever it appears to be dominant. The likelihood remains that a repetition of the present incident will stir up a conflagration at any moment and upset all the plans of the allies.

Bucharest, Nov. 1, via London.—The Roumanians have driven back further the Austro-German forces in the Jiu region of the Transylvanian front and are continuing the pursuit the war office announced today. They have captured more than 600 men and a great quantity of war materials.

Roumanians and Russians Winning Comparatively Quiet in France

London, Oct. 31.—The battle that has been in progress in the Szurdok Pass region, on the Roumanian Transylvanian frontier, has ended in a brilliant victory for the Roumanians, according to a wireless message from Bucharest today.

The Austro-German forces, it is declared, have been repulsed from the frontier, after having lost much artillery and many prisoners.

Along the whole front of the Transylvanian Alps, on the northern Roumanian border, the Teutonic lines have been shaken by the Roumanian attack.

The bulletin from British headquarters in France, issued tonight, reads: "Our artillery and trench mortars bombarded the enemy's lines today in the neighborhood of Hohenzollern and La Basse Canal. There was considerable hostile shelling against our front in the Ypres area, at Hebuterne and south of the Ancre, especially around Stuff and Schwaben redoubts and the Regina trench. Otherwise there is nothing to report."

The following official account of the operations on the Macedonian front was issued here today: "With the exception of a sharp patrol action near Kalen Cra the situation is unchanged. Our naval air planes dropped bombs on the railway bridge at Simsimi, east of Drama, and inflicted damage."

"The day was relatively calm on the whole front," says the bulletin issued by the French war office tonight. Only fairly lively intermittent fighting was reported in the region of Sally and St. Pierre Vaast Wood."

Macedonian Front. "North of Lake Doiran the Italian artillery fire caught under its fire the dispersed Bulgarian troops in the direction of Akinjali. In the bend of the Gerna the Serbians continued to advance. West of Lake Presba we occupied Singieri Monastery. Bad weather prevails generally, hindering operations."
