Relief From Indigestion

The Most Common Cause of This Trouble is Poor Blood

All conditions of depressed vitality tend to disturb the process of digestion. There is not a disturbed condition of life that may not affect digestion. But few causes of the trouble are so common as thin, weak blood. It affects directly and at once the process of nutrition. Not only is the action of the gastric and intestinal glands diminished but the muscular action of the stomach is weakened. Nothing will more promptly restore digestive efficiency than good, red blood. Without it the normal activity of the stomach is impossible.

Thin, pale people who complain of indigestion must improve the condition of their blood to find relief. The most active blood builder in such cases is Dr. Williams' Pink Pills. They make the rich, red blood which quickly restores the digestive organs to their proper activity, and the dyspeptic who has hated the sight and smell of food now looks forward to meal time with pleasure. As proving the value of Dr. Williams' Pink Pills in curing indigestion Miss Edith M. Smith, R. R. No. 4, Perth, Ont., says: "I can honestly say I owe my present good health to Dr. Williams' Pink Pills. My stomach was terribly weak and I suffered from indigestion and sick headache, and was always very nervous. I was troubled this way for nearly three years, and in that time took a great deal of doctor's medicine, which, however did not help me. I could not eat anything without experiencing the most agonizing pain. My sick headaches were most violent and I could not rest night or day. I was asked one day by a friend to try Dr. Williams' Pink Pills, and consented to do so. After taking them some time I found they were helping me, and I continued to take them steadily for several months, until I found that I was completely cured. While taking the pills I gained both in strength and weight, and I feel it impossible to praise Dr. Williams' Pink Pills too highly." You can procure these pills through any dealer in medicine or by mail, post paid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brockville, Ont.
