Dated February 29th, 1916.

RICHARD ALLINGHAM,

GEO. W. JACKSON,

PATRICK BRADLEY,

Assessors.

Dr. Manzer Will Resume Profession

Having been requested by so many of my old patients to do some Dental Work for them I have decided for a short time, or until further notice, to open an office at my Residence, Chapel Street, opposite the Armoury. It was also my aim during my seventeen years' practice to give my patients the best of materials and the most modern appliances to operate with. I have equipped a new office and am now ready to do all kinds of Crown and Bridge Work, make Artificial Teeth, put in Fillings of all kinds or do any kind of Dental Work.

I am still using my old prescription in the painless extracting of teeth and also administer gas and ether.

It is a growing custom now for Dental Surgeons to have their office at their residence. This is a great advantage in many ways to patients as they are always able to find the doctor at any time of day or night. Another is being on the ground floor as many patients object to climbing a flight of stairs and still another—they have all the comforts of a modern home while waiting their turn for an operation.

I will as formerly give special attention to all diseases of the mouth, nose and throat. The specialist today is the man to consult as he has the experience in seeing and operating upon so many special cases.

Make appointments by phone 10-11, by mail or at my office.

I thank you for past favors and hope to see all my old patients back and many new ones.

DR. MANZER, OFFICE, CHAPEL STREET, OPPOSITE THE ARMOURY
