By request of many of his old patients Dr. Manzer has decided to open a Dental office for a short time at his residence Chapel street, opposite the Armoury. Dr. Manzer has one of the best equipped and most modern offices to be found in the Maritime Provinces. Office on the ground floor so you will have no stairs to climb which many patients object to.

Dr. Manzer specializes in all diseases of the mouth and jaws.

Patients desirous of having any Dental work done should make an appointment at once. Painless extracting, Artificial Teeth, Gold and all kinds of fillings, Crown and Bridge work. Gas and Ether administered.

It has always been my aim to give my patients the best of everything. The best materials in their work and the most modern appliances to operate with. It hurts more to have good work done than poor, but it is better to have your fillings put in so they will not fall out and then it is done for good. Be merciful where you can but just always when work is poorly done a Dentist is neither merciful nor just as the patient has to go all through the trial of having it done over again.

Make appointments by phone 19-11 by mail or at my office.

Dr. Manzer, Graduate of Tufts, Boston Assistant Surgeon Boston Oral Hospital.

The advisability of purchasing a lung motor for the Fisher Memorial Hospital has been brought to the attention of the executors of the Fisher Estate, Messrs A. B. Connell and F. H. J. Dibblee. It is claimed that many lives have been saved in the different cities where the motor is being used particularly in cases of accidents by water or gas, it has saved the lives of many who to all appearances were dead. The lung motor is a late invention and as the cost is only about \$50, there is no doubt but that it will be added to the equipment of the Hospital.

German Morale Being Destroyed

New York, Jan. 19.—A cable to the Tribune from London says: The Germans have endured a terrible

week-end from the allies heavy and sustained artillery fire, says the Daily Mail's Rotterdam correspondent. From Heteas, in the north, down to Lens the German lines have been shelled with that deadly accuracy so dreaded by the Kaiser's western army. Death and destruction rained around Lens, where the important railway junction east of Avion was greatly damaged. The German artillery is unable to reply adequately to the British big guns, and this fact is doing much to destroy the morale of the German soldiers. So long as the German guns were able to keep the upper hand the Germans felt confident of their superiority. Now their spirit is completely changed. The men are living in daily and nightly terror of surprise bombardments.

The soldiers in Guent repeatedly say that their nerves cannot hold out against these terrific bombardments.

Banquet to Colonel Melville

Florenceville, N. B., Jan. 12.—Upwards of 150 people gathered in the Exchange Hotel here tonight to participate in the banquet prepared to do honor to Lt-Col. W. W. Melville, who after over a year of vigorous fighting in Europe, returned on Tuesday to visit his family and friends, as well as to recuperate in preparation for a return to the conflict. The new proprietor of the hotel, Mr. C. M. Dow, spread an excellent feast.

Col Melville was listened to with rapt attention as he told, as far as permissible, of the progress of the campaign and his experiences on the fighting line. As he explained there were many things of which he could not speak, but of the Canadians he assured his hearers there was the utmost praise from the English and French officers for their fighting ability, bravery under fire and general good conduct as soldiers. The great need of the Empire is more men and quickly in order that a decisive blow may be struck at the enemy and so bring the war to an end in short order. Canada has done nobly and his home county of Carleton had shown up well in the recruiting, but there was a great work yet to do and the more of our young able-bodied men who offered themselves on the altar of the Empire the sooner this work would be completed and peace once more restored to the world with the British Empire standing out prominently as the champion of justice and the avenger of those who have suffered at the oppressors' hands. There was a round of toasts which were responded to by several speakers and the gathering broke up in the wee hours after singing the national anthem.

The following toasts were honored: The King; Our Guest, responded to by Col Melville; Britain Rev. W. J. Hurlow; Our Allies, Rev. E. C. Jenkins; Canada, Rev. G. A. Ross; Our Militia, Major Kennedy, 115th; Our Province, Rev. H. M. Manuel; Home Defence, Major C. H. Taylor; The Ladies, A. D. McCain and C. E. Gallagher.

Before the banquet a public meeting was held at which Col Melville was presented with a gold headed cane, by Rev. G. A. Ross on behalf of the gathering.

The committee in charge were W. D. Atkinson, Mr. Morris of the Bank of Nova Scotia, Mr. Smith and Mr. Tompkins. Telegrams were read from B. F. Smith, Donald Macdonald and J. K. Fleming.

Col. Melville leaves tonight for Ottawa to report for duty.
