

**NEW HEALTH FOR WOMEN**

The most fatal years in a woman's life are those between forty-five and fifty. Many of the sex enter this period under depressing conditions through overwork or worry about the home, or through a condition in which the blood is weak or watery and so they suffer heavily. Among the commonest symptoms are headaches, feverish flushes, palpitation of the heart, dizziness, back-ache, depression and other well recognized disturbances of the health which signalizes that the blood requires attention. Women urgently need rich, red blood all their lives, but never more so than in middlelife, when the nerves are also weak and overwrought.

Now every woman can prove the prompt help afforded to her health by renewing and building up the blood. It is a test that any ailing woman can make by taking Dr. Williams' Pink Pills, for these pills make rich, red blood, which in turn stimulates the appetite, strengthens the nerves and restores full robust health. Thousands of women have found in Dr. Williams' Pink Pills new health and strength and with these a new happiness and interest in life.

So if you suffer, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

**Teachers' Institute**

Continued from page 8

The next business was the election of officers: President, Mr A. D. Jonah; vice-president, Isabel Thomas; secretary, Miss Bessie Fraser; assistant, Miss Francis Milmore; additional members of the executive committee, Mrs Slipp and Mr. T. Dyson Wallace.

On motion, time and place of next meeting was left in the hands of the executive committee.

The following is the report of the committee on resolutions.

Resolved—That the thanks of this Institute be tendered to those citizens of Grand Falls, who so thoughtfully and generously provided the Hall in which our sessions and public meeting have been held, and to Mr Carrol who provided free tickets for the Wells and Rocks; to our secretary, Miss Bessie M. Fraser, for her untiring efforts in promoting the welfare of the Institute, and looking out in various ways for the pleasure and comfort of the teachers.

To those whose valuable and helpful papers, contributed so much to the success of this meeting.

To Mr McIntosh, whose field excursion and lecture were very important features of our program.

That we record our regret at the unavoidable absence of Dr Carter, chief superintendent of education who has always been a welcome visitor to our Institute.

Mrs Mary Slipp,  
Miss Mary Milmore,  
Inspector F B Meagher,  
Committee.

**SALARY QUESTION**

On Thursday evening, Oct 11, at seven o'clock, the teachers of Carleton and Victoria Counties attending the Institute, met, as an independent body in MacLarans Hall, Grand Falls, for the purpose of taking some step towards increasing salaries. Mr Elmer Close was invited to take the chair.

The following resolutions were un-animously adopted:

Finding that our present salaries are entirely insufficient to afford even a moderately fair living, in consequence of the increased cost of living and other causes, and realizing that any adequate measure of relief must first be obtained from an increase in our provincial pay, which would, seconded by our efforts, be productive also of an increase in the district pay. Be it therefore resolved that we, the Teachers of Carleton and Victoria Counties, who are here assembled, memorialize the legislature to enact such a measure at its next session which will remedy a situation that is not only unfair to us but is rapidly forcing very many of our best teachers to go west where their services are properly recognized and many also to leave the profession to take up more lucrative employment, thus causing a scarcity of teachers, and an impairment of the school service, which is greatly to be regretted.

And be it also resolved that we appoint a committee of ten teachers to collaborate and confer with similar committees at Moncton and in latter part of next August in order to devise, if necessary, some means of dealing effectively with the salary question. The following teachers were appointed to the salary committee.

- Miss Agnes S Crickard
- " Mary Milmore
- " Jennie B Alward
- " Bessie M Fraser
- " Isabel Thomas
- Mr A D Jonah
- " Elmer Close
- " Thomas C Pickard
- " J E Higgins
- Mrs Slipp

At Kansas City, Mo., a resolution calling for a strike affecting all mines of the South-western Coal Operators' Association in Oklahoma, Missouri, Kansas and Arkansas, beginning Friday morning, was passed Monday at a meeting of the presidents and secretaries of the state organization of the United Mine Workers of America.

**British Once More Attack**

"The British steam roller goes up hill very slowly, but it is now going down hill and battles are following each other more and more rapidly," said Major General Maurice, director of operations at the British War Office yesterday.

**A Ford Car Takes the Place of all These Things**

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horse and buggy, but the single harness, blankets, whips, currycombs, brushes, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford Car—complete in itself. It is vastly superior to the narrow, cramped buggy that travels so slowly. And when a Ford is standing idle it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.

**Ford**

THE UNIVERSAL CAR

Touring - - \$495  
Runabout - - \$475

F. O. B. FORD, ONT.

R. L. PHILLIPS & Co., Dealers, Woodstock.

The truth of this assertion was driven home less than twenty four hours after it was made by the beginning this morning of another British attack in Flanders. Only three days had elapsed since the last attack, made on Tuesday. Tuesday's push was launched after a four day pause, the last previous drive having been carried out the preceding Thursday. Previously intervals of a week or more had elapsed between the British attacks.

Good progress was reported early by Field Marshal Haig, along the six mile front northeast of Ypres on which to day's assault is being delivered. Apparently the objective is the remainder of the ridge commanding the Flanders plain over the dominant points of which the British have already passed and are driving downward.

Another notable fact in connection with the present series of drives is that each now is apparently being made regardless of the weather conditions.

London, Oct. 12—The British troops in Flanders attacked the Germans this morning on a front of about six miles northeast of Ypres. They are reported to be making satisfactory progress. Rain fell heavily during last night.

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Oct. 12—[By the Associated Press.]—By 7.45 o'clock this morning reports were received that everything was going well with to day's British attack in Flanders. The troops along a wide front had pushed forward to a depth averaging eight hundred yards or more.

Prisoners are beginning to come in early, although slowly, owing to the condition of the ground.

Paris, Oct. 12—The night was marked by great activity of the artillery and by a series of German efforts at various points on the front, says to-day's official statement. "West of Cerny we repulsed an enemy attack, while a detail operation carried out by us north of Noisy Farm enabled us to bring back prisoners. An enemy surprise attack west of Maisons de Champagne and three German efforts in the region of Auberville and Souain came to nothing.

"On the right bank of the Meuse artillery fighting continues in the region of Bezonvaux."

[Some attention is being attracted by the persistence of the German efforts to regain ground on the French front in the Verdun region. In this connection it is noted that recently one of the German military critics in alluding to the situation in Flanders spoke of the peril to which the Germans might be subjected on the Verdun front if the German lines if the Belgian area should give way. The French are very near German territory northeast of Verdun, and a forced weakening of the German lines there might well have a serious effect on the whole military situation, well placed as the French are now for the initiation of a drive from the outlying

Verdun positions. The German effort to push back the French here, or perhaps to regain the lost initiative in the region, may possibly be traced to anxiety in this respect on the part of the German high command.

Small success, however, is attending the crown prince's efforts in this direction. He tried again Wednesday night near hill 344, but Gen. Petain's forces held their ground, driving the Germans out of such advanced trenches as they managed temporarily to penetrate.

Fire at Westboro, Mass., destroyed the Westboro Trunk and Bag Co's factory, the Hessel Lace and Curtain Co's factory, the Westboro Inn and the Staples block. A wall collapsed and six firemen were injured. The financial loss is about \$250,000.

**Settle the Flour Question**  
BY USING  
**PURITY FLOUR**  
Once you know how good Purity Flour really is, you will rely on it constantly for all your baking needs. It goes further, too, and is therefore the cheapest flour you can use.
