In the Balance

"In acute disease or sudden injury the steady, constant drinkers' chances of recovery are diminished 50 per cent."—Professor Gilbert Barling, F.R.C.S., Vice-Chancellor of Birmingham University.

IT was at the bedside of a very sick man. The physicians gravely watched the struggle between Life and Death. All depended upon the heart. Could it cope with the crisis? Life hung by a thread. The thread snapped. The newspapers said he died of pneumonia, and so he did. But the physicians remarked, "Too bad he used alcohol, or he could have passed the crisis."

Yet this man was no drunkard—just a moderate drinker; he could "take it or leave it alone just as he liked" and all the rest of it; was a highly respected citizen, and a staunch supporter of "British Liberty" (to have his drop when he wanted it).

Here's the tremendous significance of his case: He always voted true to his convictions. Moderate drinkers form a large proportion of the vote upon which the Traffic depends for existence. In fact, in many communities the moderate drinkers hold the "balance of power."

Help to Enforce Prohibition

When, after the war, the people vote for or against permanent Prohibition the moderate drinker may turn the scale as he wills.

Prohibition is on trial. The moderate drinker of the class mentioned is needed in the fight for vigorous enforcement—the means to permanent victory—and who is more likely to be indifferent? Would that all the moderate drinkers in New Brunswick could thoroughly realize the seriousness of even slight acquaintance with John Barleycorn. Prohibition would be assured forever!

In the name of common sense why will intelligent men vote for such a curse! Think of thousands of good citizens being the Traffic's main political support by voting "wet."

Will the moderate drinkers take the responsibility of killing Prohibition after the war? We think decidedly not. But we want their help now—to enforce the laws and thus make freedom a certainty.

Use your influence with every moderate drinker you know. Help to enforce Prohibition.

The Red Cross Nurse says to you:—

"Alcohol, by lowering resistance, nine times out of ten, makes it just so much harder for the patient to recover."

ROD AND GUN

The July issue of Rod and Gun in Canada is a good number to tuck into the grip of the sportsman or tourist on vacation bent. A glance at the list of contents shows the following titles: "With The Maskinonge and The Shark; Two Opening Days," by Bonnycastle Dale; "Tu-hoo" by Wm. MacMillan; "Trout Fishing in Northern Ontario," by C. W. Young; "The Beloved Vaga-

IMITATION FIRE

Inexpensive Method For Use in Window Displays

Window decorations may frequently be made attractive by the use of an imitation fire in a stove or a fireplace, when an indoor setting is on display. To produce such an effect, put an electric fan below the place at which the imitation fire is to be arranged and run an electric light cord, with a

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure Circulars free. All Druggists, 75c.

word" by Edward M. Fowler; "The Last Trip Ashore" by F. V. Williams etc. etc. and in addition well maintained departments devoted to Guns and Ammunition, Fishing Notes, Kennel and Trap-shooting. W. J. Taylor, Ltd., Woodstock, Ont. are the publishers of this representative Canadian sportsman's magazine.

NOTICE

All persons holding books belonging to the L. P. FISHER PUBLIC LIBRARY, are requested to return the same on the 16th, 19th and 21st days of June, next. Those not returning books will be responsible for the price of the same.

The Library will then be closed for the purpose of revising and examining books until the 28th day of June, next, on which and the two following days it will be open, and each patron may then take out two books of fiction and two books of non-fiction for the month of July, during which month the Library will be closed.

Dated this twenty fifth day of May A. D. 1917.
MARY J. E. STARRETT, Librarian.

A TREATISE on the Horse—FREE!

Would you free this book that tells you about many of the diseases afflicting horses and how to treat them.

KENDALL'S SPAVIN CURE

is a safe and reliable remedy. It will cure Ringbone, Splint, and other bony enlargements. It is also a reliable remedy for Curbs, Sprains, Bruises, Cuts and Lameness. It does the work safely and at small expense.

Mr. Carl Anderson, Grand Prairie City, Alta., writes: "Please send me a copy of your Treatise on the Horse. I have used Kendall's Spavin Cure for swellings, galls, and all kinds of lameness, and find it a success."

Kendall's Spavin Cure is sold at a uniform price of \$1.00 a bottle, for \$5.00. If you cannot get it or our free book at your local druggist, write us.
