

A "sameness" that is most enjoyable—the daily, unvarying goodness of a cup of "SEAL BRAND" COFFEE. It never fails to greet you with that same exquisite fragrance, amber clearness and delightful flavour, that win people with the first cup.

In ½, 1 and 2 pound tins. Whole-ground—pulverized—also fine ground for Percolators. Never sold in bulk. 184 CHASE & SANBORN, MONTREAL.

High School Closing

Continued from page 8

who graduated from this school and are now in France showed the highest marks of citizenship.

The class prophecy, by Miss Faye Stokoe was excellent.

This was followed by a piano solo by Miss Muriel Merriman.

The valedictory by Vernon Holyoke was well prepared.

The presentation of prizes and diplomas then took place, the latter being presented by Principal Marr.

THE PRIZE LIST

The Governor General's medal for highest standing in the graduating class, presented by His Worship Mayor Burt, won by Winnifred Marion McCunn, daughter of W. M. McCunn.

W. M. Connell's medal for best English essay on "Good Citizenship," presented by Fred C. Squires, won by Leota Blanche Robinson, daughter of Elsmore Robinson

F. C. Squires—Mr. Thane Jones and

schools ever had. In my position I know because I was supervisor of the schools for three years, visited his school frequently while he was at work, and I am on the trustee board. We all

regret his departure. It is the work of Jennie King, grade eight and nine, one of our clever teachers; it is the work of Miss Neales, grade 9, 10 and 11, who for

ert Seely. Rev. Mr. Howard said that winning the prize showed, on the part of Mr Seely, study, inclination and application and was a pledge of his future activity because the people would say, "Here is the young man who won the Carvel medal, and we expect great things from him."

F. C. Squires medal for original work in mathematics in the graduating class presented by F. C. Squires, won by Marjorie Leola Wright, daughter of Mrs. Woodford Wright of Southampton.

W. S. Sutton's prize for highest standing in grade 10, presented by W. S. Sutton, M. L. A., won by Dorothy Stockton.

Mr Sutton—It is 35 years since I left the old school that this handsome building takes the place of. The new building is most commodious and I think the present class is better looking than the boys and girls of my graduating class. Miss Stockton made the best average in grade 10. I congratulate her. I dearly like a winner in all walks of life. I am sure that the graduating class is a good one. I would advise the members of the class to do whatever your hands find to do. Put your whole strength into your work and you will get results. Those who are not willing to work and toil will not get much out of this life.

F. L. Atherton's prize for second highest standing in Grade 10. Presented by the chairman; winner, Deborah Slipp.

Rev A S Hazel's prize for Latin in Grade 9. Presented by Rev Mr Hazel; winner, Glenn Adney.

E W Mair's medal for mathematics in Grade 9. Presented by the chairman; won by Glenn Adney.

Mr Brown—I wish to congratulate Mrs Adney on the success of her son. As for Mr Mair he is the best man on the school board. We learn that his speeches electrify large audiences in Montreal and Toronto, when he goes there on business, but he is so modest that a span of horses could not pull him here, so that he might make a speech of congratulation to the winner of his prize.

Lieut Governor's medal for highest standing in the county on high school entrance examinations in 1916, presented by the

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.

principal, won by Albert Sutherland.

Mr Brown pointed out that since Walter Daley took charge of Broadway, that school has been a consistent winner of this prize. In 1914, Miss McCunn of the Fisher Memorial won, with Miss Maggie Green of Broadway second. In 1915 Edwin Green of Broadway won. In 1916 Albert Sutherland of Broadway won and this year the marks of Miss Kathleen Bowlin are phenomenal, so he presumed that Broadway would win again this year.

After singing the National Anthem, the meeting was brought to a close.

**PURITY FLOUR**  
the Efficient Flour

myself were the examiners of the essays. We decided that No. 12, Miss Robinson's essay, won the prize.

The work of the class as a whole was very creditable. This is the fourth time that I have stood on this platform and I am entirely at home, more so than during the past year at my professional duties. This class is the expression of the work of many teachers. It is the work of Walter Daley, one of the best and brightest teachers the Woodstock

HOW IS YOUR APPETITE?

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to distress them, and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the nutriment that should come from the food is not being distributed to the various organs of the body. In other words the blood is growing thin and watery.

You need a summer tonic, and in all the realm of medicine there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will no longer complain that the hot weather tires you out.

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

many years has done excellent work, and it is the expression of my work while I was principal.

The classes of the Woodstock High School ranked high throughout the province. In the first division one year we had Lee Seely, the next year Robert Mooers, the next year Mary Balmain, and last year we placed Hubert Seely and Leonard Slipp in the first division. I believe that this year has the brightest all-round class in the history of the high school, as it will be noticed that the prizes are not confined to one or two pupils, and Principal Marr should be congratulated on his excellent work.

Latin prize for best standing in the graduating class, presented by Rev. Frank Baird, won by Wilmot Robert Seely, son of Hubert A. Seely.

Rev. Frank Baird said that he believed in the study of classics. He was here to present his prize to Mr. Seely and was glad to know that he made 96, leading his class and doing excellent work throughout the year. He was pleased to know that 18 members of the class out of 21 took the latin course.

J. R. Brown's medal for English literature and history in the graduating class, presented by Rev. J. J. Ryan, won by Helen Louise Pringle, daughter of Rev. Mr. Gordon Pringle.

Rev. Father Ryan congratulated Miss Pringle on her success. In the reading of history a broad spirit should be encouraged. This was a history making time and after the great war is over, history will have to be revised and rewritten. The right spirit was not that as exemplified by the French revolution, but the fatherhood of God and the brotherhood of man as all Christian people now understand it.

James A. Gibson medal, for French and Chemistry in the graduating class, presented by J. R. Brown, won by Winnifred Marion McCunn.

F. E. Caryell medal, for mathematics in the graduating class, presented by Rev. S. Howard, won by Wilmot Rob-
