Sweden May Be Forced Into War

New York, Sept. 14.—The Tribune today publishes the following despatch from Woodstock, N. Y.:

"Sweden may be forced into the war on the side of the Allies as a result of the exposure by the United States Government of the complicity of the Swedish foreign office in German spy machinations, is the opinion of Edwin Bjorkman, writer and translator of Scandinavian literature, just returned from Stockholm to his home here.

"Mr. Bjorkman sees trouble ahead for Sweden, of which he is a native, including a revolution completely overthrowing the bureaucracy, which has ruled the country for hundreds of years, and forcing the abdication of King Gustav, and his German queen, a cousin of the Kaiser."

New York, Sept. 14.—Accidental discovery that wire nails in a consignment for Sweden were covered with lead caps caused the custom authorities today to hold up a shipment of three hundred cases of the nails. The smashing of one of the cases by a passing truck on a Brooklyn pier led to the discovery. It was said there was enough lead on each nail for the manufacture of a rifle bullet and that the application for shipping license contained no mention of the lead, simply stating that the cases contained wire nails.

Washington, Sept. 14.—How Germany's secret practice of using Sweden's diplomatic service for transmitting forbidden communications between German agents and the Berlin foreign office, prevailed in Mexico as well as in Argentine, is revealed in a document published by the state department which passed between the celebrated Herr von Eckhardt, German minister to Mexico, and the chancellor. It discloses how Folke Cronholm, charge of the Swedish embassy to Mexico, practically acted as a messenger boy for von Eckhardt, personally transmitting as his own despatches messages for the German legation, even going to the point of delivering them personally at the telegraph office, and how von Eckhardt recommended that a decoration be secretly bestowed upon Cronholm for his services.

As an added chapter to the story of the recently revealed intrigue in Argentine, the disclosure gives a hint of the nature of the evidence in the United States Government's possession of Germany's illegitimate use of neutral diplomats. The full extent of this evidence may never be published, but it is known to be complete and the American Government's action in making some of it public is not felt to be directed so much at Sweden as toward further informing the world at large of Germany's practices.

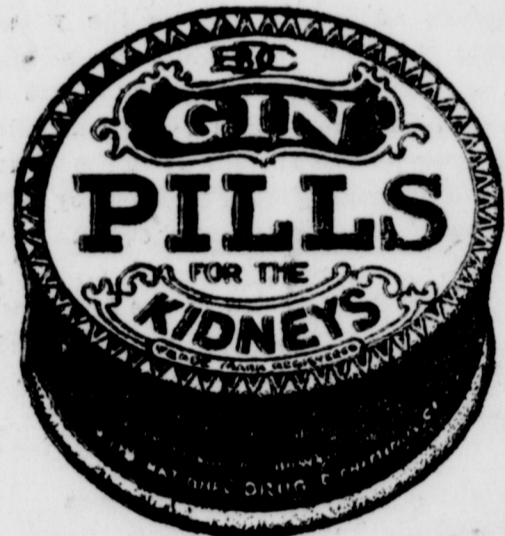

Stockholm, Sept. 14.—An official statement issued by the Swedish government at Stockholm says that O. A. A. Ewerjof, secretary of the Swedish ministry of foreign affairs, has been given leave of absence from the foreign office and

has placed himself at the disposition of the minister of justice, with the object of assisting in the special investigation in connection with the Swedish Argentine rupture.

Korniloff Ready To Surrender

Convinced that General Korniloff's rebellion is definitely at an end, although the general himself has not formally surrendered, the leaders at Petrograd are setting about the reconstruction of the government. Formation of a new cabinet is said to be well along toward completion.

The submission of so many of the troops and leaders who were adhering to General Korniloff apparently has left the leader of the revolt in a position of helplessness. He is said to have notified the government of his intention to surrender upon the arrival at his headquarters of General Alexieff, who has become chief of staff under Premier Kerensky, now commander-in-chief of the Russian armies. One of Korniloff's chief supporters, General Kaladine, chief of the Cossacks, is reported to have been arrested.

Meanwhile the Russian army at the front, particularly in the northern sector, is displaying a fighting spirit, and according to the official statement is regaining some of the ground recently abandoned to the Germans in the Riga district.

Petrograd, Sept. 14.—General Korniloff has communicated to the government his intention to surrender on the arrival of Gen. Alexieff, commander-in-chief of the Russian armies at Mohilev, at which place he is due this evening.

Generals Mazzy and Dragomiroff have been appointed respectively commander-in-chief on the northern and southwestern fronts. The presidential government, according to the Russian official news agency, has sent an extraordinary special commission to the Russian army headquarters in the field to investigate the Korniloff affair.
Petrograd, Sept. 14.—M. Justice,

private secretary to Premier Kerensky, told the Associated Press yesterday that "the situation shows steady improvement." Continuing he said: "Gen. Korniloff has not surrendered, but he is quite prepared to do so and is in a position of complete powerlessness. We have just received an offer of surrender from twelve companies of Korniloff troops, who say they have been deceived, and General Kaladine, who with his Don Cossacks, began a menacing movement against the government, has been checked. We expect that he soon will be taken."

London, Sept. 14.—According to a despatch from Petrograd to Reuters, Ltd., General Kaladine has been arrested at Kostov, with the local Council of Workmen's and Soldiers' Deputies.

Petrograd, Sept. 13.—Further evidence of defection in the ranks of the Cossacks from General Korniloff is given by the arrest near Luga of General Krymoff. The Council of Soldiers and Workmen's Deputies sent a deputation to the troops to explain the situation, whereupon the Cossacks decided that they were ready to arrest their commander provided an order was received from Premier Kerensky.

The Council telegraphed to the Premier, who ordered Krymoff's arrest. Krymoff submitted without resistance and was brought to Petrograd. The Cossacks of his command have joined the government forces in the Luga garrison. Railway service between Luga and Petrograd have been resumed.

Village of Popovo near Tsarskoe-Sele, Russia, Sept. 14.—Having obtained the only permit issued by the chief of the Petrograd district staff to a correspondent since the beginning of Gen. Korniloff's revolt, the Associated Press, early this morning, arrived at this village, which is the headquarters of the staff of a rifle regiment of the guard which with two other rifle regiments, is engaged in holding the front opposite the famous "Savage" division. The situation here is as follows:

"Although a real danger of an armed struggle is now excluded, the 'Savage' Division still is not agreed to surrender on the terms granted by the provisional government last night, but it has formally pledged itself not to attack the Kerensky forces. With its artillery and machine gun detachments the division which is composed of tribesmen from the Caucasus, is quartered peacefully in villages south of this place without entrenchments, outposts, sentries or reconnoitering detachments.

Passing within 40 yards of the Popovo church are the governmental lines, but the Kerensky forces also have no intention of attacking, as negotiations are proceeding and there is a prospect of a settlement being reached before nightfall.

"Russian emissaries and officers constantly are passing into the camp of the Caucasians carrying proclamations headed by Gen. Filippoff, the supreme commissioner, advising the troops of the 'Savage' division to abandon their officers and to march to Tsarskoe-Sele. Likewise tribesmen from the division all the time are coming into Popovo with plans for a settlement."

Houlton Men in Accident.

Messrs. Jerry Linehan and Leo Callnan while coming from Presque Isle in a Buick runabout, early Thursday morning met with an accident from which they miraculously escaped serious injury, as it was, both were badly bruised, while Mr. Callnan who was caught under the car may be hurt internally.

The spill happened on a piece of road this side of Blaine that on Wednesday had received a new coat of fine gravel and on striking this piece of road the car which was travelling about 20 miles an hour suddenly skidded, overturning it several times.

Mr. Linehan was thrown clear of the wreckage and escaped with a bad shaking up and some bad head bruises.

J. J. McCaffrey, appointed by Sir Wilfrid Laurier as a member of the board of selection for New Brunswick under the Military Service Act, has been notified by Premier Borden to report at Ottawa to attend a meeting of the board in the House of Commons on Sept 24th.

Bequest to Mrs. R. G. Allen

The first seaman's will admitted in many years to probate as such, without the usually required proof of witnesses, was that of Albert L. Prince, chief engineer of the S. S. Moresby. This will has been admitted to probate by H. O. McInerney, judge of probate for the city and county of St. John, on the application of Mr. F. B. Carvell, K. C., M. P., and Mr. W. A. Ewing, K. C., acting for Mrs. Flora Allen, wife of Robert G. Allen, of Woodstock, N. B., Mrs. Allen being a sister of the late Mr. Prince. The S. S. Moresby was on a voyage from Hong Kong to Dunkirk and was torpedoed about three days out of Port Said. The will was written by the deceased, on board ship on

November 14, 1916, and the ship was torpedoed on November 28, 1916. Advice from the Board of Trade, London, gave information that Mr Prince had not survived. The handwriting of the deceased was duly proved by witness who knew his handwriting well. His entire estate amounts to about \$4,000 and was left to his sister, Mrs. Allen, to whom administration with the will annexed was granted.

Wifely Faith.

Colonel Henry L. Cousins of the secret service department said in Milwaukee, where he was investigating a German plot:

"Why, even the defense of these fellows is suspicious. It made me think of a young woman I used to know."

"Colonel Cousins," she said to me one evening, with a glad light in her eyes, "I'm sure my husband doesn't drink."

"Are you sure, madam?" said I. "Hurray!"

"Yes, she said: he's only got one bad habit. He's always chewing cloves."

The Game Season.

The open season for moose, caribou, deer, as well as all kinds of feathered game, opened on Saturday last and continues until November 30th. Early on Saturday Ollie Daveport of Northampton, arrived in town with a moose, and Jap Blake with a deer. The legislature last session reduced the price of local licenses from three dollars to two dollars. Owing to the scarcity and high price of meat the hunting of big game is likely to be quite a popular pastime with local sports the coming season.

CURING SKIN TROUBLES

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritation that a word of advice is necessary. It is a great mistake for such sufferers and those with bad complexions to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and their condition actually becomes worse.

When there are pimples or eruptions, or an irritating or itching rash, a soothing boracic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will persist until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and that this new blood attacks the impurities that give rise to skin troubles and disperses them; so that Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way.

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure diseases that arise from impure blood.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.
