Sergeant Bull Missing

Miss Neales received official notification this week, that her nephew, Charles H. Bull who went overseas with the 55th N. B. Battalion a little over a year ago, has been reported missing since April 9th. Sergeant Bull was a lieutenant and gave up the commission and enlisted in the ranks in order to get overseas. Further news is anxiously awaited by his relatives and friends in Woodstock and also by his wife who was Miss Dorothy Wandless, of Fredericton and who has been staying in Fredericton with her family since her husband went overseas.

Cranbrook Officer Reported Wounded

(Cranbrook Daily News.)

Cranbrook, B. C., April 8.—A cable was received here March 31, conveying the intelligence that Lieut. Sperry S. Phillips had been wounded and taken to a base hospital. Another cable was received on April 6 containing additional particulars that Lieut. Phillips was in No. 9 Red Cross hospital at Calais, with gunshot wounds in both legs and one eye (the right one) severely wounded with shrapnel.

Lieut. Phillips was one of the Cranbrook boys who with four others from the Imperial Bank of Canada enlisted as a private in the East Kootenay 54th battalion, April, 1915. He and his brother, Eugene Phillips, who enlisted in the 196th University battalion, went to England as privates.

Lieut. S. S. Phillips was attached to the 8th East Kent regiment, commonly called the Buffs, having obtained his commission in that regiment; his brother, Eugene Phillips, is now a lieutenant in the 5th reserve battalion now at Bramshott, waiting orders for the front.

Both brothers are sons of C. H. Phillips of this town.

Of the original five who enlisted with Lieut. Phillips from the Imperial bank in the 54th battalion, this leaves only two unwounded, as Lieut. Bourne has been killed and Lieut. Smith wounded.

Gordon McBride

Mrs. H. C. Dalling received a telegram Tuesday that Gordon, 10 years old, the only son of Lee McBride, of Butte, Mont., died on Monday, the funeral to be held on Wednesday. Lee McBride and his wife, formerly Miss Annie Wilson, are both natives of this county.

More German Plots

(St. John Globe)

Announcement comes from Washington of the discovery of full details of a German plot to inaugurate a series of revolutions in the Central American republics. The purpose was to create troubles for the United States government and thereby interfere with the shipment of food and munitions to the Entente Allies and the development of American war preparations. The plot was discovered by the President of Guatemala, who promptly informed the Washington government of what was afoot. The German representative to one of the American republics was the real head of the project, which, like the effort to arouse Mexico to action and to stir up trouble in Cuba was financed with German gold. The danger of a Mexican outbreak is by no means over, and German agents are still trying to stir up further trouble in Cuba and in other sections of Central and South America. Fortunately the leaders in these activities are now so well known and so carefully watched that Mexico is about the only real danger spot. Carranza is undoubtedly giving ear to the Germans, but the presence on the Mexican frontier of well armed American troops and the organization of larger forces for overseas are a menace not lightly to be regarded.

NERVOUS DISEASES
IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than any other time, a blood-making, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to weak, tired and depressed men, women and children.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Conscription The
Issue of The Hour

Washington, April 21.—Debate on the administration army bill providing for selective conscription began in the Senate to day with friends and opponents lining up for the impending fight over the draft and volunteer plans. Administration leaders are determined to press the bill for final disposition and expressed confidence that it would pass with a safe majority. The military committee in voting to report the bill to the Senate stood ten to seven in favor of the selective draft system.

W. E. STONE

Who has been manager of the N. B. Telephone here for the past twelve years, when the system was taken over from H. V. Dalling, who had the office in his store.

Under Mr. Stone's management the system has steadily grown until to-day almost every household has a telephone installed. Mr. Stone has always been courteous to the patrons of the company and to the public generally, and is held in high esteem by the citizens of Woodstock.
