March Weather  
Rheumatic Weather

Victims Can Cure Themselves  
With Dr. Williams' Pink Pills

With the coming of March people who are afflicted with rheumatism begin to have unpleasant reminders of their trouble. The weather is changeable—balmy and springlike one day, raw, cold and piercing the next. It is such sudden changes of weather that sets the pangs and tortures of rheumatism, lumbago and sciatica going. But it must be borne in mind that although weather conditions start the pains, the trouble is deeply rooted in the blood, and can only be cured through the blood. All the lotions and liniments in the world can't cure rheumatism. Rubbing may seem to ease the pain while you are rubbing, but there its value ends. Only through the blood can you cure rheumatism. That's why Dr. Williams' Pink Pills have so many thousands of cures of this trouble to their credit. The new, rich blood which they actually make drives out the poisonous acid and rheumatism is vanquished. Among many sufferers from rheumatism who have been cured by this medicine is Mr. C. H. McGee freight shed foreman for the G. T. R. at Peterboro, who says:—"In the course of my work I am naturally exposed to all kinds of weather, with the result that about two years ago I contracted rheumatism which settled in my legs. At times I could scarcely walk, and often had to quit my day's work owing to the stiffness and the pain. I tried different remedies without getting any help until I began the use of Dr. Williams' Pink Pills. I used six boxes of these and can say that I am about as well as ever I was. I still take the pills occasionally, and I hope that my experience may be of benefit to some other rheumatic sufferer."

If you suffer from rheumatism, or any other disease of the blood, begin to cure yourself to day with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Keep up the  
Food Supply  
and Help  
Make Victory  
Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
