of the Council, and discuss the matter with them, show them all the indexes and the condition they are in, and explain fully any details in connection with such a consolidation as appears to be a necessity, in order to keep the records so as to be convenient for those having need of access to them.

Trusting that this will meet with favor at the hands of the Council, I am,
Yours sincerely,
DONALD MUNRO.

The following were appointed to act with Mr. Munro: Couns. Smith, Phillips, Anderson.

A communication was read from Supt. of Immigration relative to jail expenses charged for undesirables.

Coun. Morgan moved, seconded by Coun. Gibson, in cases of this kind the jailer be instructed to bring bill to Council.

A communication from W. B. Bennett, Director General, was read and on motion of Coun. Smith, was received and placed on file.

A communication from the trustees of Carleton County Hospital was read: Woodstock, N. B., March 9th, 1916.

To the Warden and Councillors of Carleton County:

Sirs:— I am instructed by the Trustees of the Car. Co., L. P. Fisher Memorial Hos. to tender you their most hearty thanks for your generous gift of Fifty (\$50.00) dollars for purchase of a bed for the institution.

It is hoped that the very excellent example thus set by Warden Tracey and his council will be followed by their successors indefinitely.

Per order,
B. G. WALKER,

Ass. Sec.-Treas. Fisher Memorial Hos. The Warden asked that the members visit the hospital Wednesday afternoon in connection with the room and designate such room.

The secty treas as one of the hospital trustees, extended an invitation to the Council to visit the hospital. On motion the invitation was accepted.

Adjourned 2.30 Wednesday. Wednesday Jan. 17th.

Council met at 3 o'clock.

The report of the Scott Act Committee was read and adopted.

The committee appointed to examine the Scott Act accounts, beg to submit the following report:—

We have carefully examined the accounts and vouchers handed us by the Inspector, and find them correct and satisfactory. Voucher for account No 19 has not been receipted, and we suggest that it be returned to the proper source for signature and filed on its return.

We view with satisfaction the conduct of affairs in our County, and commend that the present Inspector be retained at a salary of \$500 per annum as received last year.

Should the Canada Temperance Act be repealed in this County before the close of the ensuing year, we recommend that the Inspector receive his salary at the rate of \$500.00 per annum, monthly, for the period his services are required.

Signed
E. C. MORGAN, Chairman.
W. E. FLEMMING
ALEXANDER BELL.

Coun. Perry seconded by Coun. Kinney, moved amendment that Inspector's salary be \$400 per annum. It was not \$500 last year, said Coun. Perry. It was \$400 and \$100 was given as a bonus. We have always paid \$400 and last year Mr. McLean got a bonus for good work. The Inspector has not put forth any extra efforts. With the immense

amount of money for many purposes this year it is wise to curtail expenses.

Coun. Kinney—Taxes are creeping up—the war must be carried on and every member will be proud to do his share. I find that Mr. McLean will be willing to give that extra \$100 to help the boys at the front. Mr. McLean has done good work.

Coun. Morgan—Sorry that some councillors want this salary reduced. The committee looked into matter carefully.

The original motion, [salary be \$500], was carried.

The building Committee reported as follows.

I, Chairman of building Committee, beg leave to report the following:

Expenditure on Gaol for year, 1916,	
W. F. Dibblee, Coal	\$216 25
H. W. Bourne, for Water Rates	34 79
Electric Light & Railway Co	56 11

Annual Report U. B. Church

The annual meeting of the United Baptist Church was held in the church vestry, Wednesday evening, Jan. 11, were very encouraging reports. The pastor, Rev. F. L. Orchard, reported, regarding his activities for the year and recommended that the church formally endorse the "Five Year Programme" of the Convention. This programme commits the denomination to four goals, Evangelistic, Educational, Financial and Social.

The different departments of the church reporting through the treasurers indicate that the total receipts for the year had been \$4889.51, of which about one thousand dollars were used for the benevolent work, and eight hundred for the principal of the building fund.

The S. S. attendance showed a slight increase over last year and the Women's Missionary Aid Society, the Young People's Society and the Mission Band each had encouraging reports.

The Finance Committee presented a budget for the ensuing year for \$4200, which was unanimously approved.

The officers and committee were then appointed and the meeting adjourned with a prayer for thanksgiving for the past and guidance for the future.

The Town Elections

The annual town elections were held on Monday, January 15, and were keenly contested. Some 400 votes were polled, about 63 more than last year. Many names were left off the list, owing to the non payment of taxes. H. E. Burt was elected mayor over Coun. Thomas C. Nodden by 206 to 171. The latter carried Wellington ward by 20 votes but the business section, by 55 votes, went in favor of Mr. Burt.

Coun. H. T. Stevens led the poll, as he did last year, with 309 votes, as against 237 which he polled last year. He and Joseph Fewer were elected for two years and there is a tie between Couns. Smith and Leighton for a two year term. Mr. Fewer and W. Herbert Flemming the "solid south" representatives, who were defeated last year, came back strong and both were elected.

Six councillors are entitled to hold seats at the board and there is a tie as between Couns. Stairs and Fisher for the sixth position. The law on that point is being considered, but probably nothing will be done until the first meeting of the new council.

In the following table, the first two columns are for Wellington ward, the last two north of the bridge:—

Mayor	A. L. M. Z.	A. L. M. Z.		
H. E. Burt	37	31	75	63-206
T. C. Nodden	58	30	48	35-171
Councillors				
H. T. Stevens	65	40	110	85-300
Jos. Fewer	73	50	97	72-292
W. M. Smith	69	49	76	76-291
J. S. Leighton	70	41	100	80-291
H. Flemming	67	44	80	65-256
J. H. Stairs	60	36	77	63-236
I. W. Fisher	48	31	93	64-236

**Australia and New Zealand
Will Never Be Satisfied to
Give Back German Islands
in Pacific**

London, Jan. 27.—Addressing a meeting of Australasians in London last night, Sir Joseph G. Ward, Minister of Finance of New Zealand, said he regret

GinPills
FOR THE KIDNEYS

**WHAT THE KIDNEYS
ARE RESPONSIBLE FOR**

The function of the kidneys is to purify the blood. Every three minutes, the entire blood stream passes through the kidneys and is relieved of its impurities by these busy organs. When the kidneys fail in their work, poison accumulates in the blood—pains are felt in the back, the head aches, the urinary system is deranged, the joints and ankles are apt to swell and there is grave danger of rheumatism, sciatica, and lumbago.

Gin Pills restore the kidneys to their normal activity, and should be taken as soon as any of the symptoms indicated above are felt. Gin Pills soothe and heal the kidneys. Don't neglect kidney trouble—you will only suffer needless pain.

All druggists sell Gin Pills—50c. a box, or 6 boxes for \$2.50. A sample will be sent free upon request to

NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED

ted that the Entente Allies, in reply to President Wilson's suggestions concerning peace, did not refer to the islands in the Pacific, which he declared Australia and New Zealand were determined should never be restored to Germany.

Sir Joseph said the fate of the German colonies and sea power were matters of vital importance to Australasia. They had strong feelings concerning the restoration of the German colonies, and did not want German bases at Australasia's "back door" again.

"Bound Feet" Began

According to Chinese history, the custom of small feet among the females of China originated several centuries back, when a large party of women rose against the Government, and tried to overthrow it. To prevent the recurrence of such an event the use of wooden shoes so small as to disable them from making any effective use of their feet was enforced on all female infants.

Valuable Accessories

An extra electric horn or light fuse is a very valuable accessory to the supply kit of the modern motorist. It is an easy matter to install a new fuse, but a very difficult matter to improve one. A piece of copper wire may do temporarily, but when the fuse box is not very accessible it is not a very pleasant job.

From France comes a new perpetual calendar by which can be determined without calculation the weekday on which any date has fallen or will fall.

Gear wheels and ratchet mechanism connected to new shears for barbers make the blades open and close twice each time the handles are pressed together.

A machine to sterilize table ware in hotels and restaurants by electricity has been invented by a Frenchman.

Don't throw ashes against wooden fences or buildings.

Don't use an open light when looking for escaping gas.

A CIVIC ALPHABET

- 1—Abandon the care of your back yard and you pave the way for typhoid fever.
- 2—Better observe "Clean-up Day" than have cause for regret.
- 3—Civic improvement calls for the best effort of humanity.
- 4—Do your work well and disregard the critic.
- 5—Educate persons not to throw paper or trash on the street, but to place it in receptacles.
- 6—The prevention saves life and property.
- 7—Good roads will add materially to the prosperity of your town.
- 8—Hearty co-operation of citizens and club members in work undertaken will obtain wonderful results.
- 9—Improve schoolhouses and grounds so they will be attractive to both children and citizens.
- 10—Keep City Improvement Clubs busy and active.
- 11—Eliminate the unsightly litter board and continue to knock.
- 12—Plant a concrete curb for the beauty of the street.
- 13—Make your club a factor in your town's life.
- 14—Never say quit when it is a question of health and beauty for your home town.
- 15—Go on with honesty, cleanliness, and health.
- 16—Trust, pull, and perseverance will make your town a model.
- 17—Don't criticize and begin working.
- 18—Request the city authorities to enforce the sanitary laws.
- 19—See that your promises are above criticism.
- 20—The City Council Districts become germ breeders; banish them from your town.
- 21—Use every effort to have all catchables that are exposed for sale removed.
- 22—Vices and roses will beautify your premises.
- 23—Wage war on flies, mosquitoes, and weeds, for they carry and cause disease.
- 24—Keep help from every person in the efforts to make the town sanitary.
- 25—You are responsible for the appearance of one part of your town. Don't forget that.
- 26—Zest exhibited at the annual clean-up day will put your town in a sanitary condition.

LIFE OF A DROVER

Driving Cattle One Thousand Miles no Sinecure

To take a mob of a thousand fat steers over a thousand miles of all sorts of country, and bring them into market in prime condition, is a business involving a great deal of responsibility and care, for, although cattle are generally traveled at the owner's risk, of course the drover's reputation depends upon the order in which his cattle reach the end of the journey. A good drover is always in requisition, and the wages of a head man in charge of a mob are generally about \$20 a week. It is a dog's life, too, a drover's. From daylight to dark he is on horseback, exposed to all kinds of weather, crawling along behind his cattle at the slowest possible rate that is consistent with moving at all. He averages between four and five miles a day on a long journey. It is as fast as his cattle ought to travel. Every day the man in charge goes ahead of the mob to pick a place for them to camp at night. Water, of course, is a sine qua non, and he must have reliable information as to the state of the road for a hundred miles ahead of him, or he will get his cattle into a terrible fix. Every night the cattle have to be rounded up, and watched on the camp the whole night long. A drover never gets more than four hours' sleep at a stretch, and he is lucky if he can get that for the first month his cattle are on the road.—Farmer's Advocate.
