Daniel Whalen

A telegram was received last week announcing the death on the battle fields of Daniel Whalen, son of Mr. and Mrs. John Whalen, Gunner Whalen, who was 26 years of age, left here with the first draft of the 65th Battery. A brother, Ed. Whalen is also a member of the same Battery.

The telegram announced that he was killed on August 10th. To the family the deepest sympathy is expressed, and they have the satisfaction of knowing that the young man, after the discomfort and inconvenience of the training season, after crossing the channel and taking his place in the line of men who are now driving the Huns back from Calais, has by making the supreme sacrifice, honored himself and the name he bears. Requisite in page.

In announcing, on Sunday, a requiem mass to be held on (Tuesday) morning for the repose of the soul of deceased, Rev. J. J. Ryan said that Daniel Whalen was a very religious young man. In his last letter to his mother he asked her to pray for him that he might be kept pure in heart until God called him. That has been done, and "the place that knew him once will know him no more."

Guy Lister

Very deep sympathy is extended by the community to Mr. and Mrs. N. D. Lister in the death of their son, Guy, who, on July 31st, was accidentally killed in England. A telegram on Wednesday conveyed the sad news but no particulars have yet been received. He went from here last March with a draft from the 65th Batt. He was 28 years of age, spent all his life here where he was known far and wide and universally liked for his manly spirit. All will regret to know that he is never to come back to his home town. Besides his parents he is survived by one brother Wilnot who is with the American army in France.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the summer months than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach disorders, come without warning and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the home, where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles or if the trouble comes suddenly the prompt use of the Tablets will cure the baby. Mrs. Chas. Anderson, Minna, Alta., says:—"Baby's Own Tablets are the best medicine for little ones who are suffering from stomach troubles. They cured my baby and have made her a fine healthy girl." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Capt Robert Campbell

Many persons in Woodstock will regret to hear the sad news of the death of Capt Robert Campbell, which was conveyed in a telegram on Monday to his brother Mr. Grover Campbell. Capt. Campbell was holding a good position in the United States when the war broke out and a short time thereafter came to Canada and took a course in Halifax, qualifying him for Lieutenant. He spent a summer in Woodstock with the 55th Battalion and went overseas with that unit, being later transferred to the 26th Battalion with which regiment he was serving when the summons came. He took part in the battles of Vimy Ridge and Hill 70, and was mentioned in the despatches for bravery under fire. He was 27 months in France and received his Captain's Commission early this year. He had been on the firing line about a month after a short furlough in England. His death took place August 8th.

He is survived by his father, Mr. Charles Campbell of Richmond, two brothers, Clifford of the United States, and Grover of Woodstock, and one sister, Mrs. Raymond Gabel, of this town.

He reached England in October, 1916, when he was drafted to the 26th Battalion. In the Battle of Lens, August 1917, he suffered from shrapnel wounds but was only off duty for a short time. This lad was only 15 years of age when he enlisted.

John A Orser

The Candy Army

(New York Time)

"Sixty thousand men are engaged in making candy in the New England States."
Sixty thousand men are making candy— Spending so their muscle, skill and speed.
Using so the fuel and the labor
All the farms and all the factories need;
Can't they sense the vastness of the hour?
Can't they hear their brothers calling "Come!"
Sixty thousand men just making candy— And as many more just raking gum!
Sixty thousand men still making candy— While the streams of France are running red;
Using so the flour and the sugar
While the starving millions ask for bread;
Dabbling with the nuts and creams and chocolates,
While the tribes of earth have come to grips;
Lipping glass fruits and shaping fondant,
When they might be making shoes or ships.
Sixty thousand men—a good sized army—
Making candy on the brink of hell;
Filling bombon dishes for their country when they might be filling bombs and shells;
Wrapping caramels and packing nougat, wasting strength on puffing tasks like these,
While the mad Hun, drunk with blood and slaughter,
Beats the little nations to their knees.
Sixty thousand men still making candy— Wake up youths and maidens!—do your share;
Men are wounded, mutilated, blinded, Men are dying for you, "over there." Suffering? We have not glimpsed its meaning!
Sacrifice? We do not know its name! Hunger? We have never felt its gnawing;
We are eating candy, to our shame.
Sixty thousand men just making candy, In this world of misery and woe! Can't we lessen luxuries a trifle! Can't we let our little likings go? Can't we see the vision and the struggle?
Can't we hear the nation's crying, "Come!"
O America, stop eating candy!
O America, quit chewing gum!
Annie Johnson Flint.

It was finally agreed that a Committee of twelve men composed of six Railway Officials and six from the Employees be formed and known as the Canadian War Board and to sit in Montreal to discuss any questions that may arise. We are pleased to note that one of our townsmen Mr. W. Dorey was elected to represent the Maintainance of Way Employees. Mr. Dorey has a wide experience in Labor matters having been General Chairman for the above named employees since 1902, and has always given good satisfaction as such, due to his frank manner in which he has handled matters in dispute and fearlessly given rulings regardless of petty feelings.
