Dealers Fined For Negligence

Moncton, N. B., Feb. 8.—The inland revenue department, through Inspector Kelly, is making strenuous efforts to enforce the wat tax stamp being affixed to patent medicines sold by grocers and others. A certain amount of looseness the department charges is prevalent. In Moncton city recently no less than ten dealers were fined for negligence in this respect. This week Inspector Kelly visited the county of Albert and in the little town of Hillsboro five dealers were brought up and fined \$10 each for a similar negligence.

THE AFTER EFFECTS OF LAGRIFFE

Often Worse Than the Disease Itself—Victims Left Weak, and Nervous and Worn Out

La Grippe—the name by which in fluenza is most generally known—is a disease prevalent throughout Canada during the winter and spring months. Anyone who has felt its pangs is not likely to forget the trouble. La grippe starts with a slight cold—and ends with a complication of troubles. It lays the strong man on his back, it tortures him with fevers and chills headaches and backaches. It leaves him a prey to pneumonia, bronchitis, consumption and other deadly diseases. In fact its after effects are more serious than the trouble itself. You can avoid la grippe and winter colds by keeping your blood rich and red by the occasional use of Dr. Williams' Pink Pills. If you have not done this and the disease lays you low, you can banish all its evil after effects by this same great blood-building, nerve restoring medicine. This has been proved in thousands of cases throughout Canada by la grippe victims who have been made well and strong through the use of Dr. Williams' Pink Pills. Among the cured is Miss Irene Bootes, Portsmouth, Ont., who writes: "I take much pleasure in recommending Dr. Williams' Pink Pills, because I have proved their worth in my own case. Last winter I had a severe attack of la grippe and it left me weak and all run down. I had severe pains in the chest and under the arms, palpitation of the heart and attacks of neuralgia which left me with the feeling that life was scarcely worth living. I was taking doctor's medicine, but it did not help me and I was much discouraged. I was advised to try Dr. Williams' Pink Pills and began their use on the principle that I would try anything that might better my condition. I had only been using the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved, and in a little more than a month, I felt all my old time vigor had returned. I am sincerely glad I was persuaded to try Dr. Williams' Pink Pills, and I shall always have a good word to say for them."

Dr. Williams' Pink Pills not only cure the disastrous after effects of la grippe, but are also a specific for all these troubles due to poor blood, such as anaemia, rheumatism, indigestion, women's ailments, and the generally worn out feeling that affects so many people. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
